CITY OF SANTA BARBARA PLANNING COMMISSION
RESOLUTION NO. 018-15
3407 SEA LEDGE LANE
COASTAL DEVELOPMENT PERMIT
NOVEMBER 12, 2015

APPLICATION OF EVA TURENCHALK, AGENT FOR BASTIAN FAMILY, 3407 SEA LEDGE LANE,
APN 047-082-010, A-1 ONE-FAMILY RESIDENCE AND SD-3 COASTAL ZONES, GENERAL PLAN
LOCAL COASTAL PLAN DESIGNATION: RESIDENTIAL (1 DU/AC) (MST2015-00100/CDP2015-
00003)

The project consists of the installation of a 249 square foot photovoltaic system to be mounted on the roof of an
existing two-story residence. The residence is located on a one-acre bluff top parcel. The discretionary
applications required for this project is a Coastal Development Permit (CDP2015-00003) to allow the proposed
development in the Appealable Jurisdiction of the City’s Coastal Zone (SBMC §28.44.060).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant
to the California Environmental Quality Act Guidelines Section 15303 (New Construction).

WHEREAS, the Planning Commission has held the required public hearing on the above application, and
the Applicant was present.

WHEREAS, no one appeared to speak in favor of the application, and no one appeared to speak in
opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, November 5, 2015.
2. Site Plans

NOW, THEREFORE BE IT RESOLVED that the City Planning Commission:

I. Approved the subject application making the following findings and determinations:

A. COASTAL DEVELOPMENT PERMIT (SBMC §28.44.150)

1. The project is consistent with the policies of the California Coastal Act because the
installation of photovoltaic panels will not add risk to life or property and will not create
nor contribute significantly to erosion, geologic instability, or destruction of the site or
surrounding area in a way that would require protective devices that would substantially
later natural landforms along the bluff and cliff. The addition of the photovoltaic system
will not result in extending the life of the residence and will not contribute to increased
rates of erosion on the bluff, as described in Section V. of the Staff Report.

2. The project is consistent with all applicable policies of the City's Local Coastal Plan, all
applicable implementing guidelines, and all applicable provisions of the Code because the
solar is minor rooftop equipment on a permitted residence and the improvement will not
be visible from a public viewing location, as described in Section V of the Staff Report.
II. Said approval is subject to the following conditions:

A. **Order of Development.** In order to accomplish the proposed development, the following steps shall occur in the order identified:

1. Pay Land Development Team Recovery Fee (30% of all planning fees, as calculated by staff) at time of building permit application.

2. Record any required documents (see Recorded Conditions Agreement section).

3. Permits.
   a. Submit an application for and obtain a Building Permit (BLD) for construction of approved development and complete said development.
   b. Submit an application for and obtain a Public Works Permit (PBW) for all required public improvements and complete said improvements.

Details on implementation of these steps are provided throughout the conditions of approval.

B. **Recorded Conditions Agreement.** The Owner shall execute a *written instrument*, which shall be prepared by Planning staff, reviewed as to form and content by the City Attorney, Community Development Director and Public Works Director, recorded in the Office of the County Recorder, and shall include the following:

1. **Approved Development.** The development of the Real Property approved by the Planning Commission on November 12, 2015 is limited to the installation of 294 square feet roof mounted, solar system signed by the chairperson of the Planning Commission on said date and on file at the City of Santa Barbara.

2. **Coastal Bluff Liability Limitation.** The Owner understands and is advised that the site may be subject to extraordinary hazards from waves during storms and erosion, retreat, settlement, or subsidence and assumes liability for such hazards. The Owner unconditionally waives any present, future, and unforeseen claims of liability on the part of the City arising from the aforementioned or other natural hazards and relating to this permit approval, as a condition of this approval. Further, the Owner agrees to indemnify and hold harmless the City and its employees for any alleged or proven acts or omissions and related cost of defense, related to the City's approval of this permit and arising from the aforementioned or other natural hazards whether such claims should be stated by the Owner's successor-in-interest or third parties.

