**III. CONTINUED ITEM: Continued from April 21, 2016**

**APPLICATION OF LAUREL PEREZ, APPLICANT FOR UNKNOWN DREAM LLC, 801 CLIFF DRIVE, APN 045-250-008, R-2 ZONE, LOCAL COASTAL PLAN DESIGNATION: MEDIUM RESIDENTIAL/BUFFER (MST2014-00586)**

This item is continued from the April 21, 2016 Planning Commission hearing. The project addresses violations in enforcement case ENF2014-00616 for work done without required City review, approval, and permits at the 97 unit apartment complex located on a 6.72 acre parcel in the Coastal Zone. The violations include tree and other vegetation removal in an environmentally sensitive habitat area (ESHA) along a portion of Honda Valley Creek (including an established Monarch Butterfly overwintering site), as well as unpermitted remodeling of existing buildings, site work, and other landscaping alterations. The current project proposes to abate/correct these violations. While a large part of the site is in the non-appealable jurisdiction of the Coastal Zone, the Honda Valley Creek drainage is within the appealable jurisdiction, and removal or placement of vegetation in this environmentally sensitive habitat area triggers the requirement for a Coastal Development Permit for the project.

The unpermitted work proposed to be permitted consists of the removal of 32 mature Eucalyptus trees which provided Monarch butterfly overwintering habitat, removal of canopy trees and planting of palm trees in areas around buildings, other landscaping

alterations, replacement of irrigation system, and various exterior building changes, outdoor amenities, bike racks, and parking lot improvements and reconfiguration with 25 additional spaces.

The unpermitted work proposed to be removed consists of a concrete slab and seat wall, concrete pads with gym equipment, non-compliant exterior lighting, prohibited banner signs, entry pilasters with lighting, non-permitted stairs near street intersection, and eight Mexican Fan Palms planted along driveway near the restoration area.

Proposed new improvements include restoration of Monarch butterfly and riparian habitat, a Monarch Butterfly and riparian habitat maintenance and monitoring program, drainage improvements in the restoration area, tree mitigation planting, removal of Palm trees near Loma Alta, and planting of Cypress trees adjacent to buildings as well as other minor miscellaneous exterior improvements.

The discretionary applications required for this project are:

1. A Coastal Development Permit (CDP2015-00012) to allow the proposed development in the Appealable Jurisdiction of the City's Coastal Zone (SBMC §28.44.060);
2. Two Front Setback Modifications to allow as-built and proposed encroachments into the required 30-foot front setback along Cliff Drive and into the required 30-foot front setback along Loma Alta Drive (SBMC §28.92.110.2);
3. Two Fence Height Modifications to allow the as-built fencing to exceed 3 ½ feet in height within 10 feet of the front lot line along Cliff Drive and within 10 feet of the front lot line along Loma Alta Drive (SBMC §28.92.110.3).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Act Guidelines Section CEQA Guidelines Section 15333, Small Habitat Restoration Projects not exceeding five acres, Section 15303 for New Construction, Section 15304 for Minor Alterations to Land, and Section 15301 for miscellaneous minor alterations to Existing Facilities.
