

City of Santa Barbara California

CITY OF SANTA BARBARA PLANNING COMMISSION

RESOLUTION NO. 021-06

1009 DEL SOL AVENUE

TENTATIVE SUBDIVISION MAP, OPEN YARD MODIFICATION,

COASTAL DEVELOPMENT PERMIT

JUNE 1, 2006

APPLICATION OF SHAWN DIRKSEN, OWNER, 1009 DEL SOL AVENUE, APN 045-047-001, R-2/S-D-3 TWO-FAMILY RESIDENCE AND COASTAL OVERLAY ZONES, GENERAL PLAN DESIGNATION: RESIDENTIAL, FIVE UNITS PER ACRE (MST2005-00132)

The project consists of the demolition of a single-family residence and garage and the construction of two new three-bedroom condominium units within a two-story duplex on a 6,000 square foot lot in the non-appealable jurisdiction of the Coastal Zone. The units would be 1,440 square feet and 1,493 square feet and four parking spaces would be provided within two attached two-car garages.

The discretionary applications required for this project are:

1. A Modification to allow the required open yard to be located within the front yard (SBMC §28.18.060);
2. A Tentative Map to create a one-lot subdivision with two new residential condominiums (SBMC §27.07 and 27.13); and
3. A Coastal Development Permit to subdivide a residential parcel in the non-appealable jurisdiction of the Coastal Zone (SBMC §28.45.009).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Sections 15303 and 15315.

WHEREAS, the Planning Commission has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, no one appeared to speak in favor of the application, and no one appeared to speak in opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, May 25, 2006
2. Site Plans
3. Correspondence received in opposition to the project:
 - a. Anna Matan, 318 Ocean Avenue, SB, CA 93109
 - b. John Beardsmore, 1751 Overlook Lane, SB, CA 93103

NOW, THEREFORE BE IT RESOLVED that the City Planning Commission:

I. Approved the subject application making the following findings and determinations:

A. Open Yard Modification (SBMC §28.18.060)

A modification to allow a portion of the open yard area to be located within the front yard is consistent with the purposes and intent of the Zoning Ordinance and necessary to prevent an unreasonable hardship to a small corner lot that is required to provide 20' setback on two street frontages.

B. The Tentative Map (SBMC §27.07.100)

The Tentative Subdivision Map is consistent with the General Plan and the Zoning Ordinance of the City of Santa Barbara. The site is physically suitable for the proposed development, the project is consistent with the density provisions of the Municipal Code and the General Plan, and the proposed use is consistent with the vision for this neighborhood of the General Plan. The design of the project will not cause substantial environmental damage, and associated improvements will not cause serious public health problems.

C. The New Condominium Development (SBMC §27.13.080)

1. There is compliance with all provisions of the City's Condominium Ordinance.
2. The project complies with density requirements. Each unit includes laundry facilities, separate utility metering, adequate unit size and storage space (garages provided for each unit), and the required private outdoor living space.
3. The proposed development is consistent with the General Plan of the City of Santa Barbara.
4. The project can be found consistent with policies of the City's General Plan including the Housing Element, Conservation Element, and Land Use Element. The project will provide infill residential development that is compatible with the surrounding neighborhood.
5. The proposed development is consistent with the principles of sound community planning and will not have an adverse impact upon the neighborhood's aesthetics, parks, streets, traffic, parking and other community facilities and resources.
6. The project is an infill residential project proposed in an area where residential development is a permitted use. The project is adequately served by public streets, will provide adequate parking to meet the demands of the project and will not result in traffic impacts. The design has been reviewed by the City's design review board, which found the architecture and site design appropriate.

D. Coastal Development Permit (SBMC §28.45.009)

1. The project is consistent with the policies of the California Coastal Act.

2. The project is consistent with all applicable policies of the City's Local Coastal Plan, all applicable implementing guidelines, and all applicable provisions of the Code.
3. The project is consistent with the Chapter 3 (commencing with Section 30200) Policies of the Coastal Act regarding public access and public recreation.

