(Proposal to convert an existing 360 square foot attached two-car garage, infill a 124 square foot breezeway, and construct 353 square feet of one-story additions to 1,945 square foot, one-story, single-family residence. The project includes the permitting and conversion of an unpermitted detached two-car carport into a new 490 square foot two-car garage. The proposed total of 2,909 square feet of development on a 19,165 square foot lot in the Hillside Design District is 66% of the guideline maximum floor-to-lot area ratio [FAR]. This project will address violations in Zoning Information Report ZIR2015-00472.)

(Final Approval is requested; Project was last reviewed March 7, 2016.)

Actual time: 3:33 p.m.

Present: Don Swann, Designer.

Public comment opened at 3:40 p.m. As no one wished to speak, public comment was closed.

An opposition email of concern from Becky Cordes was acknowledged.

Staff clarified at the Board's request that proper surveys, setting property lines, easements, and setback issues are not within the Board's purview.

Motion: **Project Design Approval and Final Approval with the finding that the Neighborhood Preservation Ordinance criteria have been met as stated in Subsection 22.69.050 of the City of Santa Barbara Municipal Code, with conditions:**

- 1) The Board had positive comments regarding the project's consistency and appearance, neighborhood compatibility, quality of architecture and materials, and follows good neighbor guidelines.
- 2) Staff to determine and verify accuracies regarding the property lines and the 25-foot easement on the plans, and whether the retention pond is acceptable to be within the easement (Sheet C-101).
- 3) Remove any irrigated plantings from the drip line area of the oak trees.
- 4) The Board finds the proposed color board change of the white trim is acceptable.

Action: Pierce/Woolery, 7/0/0. Motion carried.

The ten-day appeal period was announced.

(This is a revised project description. Proposal for 743 square foot second-story addition to an existing 940 square foot, one-story single-family residence with an "as-built" 25 square foot front porch and a 380 square foot, detached, two-car garage. The proposed total of 2,088 square feet on a 4,193 square foot lot is 86% of the allowable maximum floor-to-lot area ratio [FAR]. An Administrative Height exception is required for an overheight "as-built" six foot high fence at the property. Staff Hearing Officer review is requested for zoning modifications to allow an "as-built" one story addition in the required front setback and to allow a conforming second-story addition that changes the basic characteristics of the existing residence, which is non-conforming to two-front yard setbacks.)

(Final Approval is requested. Project must comply with Staff Hearing Officer Resolution No. 032-16; Project was previously postponed two weeks and was last reviewed on February 22, 2016.)

Actual time: 3:57 p.m.

Present: Ellen Bildsten, Architect; and Erica Obertelli, Designer.

(Proposal to demolish an existing 1,101 square foot one story residence and 233 square foot garage and replace with a new two story 2,305 square foot residence and 420 square foot garage; and a new spa and outdoor fireplace. The proposed total of 2,725 square feet on an 8,089 square foot lot is 85% of the maximum allowable floor-to-lot area ratio [FAR]. A Coastal Exclusion is required.)

(Action may be taken if sufficient information is provided; Project was last reviewed on June 13, 2016.)

Actual time: 4:06 p.m.

Board member Bernstein recused herself from review of this item and stepped down from review, but reserved the right to speak on this item as a member of the public.

Present: Robert Foley, Architect; and Chuck McClure, Landscape Architect.

Public comment opened at 4:13 p.m.

- 1) Berni Bernstein, opposition; spoke of concerns regarding neighborhood compatibility and the proposed tall height of the project, and requested the project be scaled down.

A letter of concern from Gilbert and Joy Robledo was read out and acknowledged by the Board.

Public comment closed at 4:17 p.m.

The Chair stated for the public record that the Board is mainly an architectural design and aesthetics Board for mass, bulk, and scale, and neighborhood compatibility within guideline acceptability, and that denials of second story proposals without substantial impact to neighborhood compatibility are not within the Board's purview; however, application to change the Neighborhood Preservation Ordinance criteria of the City Municipal Code remains an option.

Motion: Project Design Approval with the finding that the Neighborhood Preservation Ordinance criteria have been met as stated in Subsection 22.69.050 of the City of Santa Barbara Municipal Code with positive comments regarding the project's consistency and appearance, neighborhood compatibility, quality of architecture and materials, landscaping, and follows good neighbor guidelines, and continued indefinitely to the Full Board with comments:

- 1) The Board recommends lowering north elevation first floor plate height to 8 feet (specifically in Section C, page A-4.1), and leave the second floor plate height at 8 feet.
- 2) Revise the plate height of the living area of the kitchen to a more appropriate plate height.
- 3) Provide a landscape plan.

Action: Moticha/Miller, 6/0/0. Motion carried. (Bernstein stepped down).

The ten-day appeal period was announced.

Public comment opened at 4:51 p.m.

- 1) Patricia Quealy Moore, opposition; spoke of concerns regarding landscaping and water use, neighborhood compatibility issues, and the proposed blocking of the private view corridor.
- 2) Bobby and Susan Shand, (adjacent neighbor, submitted letter) opposition; spoke of concerns regarding landscaping issues, neighborhood compatibility, blocking of private views, and maintaining the current natural appearance and maintaining property values.
- 3) Walter Moore, opposition; spoke of concerns regarding blocking of private views and maintaining current property values.
- 4) Pat Brodie, (landscape designer for Mr. & Mrs. Shand); opposition; spoke of concerns regarding proposed landscaping height issues (east side Calif. Buck Eye tree), grading and fill issues, and requested privacy screening along the driveway and respect for the night sky regarding a proposed lighting plan as a courtesy to adjacent property owners.
- 5) Val Groshed-Lewis (local landscape architect), opposition; spoke of concerns regarding the easement, and proposed drop in slope and plate height from a grading perspective on the appropriate elevations; and also requested posted height story poles and privacy screening along the driveway.

An opposition letter of concern was acknowledged and read into the record from Lindsay G. Shinn (Mullen & Henzell, LLP Attorney for Bobby & Susan Shand and Derek Westen), and an opposition letter from Cindy Steffen was acknowledged.

Public comment closed at 5:06 p.m.

Motion: Continued two weeks to Full Board with comments:

- 1) Restudy the exterior elevation for a more consistent (elliptical) proportion of arches and wall thickness. Address the lack of exterior aesthetic appeal of the architecture to be more symmetrical and proportional, especially on the shape and shadow of the roof eaves which should read to scale.
- 2) Restudy the landscape plan for less terracing, fill, or cut.
- 3) The proposed California Buck-Eye tree species is not appropriate; restudy to provide a more drought tolerant tree at a 24-foot maximum height.
- 4) Restudy with a locally licensed landscape architect for a more consistent and formal symmetric Spanish-Andalusian or Moorish style of architecture. Restudy water calculations.
- 5) Restudy the exterior elevation in relation to the windows and wall thickness surrounding the windows for more consistency.
- 6) Study to reduce the proposed chimney heights; especially the proposed master bedroom chimney.
- 7) Provide plan sections of perspective views from the northeast to the southwest of the property.
- 8) Unify hardscapes to be consistent throughout and restudy the lack of symmetry and proportions of the patio terrace and surround.
- 9) Restudy the apparent disconnect between the architectural design of the structure and the landscape plan.
- 10) Study to provide privacy screening.

Action: Miller/Pierce, 7/0/0. Motion carried.
