## STAFF HEARING OFFICER STAFF REPORT

**REPORT DATE:** July 16, 2007  
**AGENDA DATE:** August 1, 2007  
**PROJECT ADDRESS:** 427 Alameda Padre Serra (MST2007-00054)

**TO:** Planning Commission  
**FROM:** Planning Division, (805) 564-5470  
 Jan Hubbell, AICP, Senior Planner  
 Peter Lawson, Associate Planner

### I. PROJECT DESCRIPTION

The project consists of converting an existing 2,090 square foot duplex to a condominium. Each unit would be 1,045 square foot, along with an 83 square foot laundry/storage area and a 224 square foot garage. In addition to the covered parking, one uncovered parking space will be provided for each unit. Utilities serving the existing structure will be placed below grade and the existing driveway/parking area will be repaved. Private open space will be provided by balconies accessed from each of the units. A private easement from Blanchard Street would provide access to the parking area.

#### Background

The duplex was originally constructed in 1960. A Modification was approved July 5, 2006 by the Staff Hearing Officer, which allowed the encroachment of decks, for each unit, into the required open yard. The basis for approving the Modification is that the decks provided usable outdoor living space. Since the existing natural grade of the lot is steeply sloped, there was no practical outdoor living space. Other permits issued for this project site, included building permits, were issued for a complete remodel of both units. The remodel included adding a second bathroom in each unit, a voluntary seismic upgrade of the building, the construction of the balconies and permitting replacing "as built" cement walkways with wood walkways.

### II. REQUIRED APPLICATIONS

The discretionary applications required for this project are:

1. A Tentative Subdivision Map for a one-lot subdivision to create two (2) residential condominium units (SBMC 27.07 and 27.13); and
2. A Condominium Conversion Permit to convert two (2) existing residential units to two (2) condominium units (SBMC 28.88).

**IV. SITE INFORMATION AND PROJECT STATISTICS**

**A. SITE INFORMATION**

Applicant:	Lori Kari, Architect	Property Owner:	Perry Perkins
Parcel Number:	031-391-010	Lot Area:	6,445.9 s.f.
General Plan:	Residential 12units/acre	Zoning:	R-2
Existing Use:	Residential	Topography:	21%
Adjacent Land Uses:			
	North - Residential		East - Residential
	South - Residential		West - Residential

**B. PROJECT STATISTICS**

	Existing	Proposed
Living Area	1,100 s.f. per unit	1,100 s.f. per unit
Garage	242 s.f. per unit	242 s.f. per unit
Accessory Space	95 s.f. per unit	95 s.f. per unit

**V. ZONING ORDINANCE CONSISTENCY**

Standard	Requirement/ Allowance	Existing	Proposed
Setbacks			
-Front	15' – single story 20- second story	Single story @ 17 – 23 feet	Single Story @ 17-23 feet
-Interior	6' 3'- covered & uncovered pkg.	8' – west side 6' – east side	8-' west side 6' – east side
-Rear	6'	35'	35'
Building Height	30	24' 9" – Maximum	24' 9" - Maximum
Parking	1.5 spaces/unit = 2 spaces	2 spaces/unit	2 spaces/unit
Lot Area Required for Each Unit (Variable Density)	20-30% slopes = 2.0 X 3,500 s.f. 7,000 s.f./unit - required	3,228 s.f./unit	3,228 s.f./unit
Open Yard	1,250 s.f.	340 s.f – Total 120 s.f./unit 100 s.f. add'l – Unit 1	340 s.f – Total 120 s.f./unit 100 s.f. add'l – Unit 1
Lot Coverage			
Building	N/A	2,198 s.f. @ 34%	2,198 s.f. @ 34%
Paving/Driveway	N/A	2,700 s.f. @ 40%	2,700 s.f. @ 40%
Landscaping	N/A	1,552 s.f. @ 24%	1,552 s.f. @ 24%