II. Said approval is subject to the following conditions:

- A. **Recorded Agreement.** Prior to the issuance of any Public Works permit or Building permit for the project on the Real Property, the Owner shall execute an "Agreement Relating to Subdivision Map Conditions Imposed on Real Property", which shall be reviewed as to form and content by the City Attorney, Community Development Director and Public Works Director, recorded in the Office of the County Recorder, and shall include the following:
 1. **Uninterrupted Water Flow.** The Owner shall provide for the uninterrupted flow of water through the Real Property including, but not limited to, swales, natural water courses, conduits and any access road, as appropriate. The Owner is responsible for the adequacy of any project-related drainage facilities and for the continued maintenance thereof in a manner that will preclude any hazard to life, health or damage to the Real Property or any adjoining property.
 2. **Recreational Vehicle Storage Prohibition.** No recreational vehicles, boats or trailers shall be stored on the Real Property.
 3. **Landscape Plan Compliance.** The Owner shall comply with the Landscape Plan approved by the Architectural Board of Review (ABR). Such plan shall not be modified unless prior written approval is obtained from the ABR. The landscaping on the Real Property shall be provided and maintained in accordance with said landscape plan.
 4. **Approved Development.** The development of the Real Property approved by the Planning Commission on June 1, 2006 is limited to two (2) dwelling units and the improvements shown on the Tentative Subdivision Map signed by the chairman of the Planning Commission on said date and on file at the City of Santa Barbara.
 5. **Required Private Covenants.** The Owners shall record in the official records of Santa Barbara County either private covenants, a reciprocal easement agreement, or a similar agreement which, among other things, shall provide for all of the following:
 - a. **Common Area Maintenance.** An express method for the appropriate and regular maintenance of the common areas, common access ways, common utilities and other similar shared or common facilities or improvements of the development, which methodology shall also provide for an appropriate cost-sharing of such regular maintenance among the various owners of the condominium parcels.

- b. **Garages Available for Parking.** A covenant that includes a requirement that all garages be kept open and available for the parking of vehicles in the manner for which the parking areas were designed and permitted.
 - c. **Landscape Maintenance.** A covenant that provides that the landscaping shown on the approved Landscaping Plan shall be maintained and preserved at all times in accordance with the Plan.
 - d. **Trash and Recycling.** Adequate space shall be provided and maintained for trash and recycling purposes.
 - e. **Covenant Enforcement.** A covenant that permits each owner to contractually enforce the terms of the private covenants, reciprocal easement agreement, or similar agreement required by this condition.
6. **Lighting.** Exterior lighting, where provided, shall be consistent with the City's Lighting Ordinance and most currently adopted Energy Code. No floodlights shall be allowed. Exterior lighting shall be shielded and directed toward the ground.
7. **Street Tree Protection.** The street tree(s) within the City's right-of-way shall be preserved and protected unless specifically approved for removal by the Park and Recreation Director or Park and Recreation Commission on appeal.
8. **Storm Water Pollution Control Systems Maintenance.** The Owner(s) shall maintain the drainage system, storm drain water interceptor and other storm water pollution control devices in accordance with the Operations and Maintenance Procedure Plan approved by the Building Official and/or the City Engineer.
- B. **Design Review.** The following is subject to the review and approval of the Architectural Board of Review (ABR):
1. **Plate Heights.** The first floor plate heights shall be a maximum of 9' as long as the solar ordinance requirements are met.
 2. **Lighting.** Exterior lighting, where provided, shall be consistent with the City's Lighting Ordinance. No floodlights shall be allowed. Exterior lighting shall be shielded and directed toward the ground.
 3. **Screened Check Valve/Backflow.** The check valve or anti-backflow devices for fire sprinkler and/or irrigation systems shall be provided in a location screened from public view or included in the exterior wall of the building.
- C. **Public Works Submittal Prior to Parcel Map Approval.** The Owner shall submit the following, or evidence of completion of the following, to the Public Works Department for review and approval, prior to processing the approval of the Parcel Map for the project:

