NEW ZONING ORDINANCE (NZO)

Staff will give an overview of the draft Scope of Work for the Request for Proposal (RFP) that will be used to hire a consultant to assist with the development of the New Zoning Ordinance (NZO) effort. Staff requests that the Planning Commission provide input as to the adequacy of the draft Scope of Work and whether any other zoning standards or processes should be included.

The New Zoning Ordinance project will update the Zoning Ordinance, which is contained in Title 28 of the City's Municipal Code. The Zoning Ordinance establishes the zone classifications, permitted uses in the various zones, development standards and regulations, and the development review process for individual lots throughout the City. The zoning regulations affect land use, design, lot size, building heights, density, setbacks, yards, parking, landscaping, fencing and other aspects of property use.

The specific details and recommended direction of zoning standards will be vetted through a public process over the next two years, and additional amendments could be identified through the public process.
