CITY OF SANTA BARBARA PLANNING COMMISSION

RESOLUTION NO. 023-07

1418 SANTA ROSA AVENUE

TENTATIVE SUBDIVISION MAP, MODIFICATIONS, & A COASTAL DEVELOPMENT PERMIT
MAY 17, 2007

**APPLICATION OF SANTA ROSA ASSOCIATES, LLC, AGENT/OWNER, 1418
SANTA ROSA AVENUE, 045-132-014, E-3 SINGLE-FAMILY RESIDENTIAL AND SD-
3 COASTAL OVERLAY ZONES, GENERAL PLAN DESIGNATION: 5 UNITS PER
ACRE (MST2006-00288)**

The proposed project involves the subdivision of a 30,163 square foot lot into three parcels. The three resulting parcels would range from 9,239 – 9,288 net square feet of lot area each and are proposed to be developed with three one-story single-family residences ranging in size from 2,995 – 3,060 net square feet including the attached garage. Parcel 1 will have the required street frontage with Parcels 2 and 3 being interior lots with access via a 16-foot wide driveway along the eastern property line. The proposal includes the demolition of all existing structures on site, including the existing 1,681 square foot single-family residence, and approximately 1,100 cubic yards of grading (200 cubic yards of fill and 900 cubic yards of export). All site drainage would direct surface runoff towards Santa Rosa Avenue via storm drains and swales, and include on-site detention structures.

The discretionary applications required for this project are:

1. A Tentative Subdivision Map to allow the division of one parcel into three lots (SBMC §27.07);
2. A Public Street Waiver to allow the approval of a subdivision where access is provided by a private road that serves more than two lots (SBMC §22.60.300);
3. Two Modifications to allow the creation of Parcel 2 and Parcel 3 with less than the required sixty feet of street frontage on a public street (SBMC §28.15.080);
4. A Modification for covered parking (Parcel 2 garage) to have a total aggregate floor area of more than 500 square feet (SBMC §28.87.160.4);
5. A Modification for covered parking (Parcel 3 garage) to have a total aggregate floor area of more than 500 square feet (SBMC §28.87.160.4);
6. A Modification to locate an uncovered parking space (Parcel 3) within the required interior yard setback (SBMC §28.87.190.1 and 28.15.060.2); and
7. A Coastal Development Permit (CDP2006-00007) to allow the proposed development in the Non-Appealable Jurisdiction of the City's Coastal Zone (SBMC §28.45.009).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15332.

WHEREAS, the Planning Commission has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, no one appeared to speak in favor of the application, and one person appeared to speak in opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, May 10, 2007
2. Site Plans

NOW, THEREFORE BE IT RESOLVED that the City Planning Commission:

I. Approved the subject application making the following findings and determinations:

A. **For the Lot Frontage Modifications (SBMC§28.15.080):**

The modification to allow two of the lots to be created without the required 60 feet of frontage on a public street is consistent with the purposes and intent of the Zoning Ordinance and is necessary to secure an appropriate improvement on a lot because the proposed lots would provide more than the minimum lot area and, the proposed lot split is consistent with the development pattern in the surrounding area.

The Planning Commission finds that the request is consistent with the purpose and intent of the Zoning Ordinance and is necessary to secure an appropriate improvement on a lot because:

The proposed lots would provide more than the minimum lot area,

The proposed lot split is consistent with the development pattern in the surrounding area.

B. **For the Garage Size Modifications (SBMC§28.87.160.4):**

The modification to allow two of the lots to have garages in excess of 500 square feet is consistent with the purposes and intent of the Zoning Ordinance and provides additional off-street parking for the newly created interior lots reducing the impact to the surrounding neighborhood. The garage for parcel 2 is proposed to be two-car 541 square feet and the garage for Parcel 3 is 689 square foot three-car garage.

C. **For the Waiver to allow a private driveway to serve three lots instead of the maximum two lots pursuant to Sections 22.60.300 of the Code**

1. The proposed driveway, with a width of 17 feet, will provide adequate access to the subject property and other properties using said driveway. It will meet Public Works and Fire Department standards.

2. The proposed driveway and adjacent paved areas will provide adequate access for fire suppression vehicles as required by applicable fire regulations, including, but not limited to turnaround area, width, grade and construction. The Fire Department has reviewed the proposal and it is within their allowed standards.
3. There is adequate provision for maintenance of the proposed driveway a recorded agreement that provides for adequate maintenance of said driveway, and
4. The waiver is in the best interests of the City and will improve the quality and reduce the impacts of the proposed development. The private driveway would limit the amount of hardscape associated with a roadway and guest parking will be provided on-site for the rearmost lot.