The proposed project would meet the requirements of the Two-Family Residence (R-2) Zone District, with the exception of the required lot area and outdoor space. The existing site development is considered legally non-conforming with respect to both the lot area and outdoor living space requirements. The lot area requirement would normally be 14,000 square feet due to the slope of the lot. The open yard area square footage was met; however, the area did not meet the minimum dimension requirements. Additionally, the open yard area is further compromised by both being mostly located on a steep slope and the southern portion of the lot is occupied by a twelve foot wide driveway easement. A Modification was approved in 2006 to encroach into the open yard area. This modification was supported because it created useable outdoor area. Under Section 28.88.030.C, Requirements and Procedures, a condominium conversion can be approved even if the development is legally non-conforming. However, no further additions are allowed, without a modification. Finally, no notification of tenants is required since the project site has been vacant since May of 2006, which is more than six months prior to submittal of this application.

The project can be found consistent with all other requirements of the condominium conversion ordinance. The required 200 c.f. of storage per unit is located in the separate laundry facilities for each unit and additional storage can be found in the garages. Two parking spaces per unit are provided, also consistent with the ordinance. Each unit would continue to have private outdoor open space provided by balconies. Although not required by the ordinance, the building has been seismically upgraded.

## **VI. ISSUES**

### **A. DESIGN REVIEW**

This project was reviewed by the Architectural Review Board (ABR) at one meeting (meeting minutes are attached as Exhibit C). On February 6, 2007, the ABR stated they supported the upgrades to the duplex that the applicant has completed to date. They encouraged the applicant to provide permeable material for the driveway and study materials for the steps leading to the units. The ABR recommended that the project be forwarded to the Staff Hearing Officer for consideration.

### **B. COMPLIANCE WITH THE GENERAL PLAN**

The project site is located in the Eastside neighborhood, as identified in the Land Use Element of the General Plan. The Eastside neighborhood is comprised of single family dwellings with duplexes and multi-family dwellings interspersed. The duplex development of this site would be consistent with the General Plan. Parking, consistent with the ordinance, is provided on site. Adequate pedestrian access is provided both on the north and south side of the lot and vehicle access is provided via an easement from Blanchard Street, located to the south. Prior to submittal of the application for the condominium conversion, the applicant extensively remodeled the building both internally and externally, which provides an improvement to the visual quality of the neighborhood. As part of the remodel of the building, a deck was

constructed for each unit, which provides outdoor space on a lot with a slope of approximately 21%.

Although the project has a density of approximately 14 units per acre, which exceeds the General Plan designation of 12 units/acre, the Condominium Conversion Ordinance allows conversions that are legally nonconforming with the General Plan density standards. This density is a legal nonconforming situation, and does not change with the proposed condominium conversion. Condominium conversions are specifically exempted from density provisions as long as they are legally nonconforming to those requirements. Based on staff's analysis, the proposed subdivision can be found consistent with the plans and policies of the City of Santa Barbara.

**C. ENVIRONMENTAL REVIEW**

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15301, Existing Facilities, for the division of existing residences into common interest ownership.

**VII. FINDINGS**

The Staff Hearing Officer finds the following:

**A. THE TENTATIVE MAP (SBMC)**

The Tentative Subdivision Map is consistent with the General Plan and the Zoning Ordinance of the City of Santa Barbara. The site is physically suitable for the proposed development, the project is consistent with the variable density provisions of the Municipal Code and the General Plan, and the proposed use is consistent with the vision for this neighborhood of the General Plan. The design of the project will not cause substantial environmental damage, and associated improvements will not cause serious public health problems.

**B. FOR THE CONDOMINIUM CONVERSION (SBMC §28.88.120)**

1. The project is consistent with the provisions of the Condominium Conversion Ordinance and the project will not be detrimental to the health, safety, and general welfare of the community.
2. The proposed conversion is legally nonconforming to the density requirement of the Land Use Element of the General Plan (Residential- 12 units/acre). The unit density of the project is 13 units/acre.
3. The proposed conversion will conform to the Santa Barbara Municipal Code in effect at the time the application was deemed complete, except as otherwise provided in the Condominium Conversion Ordinance.

