Resolution No. 015-18

B. ACTUAL TIME: 3:11 P.M.

APPLICATION OF CITY OF SANTA BARBARA PUBLIC WORKS DEPARTMENT AND SANTA BARBARA COUNTY ASSOCIATION OF GOVERNMENTS FOR PUBLIC IMPROVEMENTS IN THE CITY RIGHT-OF-WAY, IN THE 1700 BLOCK OF EAST CABRILLO BOULEVARD IN THE APPEALABLE AND NON-APPEALABLE JURISDICTIONS OF THE COASTAL ZONE (MST2017-00526)

The project site is located in the City of Santa Barbara on East Cabrillo Boulevard, between the Cabrillo Boulevard/Highway U.S. 101 interchange and the intersection of Cabrillo Boulevard and Los Patos Way. The area is surrounded by commercial development, the Bird Refuge open space, Santa Barbara Cemetery, and residential development. The terrain of the roadway is relatively level, sloping slightly north to south toward the ocean. The portion of Cabrillo Boulevard included in the Project is a two-lane road that serves as access to U.S. 101, Coast Village Road and commercial development along Cabrillo Boulevard and Los Patos Way. Thirty-two existing trees would be removed including ten palm street trees. All trees would be replaced in the project area, including 10 new palm street trees.

The proposed project involves four main features:

- Replacement of the Union Pacific Railroad Bridge (UPRR) at the intersection of Cabrillo Boulevard and U.S. 101 to provide a wider opening for bicycle and pedestrian facilities;
- A new multi-use path for pedestrians and bicyclists along the east side of Cabrillo Boulevard and under the widened Union Pacific Railroad Bridge;
- Bicycle lanes and sidewalks along the 1700 Block of East Cabrillo Boulevard; and
- Construction of a roadway roundabout at East Cabrillo Boulevard/Los Patos Way/Channel Drive intersection.

Construction time is expected to last 18-months including 12-months for bridge removal/replacement and 6-months for construction of the roundabout and pedestrian/bicycle improvements. Access on East Cabrillo Boulevard would be maintained, including access to the commercial areas on Los Patos Way and Channel Drive. For one or possibly two periods of 59-hours, East Cabrillo Boulevard and the UPRR tracks would be closed at the bridge. However, Los Patos Way and Channel Drive would remain open. The project includes a rerouting plan during those hours.

The discretionary application required for this project is a Coastal Development Permit (SBMC §28.44.060) for development in the Appealable and Non-appealable jurisdiction of the Coastal Zone. The Environmental Analyst has determined that the project is exempt

from further environmental review pursuant to the California Environmental Quality Act (CEQA) under the following provisions:

CEQA Public Resources Code, Section 21080.13 Railroad Grade Separation, CEQA Public Resources Code, Section 21080.37 Alteration of Existing Roadway, and State CEQA Guidelines Categorical Exemption Section 15301 Existing Facilities Class 1 (C).

Approved the project, making the findings for the Coastal Development Permit as outlined in the Staff Report dated May 10, 2018, subject to the Conditions of Approval as outlined in the Staff Report, with revisions to the Conditions of Approval.