D. For the Coastal Development Permit (SBMC §28.45.009.6.H)

The subdivision is consistent with all applicable policies of the California Coastal Act and the City's Coastal Plan, all applicable implementing guidelines, and all applicable provisions of the Code. The proposed lot sizes are consistent with the requirements of the Municipal Code and the proposed density is consistent with the General Plan.

E. For the Tentative Subdivision Map:

The Planning Commission finds that the tentative subdivision map is consistent with the General Plan and the Zoning Ordinance of the City of Santa Barbara because the proposed project would meet the density requirements of the General Land Use Designation of five (5) dwelling units per acre. The project also complies with all of the requirements outlined in the E-3 Zone. The project will have no impacts on the environment or significant wildlife habitat. The project will not result in public health concerns nor will it disrupt any public easements.

II. Said approval is subject to the following conditions:

- A. **Recorded Agreement.** Prior to the issuance of any Public Works permit or Building permit for the project on the Real Property, the Owner shall execute an "Agreement Relating to Subdivision Map Conditions Imposed on Real Property", which shall be reviewed as to form and content by the City Attorney, Community Development Director and Public Works Director, recorded in the Office of the County Recorder, and shall include the following:
 1. **Uninterrupted Water Flow.** The Owner shall provide for the uninterrupted flow of water through the Real Property including, but not limited to, swales, natural watercourses, conduits and any access road, as appropriate.
 2. **Parcel Map.** The Owner shall submit to the Public Works Department for approval, a Parcel Map prepared by a licensed land surveyor or registered Civil Engineer. The Parcel Map shall conform to the requirements of the City Survey Control Ordinance and shall be recorded concurrently with the agreement relating to subdivision conditions imposed on real property.

3. **Recreational Vehicle Storage Prohibition.** No recreational vehicles, boats, or trailers shall be stored on the Real Property. This would include but is not limited to the guest parking spaces that are located on Parcel 3.
4. **Landscape Plan Compliance.** The Owner shall comply with the Landscape Plan approved by the Single Family Design Board (SFDB). Such plan shall not be modified unless prior written approval is obtained from the SFDB. The landscaping on the Real Property shall be provided and maintained in accordance with said landscape plan. If said landscaping is removed for any reason without approval by the SFDB, the owner is responsible for its immediate replacement.
5. **Approved Development.** The development of the Real Property approved by the Planning Commission on May 17, 2007 is limited to the subdivision of a 30,163 square foot lot into three parcels and the improvements shown on the Tentative Subdivision Map signed by the chairman of the Planning Commission on said date and on file at the City of Santa Barbara.
6. **Required Private Covenants.** The Owners shall record in the official records of Santa Barbara County either private covenants, a reciprocal easement agreement, or a similar agreement which, among other things, shall provide for all of the following:
 - a. **Common Area Maintenance.** An express method for the appropriate and regular maintenance of the common areas, common access ways, common utilities and other similar shared or common facilities or improvements of the development, which methodology shall also provide for an appropriate cost-sharing of such regular maintenance among the various owners of the Parcels.
 - b. **Garages Available for Parking.** A covenant that includes a requirement that all garages be kept open and available for the parking of vehicles owned by the residents of the property in the manner for which the garages were designed and permitted.
 - c. **Landscape Maintenance.** A covenant that provides that the landscaping shown on the approved Landscaping Plan shall be maintained and preserved at all times in accordance with the Plan.
 - d. **Trash and Recycling.** Trash holding areas shall include recycling containers with at least equal capacity as the trash containers, and trash/recycling areas shall be easily accessed by the consumer and the trash hauler. Green waste shall either have containers adequate for the landscaping or be hauled off site by the landscaping maintenance company. If no green waste containers are provided for common interest developments, include an item in the CC&Rs stating that the green waste will be hauled off site.

