APPLICATION OF BILL WOLF, ARCHITECT FOR DAVID AND MAUREEN ELLENBERG, 1401 SHORELINE DRIVE, APN 045-185-016, E-3/SD-3 ZONES, GENERAL PLAN DESIGNATION OF LOW DENSITY RESIDENTIAL MAX 5 DU/ACRE AND LOCAL COASTAL PLAN DESIGNATION: RESIDENTIAL5 DU/ACRE (MST16-00028)

The project consists of 45 square feet of first-story and 325 square feet of second-story additions to an existing 1,776 square foot two-story single family residence with an attached 429 square foot two-car garage on a 7,332 square foot lot. The project also includes a new covered entry porch, new 711 square foot rear deck with outdoor barbecue, and 180 square feet of balconies. The proposed total of 2,578 square feet is 85% of the required floor-to-lot area ratio (FAR). The project site is located in the E-3 Zone, the Hillside Design District, and the Appealable Jurisdiction of the Coastal Zone.

The discretionary application required for this project is a Coastal Development Permit (CDP2016-00002) to allow the proposed development in the Appealable Jurisdiction of the City's Coastal Zone (SBMC §28.44.060).

The Environmental Analyst has determined that the project qualifies for an exemption from further environmental review under Section 15301 of the California Environmental Quality Act (CEQA) Guidelines, which allows for small additions to existing structures.

WHEREAS, the Planning Commission has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, no one appeared to speak in favor of the application or in opposition thereto, and the following exhibits were presented for the record:

2. Site Plans

NOW, THEREFORE BE IT RESOLVED that the City Planning Commission:

I. Approved the subject application making the following findings and determinations:

COASTAL DEVELOPMENT PERMIT FINDINGS (SBMC §28.44.150)

A. The project is consistent with the policies of the California Coastal Act because it does not result in any adverse effects related to coastal resources, including views and public access, as described in Section VII of the Staff Report.

B. The project is consistent with all applicable policies of the City's Local Coastal Plan, as identified in Exhibit G of the Staff Report, all applicable implementing guidelines, and all applicable provisions of the Code because the project is compatible with the existing neighborhood, is not visible from the beach, will not impact views from public view corridors, will not impact public
access, will not contribute to safety or drainage hazards on the site, is not in an archaeological sensitivity zone and will not affect a coastal bluff.

II. Said approval is subject to the following conditions:

A. **Order of Development.** In order to accomplish the proposed development, the following steps shall occur in the order identified:

1. Obtain all required design review approvals.
2. Pay Land Development Team Recovery Fee (30% of all planning fees, as calculated by staff) at time of building permit application.
3. Record any required documents (see Recorded Conditions Agreement section).
4. Permits.
   a. Submit an application for and obtain a Building Permit (BLD) for construction of approved development and complete said development.
   b. Submit an application for and obtain a Public Works Permit (PBW) for all required public improvements and complete said improvements.

Details on implementation of these steps are provided throughout the conditions of approval.

B. **Recorded Conditions Agreement.** The Owner shall execute a written instrument, which shall be prepared by Planning staff, reviewed as to form and content by the City Attorney, Community Development Director and Public Works Director, recorded in the Office of the County Recorder, and shall include the following:

1. **Approved Development.** The development of the Real Property approved by the Planning Commission on June 2, 2016 is limited to a two-story addition of approximately 370 square feet to an existing 1,776 square foot two-story residence, a 711 square foot rear deck, 180 square feet of balconies and the improvements shown on the plans signed by the chairperson of the Planning Commission on said date and on file at the City of Santa Barbara. **Uninterrupted Water Flow.** The Owner shall allow for the continuation of any historic flow of water onto the Real Property including, but not limited to, swales, natural watercourses, conduits and any access road, as appropriate.

3. **Vehicle Storage Limitation.** No recreational vehicles, boats, or trailers shall be stored on the Real Property unless enclosed or concealed from view as approved by the Single Family Design Board (SFDB).

4. **Landscape Plan Compliance.** The Owner shall comply with the Landscape Plan approved by the Single Family Design Board (SFDB). Such plan shall not be modified unless prior written approval is obtained from the SFDB. The landscaping on the Real Property shall be provided and maintained in accordance with said landscape plan, including any tree protection measures. If said landscaping is removed for any reason without approval by the SFDB, the owner is responsible for its immediate replacement.

