Santa Barbara-Kotor Sister City Committee

We faced a major change in Kotor with the retirement of Mayor Catovic and the election of the new mayor, Mr. Aleksandar Stjepcevic. Ms. Catovic will be missed, as she was an ardent supporter of our organization but, by all early accounts, it will be a delight to work with Mayor Stjepcevic.

We ran two successful fundraiser dinners this past year one at Divino Restaurant in Brentwood and the other at the Music Academy of the West. We raised enough money to support the following:

One of our Culinary Academy students interned at Divino Restaurant in Brentwood before accepting full time employment at the Porto Montenegro Resort. This makes six of our graduates working at major restaurants in Montenegro. The success of the program is such that we engaged Nikola Mikic, a highly qualified chef from Montenegro, to teach the program this year.

Our attempt to bring a youth water polo team from Kotor to Santa Barbara ran into some financial difficulties, but we are now on track to have sixteen of Montenegro's finest young players visit in Santa Barbara in April 2016.

We had an amazing young violinist, Jovana Bogojevic, from Montenegro audition for the coveted Fellow's Program at the Music Academy of the West. While we were disappointed that she was not chosen, please note that she was one of 1,700 musicians who auditioned for 135 positions.

A number of people have visited Kotor this past year and have received a warm welcome from the Mayor and tours of the city. In addition, we are beginning to see a number of visitors from Kotor. Most notable was Sara Ivanovic from the PortoNovi Resort. Ms. Ivanovic toured the Culinary School at Santa Barbara City College and discussed a working relationship with SBCC Culinary School graduates.

Santa Barbara-Toba Sister City Committee

Our year opened as usual with our wonderful exchange students. Our Santa Barbara students this year were very musical, and also enjoyed hosting a Fiesta parade viewing party. This year's group were very tech savvy, and posted photos of many of their activities online for us all to enjoy. The Toba Sister City Committee hosted a welcome Pool Party for the Toba guests, Santa Barbara host families and the members on July 27.

In July, several of our members participated in the Obon festival's Bon Odori folk dance at the Buddhist Temple in downtown Santa Barbara. Several of our Santa Barbara student ambassadors also participated, using this opportunity to learn and practice the Obon dances they would encounter once in Toba in August.

In early Fall we took a small group to the Los Angeles County Museum of Art to see a wonderful exhibit of vintage kimonos and related hand-drawn obi/kimono pattern books, which used to be destroyed after the final run of the weaving, so that they couldn't be stolen and reproduced. Such early pattern books are now very rare, so it was a treat to be able to enjoy them.

This year's 9/11 concert was a great success, and we enjoyed some Japanese flavor with a performance of Koto (Japanese traditional musical instrument) by Santa Barbara Koto Ensemble.

At the United Nations Day Dinner in October, we once again took a main role with the appearance of the Japanese dance troupe we invited from Oxnard. We rehearsed our members who wanted to participate with them, and dressed everyone in Japanese style for the evening, so we were a colorful sight on the floor that night! We managed to get most all the audience up to dance with us for the final number.

Our Shinnenkai on February 8 showcased the local Bonsai Club, with a talk and demonstration of the various types of bonsai, and the pots in which to grow them. A local potter friend also displayed his hand-made pots, and talked about how he chooses the "right" pot for a new or re-potted plant. It was a very educational evening, and drew an audience beyond our usual friends.

In April we had a small but enthusiastic group take a docent tour of the early-20th century "Shinhang" Japanese print exhibit at the S.B. Museum of Art, learning about how the modern world, and art from the west, especially the French, influenced Japanese printmakers of the period.

Japanese Way of Tea events in the L.A. area were an addition for our members again this Spring, as several of us Tea practitioners performed Tea demonstrations in support of the Raku lineage, 500-year pottery exhibit at the LACMA. Our Board members who are interested in the Way of Tea also attended a lecture there by the former Grand Master of the Urasenke Way of Tea, discussing Peacefulness through a bowl of Tea.

We have begun planning for our 50th anniversary of Sisterhood with Toba. The first stage will be our 20-man delegation visit to Toba this November, and then the return visit in 2016 of the delegation from Toba.