- e. **Covenant Enforcement.** A covenant that permits each owner to contractually enforce the terms of the private covenants, reciprocal easement agreement, or similar agreement required by this condition.
- B. **Design Review.** The following items are subject to the review and approval of the Single Family Design Board (SFDB) shall not grant preliminary approval of the project until the following conditions have been satisfied.
1. **Screened Check Valve/Backflow.** The check valve or anti-backflow devices for fire sprinkler and/or irrigation systems shall be provided in a location screened from public view or included in the exterior wall of the building.
 2. **Permeable Paving.** Incorporate a permeable paving system for the project driveways, walkways, and parking areas, that will allow a portion of the paved area runoff to percolate into the ground, except as necessary to meet Fire Department weight requirements. Materials in driveways and parking areas must be approved by the Transportation Manager.
 3. **Pedestrian Pathway.** A separate pedestrian pathway shall be provided along the driveway from the sidewalk using a different walkway material.
 4. **Photo-voltaics Recommended.** Owner shall study the design of the project to include highly efficient, aesthetically well-integrated photo-voltaics, consistent with the City Solar Design Guidelines, to meet at least 50 percent of the project's electrical needs.
 5. **Minimize Hardscape.** Applicant shall reevaluate the layout of lots 2 and 3 to minimize hardscape.
- C. **Public Works Requirements Prior to Building Permit Issuance.** The Owner shall submit the following, or evidence of completion of the following to the Public Works Department for review and approval, prior to the issuance of a Building Permit for the project.
1. **Recordation of Parcel Map and Agreements.** After City Council approval, the Owner shall provide evidence of recordation to the Public Works Department.
 2. **Approved Public Improvement Plans and Concurrent Issuance of Public Works Permit.** Upon acceptance of the approved public improvement plans, a Public Works permit shall be issued concurrently with a Building permit.
 3. **Water Rights Assignment Agreement.** The Owner shall assign to the City of Santa Barbara the exclusive right to extract ground water from under the Real Property. Said agreement will be prepared by Engineering Division Staff for the Owner's signature.
 4. **Drainage Calculations.** The Owner shall submit drainage calculations justifying that the existing on-site and proposed on-site drainage system adequately conveys a minimum of a 25-year storm event.

5. **Off-Site Public Street Improvement Plans.** The Owner shall submit building plans for construction of improvements along the property frontage on Santa Rosa Avenue. As determined by the Public Works Department, the improvements shall include new and/or remove and replace to City standards, the following: sidewalk, driveway apron modified to meet Title 24 requirements, curbs, gutters, crack seal to the centerline of the street along entire subject property frontage, underground service utilities, connection to City/private water and sewer mains, public drainage improvements with supporting drainage calculations and/or hydrology report for installation of (drainage pipe, curb drain outlets, slot/trench drain, drop inlet, detention, erosion protection (provide off-site storm water BMP plan), etc.), preserve and/or reset survey monuments and contractor stamps, supply and install directional/regulatory traffic control signs, new street tree(s) (and tree grates) per approval of the City Arborist and provide adequate positive drainage from site. Existing private sewer lateral(s) serving the property shall be repaired before new dwelling(s) is occupied. Any existing sewer lateral(s) identified to be abandoned, shall be disconnected at the sewer mainline connection. A licensed plumber shall verify if the property requires a backwater valve. If existing lateral already has a backwater valve, then it shall be inspected. The building plans, drainage calculations and hydrology report shall be prepared by a registered civil engineer or licensed architect. Any work in the public right of way requires a public works permit.
 6. **Removal or Relocation of Public Facilities.** Removal or relocation of any public utilities or structures must be performed by the Owner or by the person or persons having ownership or control thereof.
- D. **Community Development Requirements Prior to Building or Public Works Permit Application/Issuance.** The following shall be finalized prior to, and/or submitted with, the application for any Building or Public Works permit:
1. **Contractor and Subcontractor Notification.** The Owner shall notify in writing all contractors and subcontractors of the site rules, restrictions, and Conditions of Approval. Submit a copy of the notice to the Planning Division.
 2. **Traffic Control Plan.** A traffic control plan shall be submitted, as specified in the City of Santa Barbara Traffic Control Guidelines. Traffic Control Plans are subject to approval by the Transportation Manager.
- E. **Building Permit Plan Requirements.** The following requirements/notes shall be incorporated into the construction plans submitted to the Building and Safety Division for Building permits.
1. **Design Review Requirements.** Plans shall show all design, landscape and tree protection elements, as approved by the Single Family Design Board (SFDB), outlined in Section B above.
 2. **Grading Plan Requirement for Archaeological Resources.** The following information shall be printed on the grading plans:

If archaeological resources are encountered or suspected, work shall be halted or redirected immediately and the Planning Division shall be notified. The archaeologist shall assess the nature, extent, and significance of any discoveries and develop appropriate management recommendations for archaeological resource treatment, which may include, but are not limited to, redirection of grading and/or excavation activities, consultation and/or monitoring with a Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List, etc.