4. The overall design (including project amenities) and physical condition of the conversion will result in a project which is aesthetically attractive, safe, and of quality construction.
5. The applicant has not engaged in coercive retaliatory action regarding the tenants after the submittal of the first application for City review through the date of approval.
6. The owner has made a reasonable effort to assist those tenants wishing to purchase their units for purposes of minimizing the direct effect on the rental housing market created by relocating such tenants.
7. The requirements of Section 28.88.130 have been met because projects with four or fewer units are exempt from this provision.
8. The use of the site as condominium units will not be detrimental to the public peace, health, safety, comfort or general welfare, nor will it decrease property values in the neighborhood. Adequate consideration has been given to setbacks, visibility, amenities and parking such that there will be no impact on surrounding properties or the neighborhood in general.

PLANNING COMMISSION CONDITIONS OF APPROVAL

427 ALAMEDA PADRE SERRA  
CONDOMINIUM CONVERSION AND TENTATIVE SUBDIVISION MAP  
AUGUST 1, 2007

In consideration of the project approval granted by the Planning Commission and for the benefit of the owner(s) and occupant(s) of the Real Property, the owners and occupants of adjacent real property and the public generally, the following terms and conditions are imposed on the use, possession, and enjoyment of the Real Property:

- A. **Recorded Agreement.** The following conditions shall be imposed on the use, possession and enjoyment of the Real Property and shall be memorialized in an "*Agreement Relating to Subdivision Map Conditions Imposed on Real Property*" reviewed and approved as to form and content by the City Attorney, Community Development Director and Public Works Director that shall be executed by the Owners concurrent with the Final Map, and recorded by the City prior to issuance of any Public Works permit or Building Permits for the condominium conversion. Said agreement(s) shall be recorded in the Office of the County Recorder:
1. **Uninterrupted Water Flow.** The Owner shall provide for the uninterrupted flow of water through the Real Property including, but not limited to, swales, natural watercourses, conduits and any access road, as appropriate.
  2. **Recreational Vehicle Storage Prohibition.** No recreational vehicles, boats, or trailers shall be stored on the Real Property.
  3. **Landscape Plan Compliance.** The Owner shall comply with the Landscape Plan approved by the Architectural Board of Review (ABR). Such plan shall not be modified unless prior written approval is obtained from the ABR. The landscaping on the Real Property shall be provided and maintained in accordance with said landscape plan. If said landscaping is removed for any reason without approval by the ABR, the owner is responsible for its immediate replacement.
  4. **Storm Water Pollution Control and Drainage Systems Maintenance.** Owner shall maintain the drainage system and storm water pollution control devices intended to intercept siltation and other potential pollutants (including, but not limited to, hydrocarbons, fecal bacteria, herbicides, fertilizers, etc. ) in a functioning state and in accordance with the Operations and Maintenance Procedure Plan approved by the Building Official. Should any of the project's surface or subsurface drainage structures or storm water pollution control methods fail to capture, infiltrate, and/or treat, or result in increased erosion, the Owner shall be responsible for any necessary repairs to the system and restoration of the eroded area. Should repairs or restoration become necessary, prior to the commencement of such repair or restoration work, the applicant shall submit a repair and restoration plan to the Community Development Director to determine if an amendment or a new Building Permit is required to authorize such work. The Owner is responsible for the adequacy of any project-related drainage facilities and for the continued maintenance thereof in a manner that will preclude any hazard to life, health, or damage to the Real Property or any adjoining property.
  5. **Approved Development.** The development of the Real Property approved by the Staff Hearing Officer on August 1, 2007 is limited to the conversion of duplex on one lot, to

**EXHIBIT A**

two condominiums, and improvements as shown on the Tentative Subdivision Map and architectural plans signed by the Staff Hearing Officer on said date and on file at the City of Santa Barbara.

