**ACTUAL TIME: 1:05 P.M.**

**APPLICATION OF TRISH ALLEN OF SUZANNE ELLEDGE PLANNING AND PERMITTING SERVICES, AGENT FOR THE WRIGHT PARTNERS, PROPERTY OWNERS OF 301 E YANONALI STREET, APN 071-630-005, M-1/SP-2/SD-3 (LIGHT MANUFACTURING/SPECIFIC PLAN NO. 2 (CABRILLO PLAZA SPECIFIC PLAN)/COASTAL OVERLAY) ZONES, LOCAL COASTAL PROGRAM LAND USE PLAN DESIGNATION: INDUSTRIAL (PLN2012-00494)**

The 3.16-acre project site is located at the northeast corner of Garden and East Yanonali Streets. The project consists of the construction of a new two-story nonresidential development totaling approximately 33,451 net square feet, with a maximum height of 34 feet plus a tower element. The proposed development would be split into two buildings. Building 1 would be one-story with a maximum height of approximately 32 feet, 4 inches, and would contain approximately 25,376 net square feet. Building 2 would be two stories with a maximum height of approximately 34 feet and would contain approximately 8,075 net square feet, comprised of 4,111 net square feet on the ground floor and 3,964 net square feet on the second floor. The development is being proposed as “shell” buildings, with no specific users or uses identified at this time. The buildings could be leased to one user, or divided up for multiple users. A total of 138 vehicle parking spaces and 33 bicycle parking spaces are proposed.

Vehicular access to the development would be provided via a new driveway on E. Yanonali Street, approximately 280 feet east of the Garden Street/E. Yanonali Street intersection. The project includes sidewalk dedication along E. Yanonali Street in order to provide sidewalk and parkway consistent with the Pedestrian Master Plan along the project site’s E. Yanonali Street frontage.

The project development would be set back 50 feet from the top-of-bank of Laguna Channel, which is located along the site’s eastern property line. Habitat restoration is proposed within the 50-foot setback from the top-of-bank along the west side of the creek and within property boundaries on the east side of the creek.

Estimated earthwork includes 9,350 cubic yards (cy) of cut and 12,000 cy of fill, requiring 9,350 cy of exported soil and 12,000 cy of imported soil due to the presumption that all excavated material is contaminated and must be removed from the site and replaced.

All existing uses at the site (open yard and contractor supply storage) would be eliminated.

The discretionary applications required for this project are:

- A. A Development Plan for 33,451 square feet of nonresidential development from the Cabrillo Plaza Specific Plan area (SBMC Chapter 28.85);
- B. A Front Setback Modification to allow a trellis in the required front setback along Garden Street (SBMC §28.92.110);
- C. A Front Setback Modification to allow a trellis in the required front setback along East Yanonali Street (SBMC §28.92.110); and
- D. A Coastal Development Permit to allow the proposed development in the Appealable jurisdiction of the City’s Coastal Zone (SBMC §28.44.060).

The project requires an environmental finding pursuant to California Environmental Quality Act Guidelines Section 15183.

**Approved the project, making the findings for the Development Plan, Front Setback Modifications, and Coastal Development Permit as outlined in the Staff Report dated July 11, 2019, subject to the Conditions of Approval as outlined in the Staff Report, with the following revisions to the Conditions of Approval.**

1. Revise condition B.2 as submitted by Staff on July 18, 2019.
2. Remove the word "occupancy" on page from conditions B.2 and B.4.