5. **Storm Water Pollution Control and Drainage Systems Maintenance.** Owner shall maintain the drainage system and storm water pollution control devices in a functioning state and in accordance with the Storm Water BMP Guidance Manual and Operations and Maintenance Procedure Plan approved by the Creeks Division. Should any of the project’s
surface or subsurface drainage structures or storm water pollution control methods fail to capture, infiltrate, and/or treat water, or result in increased erosion, the Owner shall be responsible for any necessary repairs to the system and restoration of the eroded area. Should repairs or restoration become necessary, prior to the commencement of such repair or restoration work, the Owner shall submit a repair and restoration plan to the Community Development Director to determine if an amendment or a new Building Permit and Coastal Development Permit is required to authorize such work. The Owner is responsible for the adequacy of any project-related drainage facilities and for the continued maintenance thereof in a manner that will preclude any hazard to life, health, or damage to the Real Property or any adjoining property.

C. **Design Review.** The project, including public improvements, is subject to the review and approval of the Single Family Design Board (SFDB).

D. **Requirements Prior to Permit Issuance.** The Owner shall submit the following, or evidence of completion of the following, for review and approval by the Department listed below prior to the issuance of any permit for the project. Some of these conditions may be waived for demolition or rough grading permits, at the discretion of the department listed. Please note that these conditions are in addition to the standard submittal requirements for each department.

1. **Public Works Department.** Following Planning Commission:
   a. **Sewer:** A videotaped sewer lateral inspection is required prior to the issuance of the building permit (BLD) due to the addition of two or more plumbing fixtures per SBMC 14.46.040. A list of over sixty qualified closed-circuit television survey and recording contractors and the Sewer Inspection Form (SLIP) is available on the City of Santa Barbara website [www.santabarbaraca.gov](http://www.santabarbaraca.gov). Please submit the sewer video and paperwork to the Public Works Counter.
   b. **Water Rights Assignment Agreement.** The Owner shall assign to the City of Santa Barbara the exclusive right to extract ground water from under the Real Property in an *Agreement Assigning Water Extraction Rights*. Engineering Division Staff prepares said agreement for the Owner’s signature and needs to be contacted.

2. **Community Development Department.**
   a. **Recordation of Agreements.** The Owner shall provide evidence of recordation of the written instrument that includes all of the Recorded Conditions identified in condition B “Recorded Conditions Agreement” to the Community Development Department prior to issuance of any building permits.
   b. **Drainage and Water Quality.** The project proposed less than 500 square feet of new/redeveloped impervious area and is required to comply with Tier 2 of the Storm Water BMP Guidance Manual, pursuant to Santa Barbara Municipal Code Chapter 22.87. Project plans for grading, drainage, stormwater facilities and treatment methods, and project development, shall be subject to review and approval by the City Building Division and Public Works Department. Sufficient engineered design and adequate measures shall be employed to ensure that no unpermitted construction-related or long-term effects from increased runoff,
erosion and sedimentation, urban water pollutants, or groundwater pollutants would result from the project.

c. **Design Review Requirements.** Plans shall show all design, landscape and tree protection elements, as approved by the appropriate design review board, and all elements/specifications shall be implemented on-site.

d. **Conditions on Plans/Signatures.** The final Resolution shall be provided on a full size drawing sheet as part of the drawing sets. A statement shall also be placed on the sheet as follows: The undersigned have read and understand the required conditions, and agree to abide by any and all conditions which are their usual and customary responsibility to perform, and which are within their authority to perform.

E. **Construction Implementation Requirements.** All of these construction requirements shall be carried out in the field by the Owner and/or Contractor for the duration of the project construction, including demolition and grading.

1. **Construction Contact Sign.** Immediately after Building permit issuance, signage shall be posted at the point of entry to the site that list the contractor’s name, and telephone number to assist Building Inspectors and Police Officers in the enforcement of the conditions of approval. Said sign shall not exceed six feet in height from the ground if it is free-standing or placed on a fence. It shall not exceed six square feet if in a single family zone.

2. **Construction Storage/Staging.** Construction vehicle/ equipment/ materials storage and staging shall be done on-site. No parking or storage shall be permitted within the public right-of-way, unless specifically permitted by the Public Works Director with a Public Works permit.

3. **Unanticipated Archaeological Resources Contractor Notification.** Standard discovery measures shall be implemented per the City master Environmental Assessment throughout grading and construction: Prior to the start of any vegetation or paving removal, demolition, trenching or grading, contractors and construction personnel shall be alerted to the possibility of uncovering unanticipated subsurface archaeological features or artifacts. If such archaeological resources are encountered or suspected, work shall be halted immediately, the City Environmental Analyst shall be notified and the Owner shall retain an archaeologist from the most current City Qualified Archaeologists List. The latter shall be employed to assess the nature, extent and significance of any discoveries and to develop
appropriate management recommendations for archaeological resource treatment, which may include, but are not limited to, redirection of grading and/or excavation activities, consultation and/or monitoring with a Barbareño Chumash representative from the most current City qualified Barbareño Chumash Site Monitors List, etc.