6. **Public Improvement Agreement.** "Agreement for Land Development Improvements", and associated Securities.
  7. **Required Private Covenants.** The Owners shall record in the official records of Santa Barbara County either private covenants, a reciprocal easement agreement, or a similar agreement which, among other things, shall provide for all of the following:
    - a. **Common Area Maintenance.** An express method for the appropriate and regular maintenance of the common areas, common access ways (including the driveway easement), common utilities and other similar shared or common facilities or improvements of the development, which methodology shall also provide for an appropriate cost-sharing of such regular maintenance among the various owners of the condominium units.
    - b. **Available for Parking for Tenants.** A covenant that includes a requirement that all uncovered parking spaces and garage spaces shall be kept open and available for the parking of vehicles owned by the residents of the property.
    - c. **Landscape Maintenance.** A covenant that provides that the landscaping shown on the approved Landscaping Plan shall be maintained and preserved at all times in accordance with the Plan.
    - d. **Trash and Recycling.** Trash holding areas shall include recycling containers with at least equal capacity as the trash containers, and trash/recycling areas shall be easily accessed by the consumer and the trash hauler. Green waste shall either have containers adequate for the landscaping or be hauled off site by the landscaping maintenance company. If no green waste containers are provided for common interest developments, include an item in the CC&Rs stating that the green waste will be hauled off site.
    - e. **Covenant Enforcement.** A covenant that permits each owner to contractually enforce the terms of the private covenants, reciprocal easement agreement, or similar agreement required by this condition.
- B. Design Review.** The following items are subject to the review and approval of the Architectural Board of Review (ABR). ABR shall not grant preliminary approval of the project until the following conditions have been satisfied.
1. **Driveway.** Incorporate a permeable paving system for the project driveway and parking areas that will allow a portion of the paved area runoff to percolate into the ground, except as necessary to meet Fire Department weight requirements. Materials in driveways and parking areas must be approved by the Transportation Manager.
- C. Building Permit Plan Requirements.** The following requirements/notes shall be incorporated into the construction plans submitted to the Building and Safety Division for Building permits.

1. **Design Review Requirements.** Plans shall show all design, landscape and tree protection elements, as approved by the Architectural Board of Review, outlined in Section B above.
2. **Hydrology Calculations.** All drainage conveyance systems shall be designed to convey the 25-year storm event. If additional drainage conveyance structures are needed based on the review of the results of the hydrology calculations, the improvements shall be shown on the improvement plans and constructed prior to Certificate of Occupancy for the improvements permit, and prior to recordation of the Final Map, at the sole expense of the Owner.
3. **Private Driveway Improvements.** The proposed driveway shall be constructed to the standards provided in the Subdivision Design and Improvement Standards and as approved by the Public Works Director.
4. **Utilities.** Provide individual water, electricity, and gas meters, and sewer lateral for each residential unit. Service lines for each unit shall be separate until a point five feet (5') outside the building. All utilities shall be below grade.
5. **Trash Enclosure Provision.** A trash enclosure with adequate area for recycling containers (an area that allows for a minimum of 50 percent of the total capacity for recycling containers) shall be provided on the Real Property and screened from view from surrounding properties and the street.

Dumpsters and containers with a capacity of 1.5 cubic yards or more shall not be placed within five (5) feet of combustible walls, openings, or roofs, unless protected with fire sprinklers.

6. **Conditions on Plans/Signatures.** The final Planning Commission Resolution shall be provided on a full size drawing sheet as part of the drawing sets. Each condition shall have a sheet and/or note reference to verify condition compliance. If the condition relates to a document submittal, indicate the status of the submittal (e.g., Final Map submitted to Public Works Department for review). A statement shall also be placed on the above sheet as follows: The undersigned have read and understand the above conditions, and agree to abide by any and all conditions which is their usual and customary responsibility to perform, and which are within their authority to perform.

