The 4,800 square foot project site is currently developed with a 951 square foot single family residence and detached one-car garage. The proposed project involves a remodel and 155 square foot first floor addition. The discretionary application required for this project is a Modification to permit the addition to reduce the required 1,250 square foot open yard area (SBMC §28.15.060). The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15305.

WHEREAS, the Staff Hearing Officer has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, no one appeared to speak in favor of or in opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, October 11, 2006.
2. Site Plans

NOW, THEREFORE BE IT RESOLVED that the City Staff Hearing Officer:

Approved the project, making the findings as recommended by the Staff Report that the Modification is consistent with the purposes and intent of the Zoning Ordinance; and necessary to secure an appropriate improvement on the lot, with the conditions that all hedges are brought into compliance with zoning height regulations, the unpermitted trellis shall be removed from the setbacks, and that the plans show removal of utilities from the existing laundry area.

This motion was passed and adopted on the 11th day of October, 2006 by the Staff Hearing Officer of the City of Santa Barbara.

I hereby certify that this Resolution correctly reflects the action taken by the City of Santa Barbara Staff Hearing Officer at its meeting of the above date.
