**REGIONAL HOUSING NEEDS ALLOCATION (RHNA) PLAN - DRAFT
COMMENT LETTER TO SBCAG**

On April 17, 2008, the Santa Barbara Association of Governments (SBCAG) Board released a Draft Regional Housing Needs Allocation (RHNA) plan. The public and local jurisdictions have 60-days to comment on the Draft RHNA plan. On June 19, 2008, the SBCAG Board will meet in Santa Barbara to hold a public hearing and consider public comments on the draft plan. This includes requests for revisions to the RHNA by local agencies. The Board will also consider final approval of the RHNA plan at this meeting.

The City of Santa Barbara has significant concerns with the Draft RHNA Plan and will be requesting that the SBCAG Board revise the draft plan. The Planning Commission will review and discuss the draft comment letter to the SBCAG Board.

IV. ENVIRONMENTAL HEARINGS:
ACTUAL TIME: 2:00 P.M.

A. 1298 LAS POSITAS ROAD MST2006-00509; APNS: 047-010-034 & 047-010-049;
GENERAL PLAN: OPEN SPACE AND COMMUNITY PARK; ZONE(S):
ELINGS PARK NORTH: A-1, ONE-FAMILY RESIDENTIAL; ELINGS PARK
SOUTH: PR, PARK AND RECREATION (UNDEVELOPED PARKLAND
CATEGORY)/SD-3, COASTAL OVERLAY

The project consists of the Elings Park Phase III Plan for various park additions and improvements to support active and passive recreational uses on approximately 23 acres of the lower plateau of the Elings Park North (EP North) property, and on approximately 21 acres on the Elings Park South (EP South) property. The City of Santa Barbara owns the 84-acre EP North property, which is operated under lease arrangement by the non-profit Elings Park Foundation. The 130-acre EP South property is owned and operated in its entirety by the Foundation. Annexation of the EP South property to the City was approved by the Local Agency Formation Commission (LAFCO) in April 2008. The City designated EP South Open Space and Community Park, and zoned the property PR, Park and Recreation (Undeveloped Parkland Category)/SD-3 (Coastal Overlay).

In addition to the proposed Phase III park facilities and uses, the subject project includes a request for amendment to the General Plan Land Use designation for the 84-acre EP North property from Open Space and Community Park to Regional Park, and a rezone of the EP North property from A-1, One-Family Residential, to PR, Park and Recreation (Regional Park Category). The project also includes a request for amendment to the General Plan Land Use designation for the EP South property from Open Space and Community Park to Regional Park, and a redesignation of the property from PR, Park and Recreation (Undeveloped Parkland Category) to PR, Park and Recreation (Regional Park Category). No change to the SD-3 Coastal Overlay is proposed for the portions of the EP South property in the Coastal Zone; however, the project requires a Local Coastal Program Amendment to amend the City's certified Coastal Land Use and Coastal Zoning map to reflect the proposed land use and zone district changes.

The Plan includes the following improvements for Elings Park North: 1) construction of a Community Activity Center, 2) development of two (2) lighted multi-use playing fields and a lower, uncovered multi-sport arena field, 3) a fenced off-leash dog walking area, 4) a pedestrian trail system intended to connect the overall park amenities, 5) new picnic areas, 6) a family activity zone area, 7) batting cages, 8) a park services building, 9) new gazebo overlook area, 10) small hillside amphitheatre, and 11) two (2) new restroom facilities.

The Plan includes the following improvements for Elings Park South: 1) relocation of the existing BMX track facilities currently located on the lower plateau of Elings Park North to Elings Park South, 2) park office building, 3) a disc golf course area, and 4) individual picnic areas.

The Elings Park Phase III Plan also includes new lighting for the park facilities (including replacement lighting for existing softball fields), improvements to facilitate ADA accessibility throughout the park property, and grading and parking improvements for EP North and EP South.

The purpose of this hearing is to receive comments on the Environmental Impact Report scope of analysis identified in the Initial Study. Written comments should be sent at the earliest possible date, but **received not later than Tuesday, June 10, 2008, at 4:30 p.m.** Please send your written comments to the attention of Melissa Hetrick, Environmental Analyst, at the City Planning Division.

