Project Description: Proposal to permit as-built work consisting of a 238 square foot porch enclosure, reconverting 494 square feet of detached accessory space back to garage space, interior remodel, and a footbridge across a tributary of Sycamore Creek. Also proposed is a new 39 square foot addition to the garage, removal of storage sheds from the setback, and trimming front hedge to 3.5 feet. The existing one-story 1,725 square foot single family residence is located on a 1.2 acre lot in the Hillside Design District. The proposal will abate violations in ENF2007-01003. Staff Hearing Officer approval of a modification is requested to allow alterations to the house within the front setback. The proposed total of 2,457 square feet is 48% of the maximum guideline floor to lot area ratio.

Public comments will be allowed during review of the project by the SFDB. The SFDB is a body appointed by the City Council to focus on neighborhood compatibility, aesthetics, and design issues.
