**APPLICATION OF LISA ARROYO AND RAYNE OF SANTA BARBARA, INC., APPLICANTS FOR CITY OF SANTA BARBARA, 520 E. YANONALI STREET, APN 017-113-016 OM-1/SD-3 (OCEAN-ORIENTED LIGHT MANUFACTURING/COASTAL OVERLAY) ZONES, GENERAL PLAN DESIGNATION: INSTITUTIONAL, LOCAL COASTAL PLAN DESIGNATION: MAJOR PUBLIC AND INSTITUTIONAL (MST2014-00199)**

The project consists of a new brine discharge facility in the southwest corner of the El Estero Waste Water Treatment Plant. Brine would be trucked to the site by Rayne of Santa Barbara, Inc. (or other authorized company), discharged into the new facility, and released into the Pacific Ocean via the existing ocean outfall conveyance system.

The project includes the installation of a new 4-inch stainless steel discharge pipe with hose adaptor onto the northern wall of the existing ocean outfall mixing box structure, and a new three-foot by three-foot pre-cast concrete basin beneath the hose adaptor to catch any spills during discharge. An interim digital display meter would be installed on the existing control panel located on the easterly side of the outfall mixing box structure. In the near future, in coordination with the City, this equipment would be upgraded to provide automation of testing equipment and reporting. A small 1-inch sampling line, for testing purposes, would be installed underground and would extend from the southeast corner of the structure approximately 15 feet to one of the new City-installed 6-inch discharge conduits.

The discretionary application required for this project is:

1. A Coastal Development Permit (CDP2014-00009) to allow the proposed development in the Appealable Jurisdiction of the City's Coastal Zone (SBMC §28.44.060); and
2. A Conditional Use Permit to allow the proposed use in the OM-1 Zone (SBMC Section 28.73.030 and SBMC Chapter 28.94).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Act Guidelines §15303 (New Construction or Conversion of Small Structures).