If the discovery consists of possible human remains, the Santa Barbara County Coroner shall be contacted immediately. If the Coroner determines that the remains are Native American, the Coroner shall contact the California Native American Heritage Commission. A Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Planning Division grants authorization.

If the discovery consists of possible prehistoric or Native American artifacts or materials, a Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Planning Division grants authorization.

3. **Guest Parking.** Two uncovered guest parking space(s) shall be provided on proposed lot 3 in addition to the two (2) covered parking spaces required by the Zoning Ordinance.
4. **Driveway Improvements.** The proposed driveway shall be constructed to the standards provided in the Subdivision Design and Improvement Standards and as approved by the Public Works Director.
5. **Utilities.** Provide individual water, electricity, and gas meters, and sewer lateral for each residential unit. Service lines for each unit shall be separate until a point five feet (5') outside the building.
6. **Conditions on Plans/Signatures.** The final Planning Commission Resolution shall be provided on a full size drawing sheet as part of the drawing sets. Each condition shall have a sheet and/or note reference to verify condition compliance. If the condition relates to a document submittal, indicate the status of the submittal (e.g., Final Map submitted to Public Works Department for review). A statement shall also be placed on the above sheet as follows: The undersigned have read and understand the above conditions, and agree to abide by any and all conditions which is their usual and customary responsibility to perform, and which are within their authority to perform.

Signed:

Property Owner		Date
Contractor	Date	License No.
Architect	Date	License No.
Engineer	Date	License No.

F. **Construction Implementation Requirements.** All of these construction requirements shall be carried out in the field by the Owner and/or Contractor for the duration of the project construction. (Community Development Department staff shall review the plans and specifications to assure that they are incorporated into the bid documents, such that potential contractors will be aware of the following requirements prior to submitting a bid for the contract.)

1. **Construction-Related Truck Trips.** Construction-related truck trips shall not be scheduled during peak hours (7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m.). The purpose of this condition is to help reduce truck traffic on adjacent streets and roadways.
2. **Construction Hours.** Construction (including preparation for construction work) is prohibited Monday through Friday before 7:00 a.m. and after 5:00 p.m., and all day on Saturdays, Sundays and holidays observed by the City of Santa Barbara, as shown below:

New Year's Day	January 1st*
Martin Luther King's Birthday	3rd Monday in January
Presidents' Day	3rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4th*
Labor Day	1st Monday in September
Thanksgiving Day	4th Thursday in November
Following Thanksgiving Day	Friday following Thanksgiving Day
Christmas Day	December 25th*

*When a holiday falls on a Saturday or Sunday, the preceding Friday or following Monday, respectively, shall be observed as a legal holiday.

When, based on required construction type or other appropriate reasons, it is necessary to do work outside the allowed construction hours, contractor shall contact the Chief of Building and Safety to request a waiver from the above construction hours, using the procedure outlined in Santa Barbara Municipal Code §9.16.015 Construction Work at Night. Contractor shall notify all

residents within 300 feet of the parcel of intent to carry out night construction a minimum of 48 hours prior to said construction. Said notification shall include what the work includes, the reason for the work, the duration of the proposed work and a contact number.

3. **Construction Parking/Storage/Staging.** Construction parking, storage or staging of construction materials and equipment within the public right-of-way shall not be permitted, unless approved by the Transportation Manager.
4. **Expeditious Paving.** All roadways, driveways, sidewalks, etc., shall be paved as soon as possible. Additionally, building pads shall be laid as soon as possible after grading unless seeding or soil binders are used, as directed by the Building Inspector.
5. **Construction Best Management Practices (BMPs).** Construction activities shall address water quality through the use of BMPs, as approved by the Building and Safety Division.
6. **Construction Contact Sign.** Immediately after Building permit issuance, signage shall be posted at the points of entry to the site that list the contractor(s) name, contractor(s) telephone number(s), work hours, site rules, and construction-related conditions, to assist Building Inspectors and Police Officers in the enforcement of the conditions of approval. The font size shall be a minimum of 0.5 inches in height.
7. **Existing Tree Preservation.** The existing tree(s) shown on the approved Tentative Subdivision Map to be saved shall be preserved and protected and fenced three feet outside the dripline during construction.
8. **Unanticipated Archaeological Resources Contractor Notification.** Prior to the start of any vegetation or paving removal, demolition, trenching or grading, contractors and construction personnel shall be alerted to the possibility of uncovering unanticipated subsurface archaeological features or artifacts associated with past human occupation of the parcel. If such archaeological resources are encountered or suspected, work shall be halted immediately, the City Environmental Analyst shall be notified and the applicant shall retain an archaeologist from the most current City Qualified Archaeologists List. The latter shall be employed to assess the nature, extent and significance of any discoveries and to develop appropriate management recommendations for archaeological resource treatment, which may include, but are not limited to, redirection of grading and/or excavation activities, consultation and/or monitoring with a Barbareño Chumash representative from the most current City qualified Barbareño Chumash Site Monitors List, etc.

