APPLICATION OF DESIGNARC, ARCHITECTS FOR DAVE MEYERS,
1032 SANTA BARBARA STREET, APNS 029-212-024 & 029-212-002, C-2
COMMERCIAL ZONE, GENERAL PLAN DESIGNATION:
COMMERCIAL/HIGH DENSITY RESIDENTIAL/PRIORITY HOUSING
OVERLAY 37-63 DU/AC (MST2016-00071)

This project has been referred by the Historic Landmarks Commission to the Planning Commission per SBMC §22.22.133 for the sole purpose of obtaining focused comments related to parking, interior setbacks, density and support services. The purpose of this review is to allow the Planning Commission and the public an opportunity to review the proposed project at a conceptual level and provide the applicant, Historic Landmarks Commission, Staff Hearing Officer and staff with feedback related to the above mentioned issue areas.

The project involves a proposal for a new three-story mixed-use project using the Average Unit Density (AUD) Program (Priority Housing Overlay) on two lots totaling 7,908 square feet with a density of 45 dwelling units per acre (du/ac). The project proposes eight rental units and 1,369 square feet of nonresidential development, with 11 covered parking garage spaces and 8 covered bicycle spaces. The units include 7 two-bedroom units and one studio with an average unit size of 959 square feet. An existing one-story office building and a one-story single-family residence are proposed to be demolished. The proposal includes a voluntary lot merger of two parcels.

Two zoning modifications are required for the project and would be decided at a separate public hearing by the Staff Hearing Officer. These modifications include a Front Setback Modification to allow less than the required five-foot variable setback on the Santa Barbara Street frontage and an Outdoor Living Space Modification to allow an enclosed mirador balcony to count toward the private outdoor living space for the proposed studio unit.

No formal action on the project will be taken at this hearing, nor will any determination be made regarding environmental review of the proposed project. The environmental review will be conducted prior to action on the project by the Historic Landmarks Commission.

IV. ENVIRONMENTAL HEARING:

**FINAL ENVIRONMENTAL DOCUMENT FOR APPLICATION OF CLAY AURELL, AB DESIGN STUDIO, ARCHITECT FOR EMPRISE TRUST, 1925 EL CAMINO DE LA LUZ, APN 045-100-024, E-3/SD-3 (ONE-FAMILY RESIDENCE/COASTAL OVERLAY) ZONES, LOCAL COASTAL PLAN DESIGNATION: RESIDENTIAL (5 DU/ACRE) (MST2013-00240)**

This is a hearing only on the proposed Final Mitigated Negative Declaration that analyzes environmental effects of the proposed 1925 El Camino de la Luz residence project. The Planning Commission will consider adoption of the Final Mitigated Negative Declaration prepared for the project pursuant to the California Environmental Quality Act (CEQA) and CEQA Guidelines Section 15074.

The proposal consists of a new 2,789 square foot (net) three-story single-family residence with an attached 571 square foot (net) two-car garage on a 20,046 square foot coastal flag lot. The maximum height is 30 feet. Demolition and removal of existing infrastructure and debris (e.g., concrete paving, fencing, landslide debris) would occur prior to construction. Grading is estimated to be 1,180 cubic yards with cut and fill balanced onsite. Construction activities include the installation of deep caissons, shear-pins, and tie backs for site stabilization, using drilling and poured in place construction. A portion of the adjacent parcel, 1921 El Camino de la Luz, would be used as a temporary material and equipment storage area during construction. The duration of the demolition, grading, slope stabilization, and construction process is estimated to be 70 weeks (1.3 years).

The public review period for the Draft Mitigated Negative Declaration was February 10 to March 10, 2016. An environmental hearing on the Draft Mitigated Negative Declaration was held by the Planning Commission on March 3, 2016. The proposed Final Mitigated Negative Declaration, which includes topical responses to comments, analyzed the effects of the project on the environment, including those pertaining to coastal views and geologic conditions, and concludes that, with implementation of identified mitigation measures to avoid or reduce potential effects, the project would not result in significant unmitigated environmental impacts.

The discretionary permit application required for this project is a Coastal Development Permit (CDP2013-00014) to allow the proposed development in the Appealable Jurisdiction of the City’s Coastal Zone (SBMC§28.44.060). **No action on the Coastal Development Permit will be taken at the July 7, 2016 hearing.** Planning Commission action on the permit request will be considered at a subsequent hearing.