B. **APPLICATION BY PEIKERT GROUP ARCHITECTS, AGENT FOR BERMANT HOMES AND THE HOUSING AUTHORITY OF THE CITY OF SANTA BARBARA, 535 E. MONTECITO STREET, APN 031-351-010; M-1 LIGHT MANUFACTURING, ZONE; GENERAL PLAN DESIGNATION: INDUSTRIAL; MST 2006-00530**

The proposed project consists of 48 residential condominium units in six three-story buildings. In total, 24 two-bedroom and 24 three-bedroom units would be provided, and 90,966 net square feet of building area (including garages) would be constructed. The size of the residential units would vary, ranging between 1,621 and 2,242 square feet (net area including the garage). Each of the six buildings would contain eight residential units, would be approximately 15,161 square feet (net) in area, and would provide eight two-car garages arranged in a tandem configuration. Two additional parking spaces would be provided on-site for guest parking, resulting in a total of 98 on-site parking spaces. Vehicle access to and from the site would be provided by two driveways on Calle Cesar Chavez and one driveway on East Montecito Street. All units are to be sold at below-market prices, with prices to be determined by the total costs to develop the units.

The purpose of the hearing is to receive comments on the Draft Environmental Impact Report (EIR). Written comments on the Draft EIR should be sent at the earliest possible date, but **received not later than Monday, June 16, 2008, at 4:30 p.m.** Please send your written comments to the attention of Kathleen Kennedy, Associate Planner, at the City Planning Division.

V. **STAFF HEARING OFFICER APPEAL:**

ACTUAL TIME: 4:36 P.M.

APPEAL OF JYL RATKEVICH ON BEHALF OF KARIN AGGELER ON THE ACTION BY THE STAFF HEARING OFFICER FOR 2506 CALLE ANDALUCIA, APN 041-421-001, E-1 ONE FAMILY RESIDENCE ZONE, GENERAL PLAN DESIGNATION: 3 UNITS PER ACRE (MST2008-00022)

The proposed project involves a 10,566 square foot project site located on the northwest corner of Calle Andalucia and Calle Galicia. Current development on site consists of a single-family residence with an attached garage. The proposed project involves a 270 square foot living area addition to the garage, which would increase the encroachment into the front yard setback along Calle Galicia from 2.5 feet to 12.5 feet. The discretionary application required for this project is a Modification to permit the addition in the front yard facing Calle Galicia (SBMC § 28.15.060). On March 12, 2008, the Staff Hearing Officer partially approved the applicant's Modification application, granting an additional 2.5 foot encroachment into the front yard setback along Calle Galicia. This approval reduced the required front yard setback from 30 feet to 25 feet. The applicant was seeking a Modification to reduce the required front yard setback to 17'6". Additionally, the Staff Hearing Officer approved a 5 foot expansion of the garage to the south-west and recommended expanding the garage out to the existing 10-foot setback along the north-east property line. This is an appeal of that decision. The appellant is seeking approval of the Modification as originally proposed, to allow a 17'6" front yard setback along Calle Galicia.

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15305.

VI. **CONCEPT REVIEW:**

ACTUAL TIME: 5:14 P.M.

APPLICATION OF MIKE GONES, AGENT FOR SHARON CLENET-PURPERO AND ANTHONY PURPERO, 1213 HARBOR HILLS DRIVE, 035-480-037, 035-480-038, 035-480-039, 035-480-040, 035-480-041, E-1 ZONE, GENERAL PLAN DESIGNATION: RESIDENTIAL, 3 UNITS/ACRE (MST2005-00492)

The proposed project involves the subdivision of eight vacant parcels into two single family residential lots. The existing parcels are located in a portion of the Rogers Tract known to be subdivided in violation of the Subdivision Map Act. The average slope of the site is 41%. The areas of the proposed lots would be 30,261 square feet and 33,961 square feet. The proposal also includes conceptual development of driveways and single family residences on each proposed lot.

The purpose of the concept review is to allow the Planning Commission an opportunity to review the proposed project design at a conceptual level and provide the applicant and staff with feedback and direction regarding the proposed land use and design. **No formal action on the development proposal will be taken at the concept review, nor will any determination be made regarding environmental review of the proposed project.** Upon review and formal action on the application for the development proposal, the proposed project would likely require the following discretionary applications:

1. Tentative Subdivision Map to allow the subdivision of eight Rogers Tract parcels into two lots (SBMC Chapter 27.07);
2. Lot Area Modifications to allow the creation of two lots with areas less than the required 45,000 square feet (SBMC § 28.92.110);
3. Street Frontage Modifications to allow less than the required 90 feet of street frontage on each proposed lot (SBMC § 28.92.110);
4. Public Street Frontage Waivers to allow the creation of lots with no street frontage (SBMC §22.60.300); and
5. Design Review Approvals by the Single Family Design Board with Neighborhood Preservation Ordinance and Sloped Lot findings (SBMC §22.69.050).