If the discovery consists of possible human remains, the Santa Barbara County Coroner shall be contacted immediately. If the Coroner determines that the remains are Native American, the Coroner shall contact the California Native American Heritage Commission. A Barbareño Chumash representative from the

most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

If the discovery consists of possible prehistoric or Native American artifacts or materials, a Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

- G. **Prior to Certificate of Occupancy.** Prior to issuance of the Certificate of Occupancy, the Owner of the Real Property shall complete the following:
1. **Repair Damaged Public Improvements.** Repair any damaged public improvements (curbs, gutters, sidewalks, roadways, etc.) subject to the review and approval of the Public Works Department per SBMC §22.60.090. Where tree roots are the cause of the damage, the roots shall be pruned under the direction of a qualified arborist.
 2. **Complete Public Improvements.** Public improvements, as shown in the improvement/building plans, including utility service undergrounding and
 3. **Evidence of Private CC&Rs Recordation.** Evidence shall be provided that the private CC&Rs required in Section A have been recorded.
- H. **Litigation Indemnification Agreement.** In the event the Planning Commission approval of the Project is appealed to the City Council, Applicant/Owner hereby agrees to defend the City, its officers, employees, agents, consultants and independent contractors ("City's Agents") from any third party legal challenge to the City Council's denial of the appeal and approval of the Project, including, but not limited to, challenges filed pursuant to the California Environmental Quality Act (collectively "Claims"). Applicant/Owner further agrees to indemnify and hold harmless the City and the City's Agents from any award of attorney fees or court costs made in connection with any Claim.

Applicant/Owner shall execute a written agreement, in a form approved by the City Attorney, evidencing the foregoing commitments of defense and indemnification within thirty (30) days of the City Council denial of the appeal and approval of the Project. These commitments of defense and indemnification are material conditions of the approval of the Project. If Applicant/Owner fails to execute the required defense and indemnification agreement within the time allotted, the Project approval shall become null and void absent subsequent acceptance of the agreement by the City, which acceptance shall be within the City's sole and absolute discretion. Nothing contained in this condition shall prevent the City or the City's Agents from independently defending any Claim. If the City or the City's Agents decide to independently defend a Claim, the City and the City's Agents shall bear their own attorney fees, expenses, and costs of that independent defense.

NOTICE OF COASTAL DEVELOPMENT PERMIT TIME LIMITS:

The Planning Commission's action approving the Coastal Development Permit shall expire two (2) years from the date of approval, per Santa Barbara Municipal Code §28.45.009.q, unless:

1. Otherwise explicitly modified by conditions of approval of the development permit, or unless construction or use of the development has commenced.
2. A Building permit for the work authorized by the coastal development permit is issued prior to the expiration date of the approval.
3. A one (1) year time extension may be granted by the Planning Commission if the construction authorized by the permit is being diligently pursued to completion and issuance of a Certificate of Occupancy. Not more than three (3) extensions may be granted.

NOTICE OF TENTATIVE SUBDIVISION MAP (INCLUDING NEW CONDOMINIUMS AND CONDOMINIUM CONVERSIONS) TIME LIMITS:

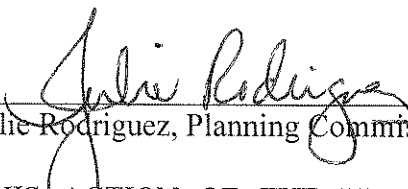

The Planning Commission's action approving the Tentative Map shall expire two (2) years from the date of approval. The subdivider may request an extension of this time period in accordance with Santa Barbara Municipal Code §27.07.110.

This motion was passed and adopted on the 17th day of May, 2007 by the Planning Commission of the City of Santa Barbara, by the following vote:
