The project consists of the subdivision of an existing 11.51-acre lot located in large part (9.33 acres) within the County of Santa Barbara's Jurisdiction with the remainder portion (2.18 acres) falling under the City's Jurisdiction. The subdivision will result in two newly created parcels with Parcel 1 resulting in a 5.01-acre lot and Parcel 2, a 6.50-acre lot. Each of the lots will have portions of the lot crossing the jurisdictional boundaries into the City at the southerly end. The proposal outlines development envelopes, located entirely within the County, for the existing and the proposed development for each parcel. Parcel 1 is proposed with two development envelopes and Parcel 2 with one development envelope where the existing house will remain. There is an existing shed, on proposed Parcel 1, which is proposed to be demolished. The City portions of each lot are to remain undeveloped with the exception of the existing driveway. The Montecito Planning Commission reviewed this subdivision and granted its approval contingent on the City of Santa Barbara's review and approval.

The discretionary applications required for this project are:

1. A Modification to allow the creation of a lot without the required 100' feet of street frontage. (SBMC §28.15.080 and §28.92.110.A);
2. A Public Road Waiver (SBMC §22.60.300) to allow the creation of a new lot to be accessed via a private driveway serving more than two lots. (SBMC§ 27.08); and
3. A Tentative Subdivision Map to allow the division of one parcel(s) into two parcels (SBMC 27.07).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15315.

**IV. NEW ITEM:**

**APPLICATION OF B3 ARCHITECTS, AGENT FOR CLEO M. PURDY AND MICHAEL G. SCHMIDTCHEN, CO-TRUSTEES, 3885 AND 3887 STATE STREET, APN 051-022-012 AND 051-022-033, C-2/SD-2: COMMERCIAL AND UPPER STATE STREET AREA OVERLAY ZONES, GENERAL PLAN DESIGNATION: GENERAL COMMERCE (MST2004-00801)**

This is a revised project. The project consists of a merger of two parcels and construction of a new mixed-use three-story building with underground parking. The project includes three commercial spaces (6,234 sq. ft. total net), 33 market rate one-bedroom units, one market rate studio unit, nine middle-income and one upper-middle income affordable

one-bedroom units and 109 parking spaces (82 underground and 27 surface spaces). The existing 12 room motel and the 22,250 square foot office building would be demolished.

The purpose of the concept review is to allow the Planning Commission and the public an opportunity to review the proposed project design at a conceptual level and provide the Applicant and Staff with feedback and direction regarding the proposed land use and design. **No formal action on the development proposal will be taken at the concept review, nor will any determination be made regarding environmental review of the proposed project.**

Upon review and formal action on the application for the development proposal, the proposed project will require the following discretionary applications:

1. Modification of lot area requirements to allow ten (10) bonus density residential condominium units (SBMC§28.21.080.G); and
2. Tentative Subdivision Map for a one-lot subdivision to create forty-four (44) residential condominium units and three (3) commercial condominium units (SBMC§27.07 and 27.13).
