### I. SUBJECT

The purpose of the environmental hearing is to receive comments from the Planning Commission, interested agencies and the public on the adequacy and completeness of the Draft Initial Study for the 1900 Lasuen Road, El Encanto Hotel project.

### II. PROJECT DESCRIPTION

The proposed project is a Revised Master Plan consisting of the following components: 1) a predominantly underground utility distribution facility and a surface valet parking lot with an operations facility below in the northwest corner; 2) Mission Village, consisting of 5 cottages with a valet parking garage below in the northeast corner; 3) Cottages 27 and 28, which were previously approved and eliminated; and 4) a swimming pool with a fitness center below.

The proposal also includes a realignment of a small portion of the sandstone wall at the main driveway entrance on Alvarado Place to provide better circulation. Also, a new trash enclosure, screening gate, retaining walls and landscaping are proposed for the service area adjacent to the Main Building. The four parking spaces that were previously approved in the service area would be relocated to the Mission Village parking structure.