1. **Parcel Map.** The Owner shall submit to the Public Works Department for approval, a Parcel Map prepared by a licensed land surveyor or registered Civil Engineer. The Parcel Map shall conform to the requirements of the City Survey Control Ordinance.
 2. **Water Rights Assignment Agreement.** The Owner shall assign to the City of Santa Barbara the exclusive right to extract ground water from under the Real Property. Said agreement will be prepared by Engineering Division Staff for the Owner's signature.
 3. **Required Private Covenants.** The Owner shall submit a copy of the recorded private covenants, reciprocal easement agreement, or similar private agreements required for the project.
 4. **Off-Site Public Street Improvement Plans.** The Owner shall submit building plans for construction of improvements along the subject property road frontage on Del Sol Avenue. As determined by the Public Works Department, the improvements shall include new, and/or remove and replace to City standards, the following: sidewalk, two driveway aprons modified to meet Title 24 requirements, access ramp at Del Sol and Oceano Avenues, apply crack seal to the centerline of the street along entire subject property frontage, underground service utilities, connection to City water and sewer mains, drainage system, supply and install one residential standard street light style determined by Public Works and ABR, coordinate with City staff to retire light standard on existing utility pole, preserve and/or reset survey monuments, drought-tolerant parkway landscaping, street trees, and provide adequate positive drainage from site. Existing private sewer lateral(s) serving the property shall be repaired before new dwelling(s) is occupied. Any existing sewer lateral(s) identified to be abandoned, shall be disconnected at the sewer mainline connection. A licensed plumber shall verify if the property requires a backwater valve. If existing lateral already has a backwater valve, then it shall be inspected. The building plans shall be prepared by a registered civil engineer or licensed architect and reviewed and signed by the City Engineer.
- D. **Public Works Requirements Prior to Building Permit Issuance.** The Owner shall submit the following, or evidence of completion of the following to the Public Works Department for review and approval, prior to the issuance of a Building Permit for the project.
1. **Recordation of Parcel Map and Concurrent Agreements.** After City Council approval, the Owner shall provide evidence of recordation to the Public Works Department.
 2. **Approved Public Improvement Plans and Concurrent Issuance of Public Works Permit.** Upon acceptance of the approved public improvement plans, a Public Works permit shall be issued concurrently with a Building permit.

- E. **Community Development Requirements Prior to Building or Public Works Permit Application/Issuance.** The following shall be finalized prior to, and/or submitted with, the application for any Building or Public Works permit:
1. **Contractor and Subcontractor Notification.** The Owner shall notify in writing all contractors and subcontractors of the site rules, restrictions and Conditions of Approval. Submit a copy of the notice to the Planning Division.
 2. **Soils Report.** Submit to the Building and Safety Division a soils report.
 3. **Final Planning Commission Resolution Submittal.** The final Planning Commission Resolution shall be submitted, indicating how each condition is met with drawing sheet and/or note references to verify condition compliance. If the condition relates to a document submittal, describe the status of the submittal (e.g., Parcel Map submitted to Public Works Department for review), and attach documents as appropriate.
- F. **Building Permit Plan Requirements.** The following requirements/notes shall be incorporated into the construction plans submitted to the Building and Safety Division for Building permits.
1. **Design Review Requirements.** Plans shall show all design, landscape and tree protection elements, as approved by the Architectural Board of Review, outlined in Section B above.
 2. **Trash Enclosure Provision.** A trash enclosure with adequate area for recycling containers shall be provided on the Real Property and screened from view from surrounding properties and the street.
 3. **Utilities.** Provide individual water, electricity, and gas meters, and sewer lateral for each residential unit. Service lines for each unit shall be separate until a point five feet (5') outside the building.
 4. **Water-Conserving Fixtures.** All plumbing fixtures shall be water-conserving devices in new construction, subject to the approval of the Water Resources Management Staff.
 5. **Conditions on Plans/Signatures.** The final Planning Commission Resolution shall be provided on a full size drawing sheet as part of the drawing sets. Each condition shall have a sheet and/or note reference to verify condition compliance. If the condition relates to a document submittal, indicate the status of the submittal (e.g., Parcel Map submitted to Public Works Department for review). A statement shall also be placed on the above sheet as follows: The undersigned have read and understand the above conditions, and agree to abide by any and all conditions which is their usual and customary responsibility to perform, and which are within their authority to perform.

Signed:

Property Owner		Date
Contractor	Date	License No.
Architect	Date	License No.
Engineer	Date	License No.

G. Construction Implementation Requirements. All of these construction requirements shall be carried out in the field for the duration of the project construction.