3. **Geotechnical Liability Limitation.** The Owner understands and is advised that the site may be subject to extraordinary hazards from landslides, erosion, retreat, settlement, or subsidence and assumes liability for such hazards. The Owner unconditionally waives any present, future, and unforeseen claims of liability on the part of the City arising from the aforementioned or other natural hazards and relating to this permit approval, as a condition of this approval. Further, the Owner agrees to indemnify and hold harmless the City and its employees for any alleged or proven acts or omissions and related cost of defense, related to the City's approval of this permit and arising from the aforementioned or other natural hazards whether such claims should be stated by the Owner's successor-in-interest or third parties.
4. **Community Development Department.**
   
a. **Recordation of Agreements.** The Owner shall provide evidence of recordation of the written instrument that includes all of the Recorded Conditions identified in condition B "Recorded Conditions Agreement" to the Community Development Department prior to issuance of any building permits.

C. **General Conditions.**

1. **Construction Parking.** All construction parking is limited to areas designated for parking and shall not contribute to the loading on the bluff top or the blocking of fire access lanes.

2. **Compliance with Requirements.** All requirements of the city of Santa Barbara and any other applicable requirements of any law or agency of the State and/or any government entity or District shall be met. This includes, but is not limited to, the Endangered Species Act of 1973 [ESA] and any amendments thereto (16 U.S.C. § 1531 et seq.), the 1979 Air Quality Attainment Plan, and the California Code of Regulations.

3. **Approval Limitations.**
   
a. The conditions of this approval supersede all conflicting notations, specifications, dimensions, and the like which may be shown on submitted plans.

b. All buildings, roadways, parking areas and other features shall be located substantially as shown on the plans approved by the Planning Commission.

c. Any deviations from the project description, approved plans or conditions must be reviewed and approved by the City, in accordance with the Planning Commission Guidelines. Deviations may require changes to the permit and/or further environmental review. Deviations without the above-described approval will constitute a violation of permit approval.

4. **Litigation Indemnification Agreement.** In the event the Planning Commission approval of the Project is appealed to the City Council, Applicant/Owner hereby agrees to defend the City, its officers, employees, agents, consultants and independent contractors ("City’s Agents") from any third party legal challenge to the City Council’s denial of the appeal and approval of the Project, including, but not limited to, challenges filed pursuant to the California Environmental Quality Act (collectively "Claims"). Applicant/Owner further agrees to indemnify and hold harmless the City and the City’s Agents from any award of attorney fees or court costs made in connection with any Claim.

Applicant/Owner shall execute a written agreement, in a form approved by the City Attorney, evidencing the foregoing commitments of defense and indemnification within thirty (30) days of being notified of a lawsuit regarding the Project. These commitments of defense and indemnification are material conditions of the approval of the Project. If Applicant/Owner fails to execute the required defense and indemnification agreement within the time allotted, the Project approval shall become null and void absent subsequent acceptance of the agreement by the City, which acceptance shall be within the City’s sole and absolute discretion. Nothing contained in this condition shall prevent the City or the City’s Agents from independently defending any Claim. If the City or the City’s Agents
decide to independently defend a Claim, the City and the City’s Agents shall bear their own attorney fees, expenses, and costs of that independent defense.

III. NOTICE OF COASTAL DEVELOPMENT PERMIT TIME LIMITS:
The Planning Commission action approving the Coastal Development Permit shall expire two (2) years from the date of final action upon the application, per Santa Barbara Municipal Code §28.44.230, unless:

1. Otherwise explicitly modified by conditions of approval for the coastal development permit.

2. A Building permit for the work authorized by the coastal development permit is issued prior to the expiration date of the approval.

3. The Community Development Director grants an extension of the coastal development permit approval. The Community Development Director may grant up to three (3) one-year extensions of the coastal development permit approval. Each extension may be granted upon the Director finding that: (i) the development continues to conform to the Local Coastal Program, (ii) the applicant has demonstrated due diligence in completing the development, and (iii) there are no changed circumstances that affect the consistency of the development with the General Plan or any other applicable ordinances, resolutions, or other laws.

This motion was passed and adopted on the 12th day of November, 2015 by the Planning Commission of the City of Santa Barbara, by the following vote:

AYES: 7 NOES: 0 ABSTAIN: 0 ABSENT: 0

I hereby certify that this Resolution correctly reflects the action taken by the city of Santa Barbara Planning Commission at its meeting of the above date.

Julie Rodriguez, Planning Commission Secretary

Date

December 3, 2015

PLEASE BE ADVISED:

THIS ACTION OF THE PLANNING COMMISSION CAN BE APPEALED TO THE CITY COUNCIL WITHIN TEN (10) CALENDAR DAYS AFTER THE DATE THE ACTION WAS TAKEN BY THE PLANNING COMMISSION.
