On September 10, 2009, the Planning Commission approved a project that consisted of changes to the Montecito Country Club golf course, buildings and associated improvements (Planning Commission Resolution 035-09). Those approved changes are currently under construction.

The current proposal is a request for a Substantial Conformance Determination to make the following changes to the approved project: 1) addition of practice hitting bays with nets covered by a trellis located west of the northern parking lot; 2) addition of a sport court and hardscape in place of a portion of the event lawn (located northeast of tennis courts and adjacent to hitting bays); and 3) addition of an entry pergola and 28 square foot staffed kiosk along Summit Road located approximately 800 feet west of Hot Springs Road. No changes are proposed to membership levels or parking count.

The purpose of the discussion is to receive input from the Planning Commission and the public regarding the request. The Community Development Director will make the final determination as to whether or not the proposal is in substantial conformance with the approved project; therefore, the Planning Commission will not take a formal action on this item.

You are invited to attend this meeting and address your comments to the Planning Commission. Due to time constraints, individual comments are typically limited to two minutes.