1. **Demolition/Construction Materials Recycling.** Recycling and/or reuse of demolition/construction materials shall be carried out to the extent feasible, and containers shall be provided on site for that purpose, in order to minimize construction-generated waste conveyed to the landfill.
2. **Construction-Related Truck Trips.** Construction-related truck trips shall not be scheduled during peak hours (7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m.). The purpose of this condition is to help reduce truck traffic on adjacent streets and roadways.
3. **Construction Hours.** Construction (including preparation for construction work) is prohibited Monday through Friday before 7:00 a.m. and after 5:00 p.m., and all day on Saturdays, Sundays and holidays observed by the City of Santa Barbara, as shown below:

New Year's Day	January 1 st *
Martin Luther King's Birthday.....	3 rd Monday in January
Presidents' Day.....	3 rd Monday in February
Memorial Day.....	Last Monday in May
Independence Day	July 4 th *
Labor Day	1 st Monday in September
Thanksgiving Day	4 th Thursday in November
Following Thanksgiving Day.....	Friday following Thanksgiving Day
Christmas Day	December 25 th *

*When a holiday falls on a Saturday or Sunday, the preceding Friday or following Monday, respectively, shall be observed as a legal holiday.

When, based on required construction type or other appropriate reasons, it is necessary to do work outside the allowed construction hours, contractor shall contact the Chief of Building and Safety to request a waiver from the above construction hours, using the procedure outlined in Santa Barbara Municipal Code §9.16.015 Construction Work at Night. Contractor shall notify all

residents within 300 feet of the parcel of intent to carry out night construction a minimum of 48 hours prior to said construction. Said notification shall include what the work includes, the reason for the work, the duration of the proposed work and a contact number.

4. **Construction Parking/Storage.** Construction parking and storage shall be provided as follows:
 - a. During construction, free parking spaces for construction workers shall be provided on-site or off-site in a location subject to the approval of the Public Works Director.
 - b. Storage or staging of construction materials and equipment within the public right-of-way is prohibited.
5. **Water Sprinkling During Grading.** During site grading and transportation of fill materials, regular water sprinkling shall occur using reclaimed water whenever the Public Works Director determines that it is reasonably available. During clearing, grading, earth moving or excavation, sufficient quantities of water, through use of either water trucks or sprinkler systems, shall be applied to prevent dust from leaving the site. Each day, after construction activities cease, the entire area of disturbed soil shall be sufficiently moistened to create a crust.

Throughout construction, water trucks or sprinkler systems shall also be used to keep all areas of vehicle movement damp enough to prevent dust raised from leaving the site. At a minimum, this will include wetting down such areas in the late morning and after work is completed for the day. Increased watering frequency will be required whenever the wind speed exceeds 15 mph.
6. **Covered Truck Loads.** Trucks transporting fill material to and from the site shall be covered from the point of origin.
7. **Street Sweeping.** The property frontage and adjacent property frontages, and parking and staging areas at the construction site shall be swept daily to decrease sediment transport to the public storm drain system and dust.
8. **Construction Best Management Practices (BMPs).** Construction activities shall address water quality through the use of BMPs, as approved by the Building and Safety Division.
9. **Construction Contact Sign.** Immediately after Building permit issuance, signage shall be posted at the points of entry to the site that list the contractor(s) name, contractor(s) telephone number, work hours, site rules, and construction-related conditions, to assist Building Inspectors and Police Officers in the enforcement of the conditions of approval.
10. **Construction Equipment Maintenance.** All construction equipment, including trucks, shall be professionally maintained and fitted with standard manufacturers' muffler and silencing devices.

11. **Unanticipated Archaeological Resources Contractor Notification.** Prior to the start of any vegetation or paving removal, demolition, trenching or grading, contractors and construction personnel shall be alerted to the possibility of uncovering unanticipated subsurface archaeological features or artifacts associated with past human occupation of the parcel. If such archaeological resources are encountered or suspected, work shall be halted immediately, the City Environmental Analyst shall be notified and an archaeologist from the most current City Qualified Archaeologists List shall be retained by the applicant. The latter shall be employed to assess the nature, extent and significance of any discoveries and to develop appropriate management recommendations for archaeological resource treatment, which may include, but are not limited to, redirection of grading and/or excavation activities, consultation and/or monitoring with a Barbareño Chumash representative from the most current City qualified Barbareño Chumash Site Monitors List, etc.

