The project consists of the abatement and permitting of the following as-built conditions: two ground-mounted satellite dishes, removal of vinyl fencing surrounding existing satellite dish farm, two air conditioner units used for the approved Verizon equipment building, the replacement HVAC rooftop equipment, removal of two pole lights, removal of a ramp, and security lighting. In addition, the project includes the installation of a wooden fence surrounding the satellite dish farm and changes to the existing landscape plan, which is in compliance with all Zoning and Fire Code requirements. The applicant is also requesting permission for periodic small-scale events.

The discretionary application required for this project is a Conditional Use Permit Amendment to allow the as-built installation of two additional satellite dishes (SBMC§28.94.20).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15301.
