Dear Sign committee,

Please reject all the exceptions on all three sign addresses.

1. I have written at least twice before. This illumination , etc., is not needed. Please deny. De la Guerra St. El Pueblo Viejo. This should not need 6 reviews.
2. Why do businesses keep asking for exemptions? NO, Please deny extra height of letters. Hitchcock.
3. Again, why do businesses insist they be the exception? Why have rules if they are always broken. No, sign must not go above roof line. Too much clutter. De La Vina St. the former Jedlikas.

Thank you,

Sincerely,

Paulina Conn