If the discovery consists of possible human remains, the Santa Barbara County Coroner shall be contacted immediately. If the Coroner determines that the remains are Native American, the Coroner shall contact the California Native American Heritage Commission. A Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

If the discovery consists of possible prehistoric or Native American artifacts or materials, a Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

- H. **Prior to Certificate of Occupancy.** Prior to issuance of the Certificate of Occupancy, the Owner of the Real Property shall complete the following:
 1. **Repair Damaged Public Improvements.** Repair any damaged public improvements (curbs, gutters, sidewalks, etc., caused by construction) subject to the review and approval of the Public Works Department. Where tree roots are the cause of the damage, the roots shall be pruned under the direction of a qualified arborist.
 2. **Complete Public Improvements.** Public improvements, as shown in the improvement/building plans, including utility undergrounding and installation of street trees.
 3. **Backwater Valve.** Provide an approved backwater valve placed on the property side of consumer's service pursuant to Santa Barbara Municipal Code Section 14.20.120.

- I. **Litigation Indemnification Agreement.** In the event the Planning Commission approval of the Project is appealed to the City Council, Applicant/Owner hereby agrees to defend the City, its officers, employees, agents, consultants and independent contractors ("City's Agents") from any third party legal challenge to the City Council's denial of the appeal and approval of the Project, including, but not limited to, challenges filed pursuant to the California Environmental Quality Act (collectively "Claims"). Applicant/Owner further agrees to indemnify and hold harmless the City and the City's Agents from any award of attorney fees or court costs made in connection with any Claim.

Applicant/Owner shall execute a written agreement, in a form approved by the City Attorney, evidencing the foregoing commitments of defense and indemnification within thirty (30) days of the City Council denial of the appeal and approval of the Project. These commitments of defense and indemnification are material conditions of the approval of the Project. If Applicant/Owner fails to execute the required defense and indemnification agreement within the time allotted, the Project approval shall become null and void absent subsequent acceptance of the agreement by the City, which acceptance shall be within the City's sole and absolute discretion. Nothing contained in this condition shall prevent the City or the City's Agents from independently defending any Claim. If the City or the City's Agents decide to independently defend a Claim, the City and the City's Agents shall bear their own attorney fees, expenses and costs of that independent defense.

NOTICE OF COASTAL DEVELOPMENT PERMIT TIME LIMITS:

The Planning Commission's action approving the Coastal Development Permit shall expire two (2) years from the date of approval, per SBMC 28.45.009.q, unless:

1. Otherwise explicitly modified by conditions of approval of the development permit, or unless construction or use of the development has commenced.
2. A building permit for the work authorized by the coastal development permit is issued prior to the expiration date of the approval.
3. A one (1) year time extension may be granted by the Planning Commission if the construction authorized by the permit is being diligently pursued to completion and issuance of a Certificate of Occupancy. Not more than three (3) extensions may be granted.

NOTICE OF APPROVAL TIME LIMITS:

The Planning Commission's action approving the Tentative Map shall expire two (2) years from the date of approval. The subdivider may request an extension of this time period in accordance with Santa Barbara Municipal Code §27.07.110.

PLANNING COMMISSION RESOLUTION No. 021-06
1009 DEL SOL AVENUE
JUNE 1, 2006
PAGE 11

This motion was passed and adopted on the 1st day of June, 2006 by the Planning Commission of the City of Santa Barbara, by the following vote:

AYES: 6 NOES: 0 ABSTAIN: 0 ABSENT: 1 (Jostes)

I hereby certify that this Resolution correctly reflects the action taken by the City of Santa Barbara Planning Commission at its meeting of the above date.

 for Julie Rodriguez
Julie Rodriguez, Planning Commission Secretary

7-6-06
Date

THIS ACTION OF THE PLANNING COMMISSION CAN BE APPEALED TO THE CITY COUNCIL WITHIN TEN (10) DAYS AFTER THE DATE THE ACTION WAS TAKEN BY THE PLANNING COMMISSION.
