NOTICE OF A PUBLIC HEARING OF THE PLANNING COMMISSION TO THE PROPERTY OWNERS WITHIN 300 FEET

**THURSDAY, SEPTEMBER 22, 2011, 1:00 P.M.* (SEE NOTE BELOW)
CITY HALL – 735 ANACAPA STREET, CITY COUNCIL CHAMBERS**

**APPLICATION OF JAY BLATTER AND JULIE GUAJARDO-MCGEEVER OF HOCHHAUSER
BLATTER ARCHITECTS, ARCHITECT FOR MARK AND VALERIE MALDONADO, PROPERTY
OWNERS OF 1820, 1822, 1826 DE LA VINA STREET; APN: 027-022-022, -023, -024; R-4 ZONES,
GENERAL PLAN DESIGNATION: RESIDENTIAL 12 UNITS/ARCE (MST2009-00536)**

The proposed project consists of a 40-bedroom Residential Care Facility for the Elderly (RCFE) designed to serve seniors suffering from Alzheimer's or various forms of dementia. Proposed construction includes a two-story, 24,128 net square foot building (25,400 gross sq. ft.). There is a sub-level cellar for food storage, laundry and mechanical equipment measuring 2,210 net square feet, and the first and second floors would be 8,581 and 13,337 net square feet, respectively. The project also includes 20 on grade parking spaces, of which 16 are covered and 4 are uncovered. The site contains an oak tree that is proposed to be preserved and included as part of the new site plan. The project consists of the demolition of the six existing structures on site, including three houses (two of which are duplexes), two garages and one shed. Including attics, the floor area of the six existing structures totals 8,251 net square feet. A total of 11,228 net square feet of floor area on the first and second floors would be dedicated to residential rooms, which range from 294 to 376 square feet in size. Each room would have a private sink, a studio living/bedroom area, and in most cases would share a bathroom with the adjacent unit. Common amenities total 10,690 square feet, and include a commercial kitchen, dining area, wellness center, activity spaces, sunrooms, bathrooms and service areas. Individual bedrooms do not have kitchens or kitchenettes, and would not qualify as "dwelling units."

Project Operations: The facility would be licensed to provide non-medical residential care by the State of California, Department of Community Care Licensing as a RCFE. Since residents rarely go outside, activity areas would be focused within internal common spaces. Common interior space available to residents totals 3,399 square feet (excluding administration, kitchen, storage, bathing, wellness office and other service areas). However, 21% of the site is proposed as useable landscape/open area (5,692 square feet).

The project has been designed to consist of three small "neighborhoods" within the building. Each neighborhood would include 11 to 15 bedrooms. Each neighborhood would also have a common living/dining/activities area. Stations for direct care staff, bathing and medications storage would be located in each neighborhood. The project would offer residents three meals a day, personal care services, medications oversight, activities and transportation to medical services and outdoor activities as part of the regular daily program. The community would be staffed twenty-four hours a day. Shift changes occur three times daily: 7am, 3pm and 11pm. The daytime shift is staffed most heavily and would include a maximum of twelve employees at any one time. Residents do not drive, and would be transported to activities and appointments by a dedicated facility van.

The discretionary application required for this project is a Conditional Use Permit to allow a Residential Care Facility for the Elderly (RCFE) in a residential zone (SBMC §28.94.030.R). The Planning Commission will consider approval of the Final Mitigated Negative Declaration prepared for the project pursuant to the California Environmental Quality Act Guidelines Section 15074.