If the discovery consists of possible human remains, the Santa Barbara County Coroner shall be contacted immediately. If the Coroner determines that the remains are Native American, the Coroner shall contact the California Native American Heritage Commission. A Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

If the discovery consists of possible prehistoric or Native American artifacts or materials, a Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

A final report on the results of the archaeological monitoring shall be submitted by the City-approved archaeologist to the Environmental Analyst within 180 days of completion of the monitoring and prior to any certificate of occupancy for the project.

F. **Prior to Certificate of Occupancy.** Prior to issuance of the Certificate of Occupancy, the Owner of the Real Property shall complete the following:

1. **Repair Damaged Public Improvements.** Repair any public improvements (curbs, gutters, sidewalks, roadways, etc.) or property damaged by construction subject to the review and approval of the Public Works Department per SBMC §22.60. Where tree roots are the cause of the damage, the roots shall be pruned under the direction of a qualified arborist.

2. **Complete Public Improvements.** Public improvements, as shown in the public improvement plans or building plans, shall be completed.

G. **General Conditions.**

1. **Prior Conditions.** These conditions are in addition to the conditions identified in Planning Commission Resolutions 96-86 and 026-87.

2. **Compliance with Requirements.** All requirements of the city of Santa Barbara and any other applicable requirements of any law or agency of the State and/or any government entity or District shall be met. This includes, but is not limited to, the Endangered Species Act of 1973 [ESA] and any amendments thereto (16 U.S.C. § 1531 et seq.), the 1979 Air Quality Attainment Plan, and the California Code of Regulations.

3. **Approval Limitations.**
   a. The conditions of this approval supersede all conflicting notations, specifications, dimensions, and the like which may be shown on submitted plans.
b. All buildings, roadways, parking areas and other features shall be located substantially as shown on the plans approved by the Planning Commission.

c. Any deviations from the project description, approved plans or conditions must be reviewed and approved by the City, in accordance with the Planning Commission Guidelines. Deviations may require changes to the permit and/or further environmental review. Deviations without the above-described approval will constitute a violation of permit approval.

4. Litigation Indemnification Agreement. In the event the Planning Commission approval of the Project is appealed to the City Council, Applicant/Owner hereby agrees to defend the City, its officers, employees, agents, consultants and independent contractors ("City’s Agents") from any third party legal challenge to the City Council’s denial of the appeal and approval of the Project, including, but not limited to, challenges filed pursuant to the California Environmental Quality Act (collectively “Claims”). Applicant/Owner further agrees to indemnify and hold harmless the City and the City’s Agents from any award of attorney fees or court costs made in connection with any Claim.

Applicant/Owner shall execute a written agreement, in a form approved by the City Attorney, evidencing the foregoing commitments of defense and indemnification within thirty (30) days of being notified of a lawsuit regarding the Project. These commitments of defense and indemnification are material conditions of the approval of the Project. If Applicant/Owner fails to execute the required defense and indemnification agreement within the time allotted, the Project approval shall become null and void absent subsequent acceptance of the agreement by the City, which acceptance shall be within the City’s sole and absolute discretion. Nothing contained in this condition shall prevent the City or the City’s Agents from independently defending any Claim. If the City or the City’s Agents decide to independently defend a Claim, the City and the City’s Agents shall bear their own attorney fees, expenses, and costs of that independent defense.

III. NOTICE OF COASTAL DEVELOPMENT PERMIT TIME LIMITS: The Planning Commission action approving the Coastal Development Permit shall expire two (2) years from the date of final action upon the application, per Santa Barbara Municipal Code §28.44.230, unless:

A. Otherwise explicitly modified by conditions of approval for the coastal development permit.

B. A Building permit for the work authorized by the coastal development permit is issued prior to the expiration date of the approval.

C. The Community Development Director grants an extension of the coastal development permit approval. The Community Development Director may grant up to three (3) one-year extensions of the coastal development permit approval. Each extension may be granted upon the Director finding that: (i) the development continues to conform to the Local Coastal Program, (ii) the applicant has demonstrated due diligence in completing the development, and (iii) there are no changed circumstances that affect the consistency of the development with the General Plan or any other applicable ordinances, resolutions, or other laws.
This motion was passed and adopted on the 2nd day of June, 2016 by the Planning Commission of the City of Santa Barbara, by the following vote:

AYES: 6  NOES: 0  ABSTAIN: 0  ABSENT: 1 (Thompson)

I hereby certify that this Resolution correctly reflects the action taken by the city of Santa Barbara Planning Commission at its meeting of the above date.

Julie Rodriguez, Planning Commission Secretary  Date

PLEASE BE ADVISED:

THIS ACTION OF THE PLANNING COMMISSION CAN BE APPEALED TO THE CITY COUNCIL WITHIN TEN (10) CALENDAR DAYS AFTER THE DATE THE ACTION WAS TAKEN BY THE PLANNING COMMISSION.
