**THURSDAY, SEPTEMBER 8, 2011  
10:00 A.M.\* (SEE NOTE BELOW)  
CITY HALL – 735 ANACAPA STREET  
CITY COUNCIL CHAMBERS**

### **APPLICATION OF JILL ZACHARY, AGENT FOR THE CITY OF SANTA BARBARA, END OF MESA LANE, 041-033-ORW, E-3/S-D-3, SINGLE FAMILY RESIDENCE/COASTAL OVERLAY ZONES, GENERAL PLAN DESIGNATION: BEACH/COASTAL ACCESS (MST2011-00280)**

The proposed project involves replacement of a portion of the Mesa Lane Stairs and its foundation on the beach that are damaged due to wear and tear from the beach tidal environment and the types of rebar and concrete used in its construction. The stairs have existed since 1982 and are an important beach access for Mesa residents. The existing stairs and support structures would be replaced with new stainless steel stairs and handrails, supported by 12" diameter stainless steel piles in holes drilled into bedrock and grouted in place with concrete. The existing concrete stairs would be replaced with new concrete stairs that would be founded about 4.5 feet into bedrock. The lower part of the stainless steel stairs would be supported by 12" diameter stainless steel piles in holes drilled into bedrock and grouted in place with concrete. The concrete would be a specific mix that is less subject to erosion by sea water and the rebar would be covered in a special epoxy to minimize rust. The total footprint at beach level would be about 50 sq. ft. Depending on funding, construction should occur in 2012 or 2013. It will be necessary to entirely close the stairs for the duration of construction. Construction will take about three (3) months, from the day after Labor Day to no later than November 30th. Construction staging will be at Arroyo Burro Beach County Park in the overflow parking area. Most construction will use the beach to access the construction area. Concrete trucks may pump concrete from the top of the stairs. If so, they will be required to park on the path to the stairs to retain vehicular access at the intersection of Mesa Lane and Edgewater Way. Provisions have been included in the detailed project description to avoid any effects from crossing the mouth of Arroyo Burro Creek.

The discretionary application required for this project is:

1. A Coastal Development Permit (CDP2011-00010) to allow the proposed development in the Appealable Jurisdiction of the City's Coastal Zone (SBMC § 28.44.060).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Act Guidelines Section 15302.