Signed:

_____		_____
Property Owner		Date

----------	------	-------------

**D. Community Development Requirements Prior to Building or Public Works Permit Application/Issuance.** The following shall be finalized prior to, and/or submitted with, the application for any Building or Public Works permit:

1. **Contractor and Subcontractor Notification.** The Owner shall notify in writing all contractors and subcontractors of the site rules, restrictions, and Conditions of Approval. Submit a copy of the notice to the Planning Division.
2. **Noise Measurements.** Submit an interior noise analysis from a licensed acoustical engineer, verifying that interior noise levels for future conditions (20 years) are no more than 45 dBA CNEL. As part of the structural and seismic upgrades, any deficiencies in noise mitigation shall be remedied.

**E. Construction Implementation Requirements.** All of these construction requirements shall be carried out in the field by the Owner and/or Contractor for the duration of the project construction.

1. **Construction Hours.** Construction (including preparation for construction work) is prohibited Monday through Saturday before 7:00 a.m. and after 5:00 p.m., and all day on Sundays and holidays observed by the City of Santa Barbara, as shown below:

New Year's Day	January 1st*
Martin Luther King's Birthday	3rd Monday in January
Presidents' Day	3rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4th*
Labor Day	1st Monday in September
Thanksgiving Day	4th Thursday in November
Following Thanksgiving Day	Friday following Thanksgiving Day
Christmas Day	December 25th*

\*When a holiday falls on a Saturday or Sunday, the preceding Friday or following Monday, respectively, shall be observed as a legal holiday.

When, based on required construction type or other appropriate reasons, it is necessary to do work outside the allowed construction hours, contractor shall contact the Chief of Building and Safety to request a waiver from the above construction hours, using the procedure outlined in Santa Barbara Municipal Code §9.16.015 Construction Work at Night. Contractor shall notify all residents within 300 feet of the parcel of intent to carry out night construction a minimum of 48 hours prior to said construction. Said notification shall include what the work includes, the reason for the work, the duration of the proposed work and a contact number.

**F. Public Works Submittal Prior to Final Map Recordation.** The Owner shall submit the following, or evidence of completion of the following, to the Public Works Department for review and approval, prior to recordation of the Final Map:

1. **Building Permit Required for Conversion.** Provide evidence that a conversion permit has been issued and all work completed for the conversion of the duplex to two condominium units.
2. **Parcel Map.** The Owner shall submit to the Public Works Department for approval, a Parcel Map prepared by a licensed land surveyor or registered Civil Engineer. The Parcel Map shall conform to the requirements of the City Survey Control Ordinance.
3. **Dedication(s).** Easements as shown on the approved Tentative Subdivision Map (described as follows), subject to approval of the easement scope and location by the Public Works Department and/or the Building and Safety Division:
  - a. A two (2) -foot wide easement for sanitary sewer purposes as shown on the approved Tentative Subdivision Map.
  - b. A reciprocal access easement (twelve (12) feet in width) for vehicles on APN 031-391-010, in favor of APN 031-391-009.
4. **Water Rights Assignment Agreement.** The Owner shall assign to the City of Santa Barbara the exclusive right to extract ground water from under the Real Property in an "Agreement Assigning Water Extraction Rights." Engineering Division Staff will prepare said agreement for the Owner's signature.
5. **Required Private Covenants.** The Owner shall submit a copy of the recorded private covenants, reciprocal easement agreement, or similar private agreements required for the project. If the private covenants required pursuant to Section A.7 above have not yet been approved by the Department of Real Estate, a draft of such covenants shall be submitted.
6. **Alameda Padre Serra Public Improvement Plans.** The Owner shall submit building plans for construction of improvements along the property frontage on Alameda Padre Serra. As determined by the Public Works Department, the improvements shall include new and/or remove and replace to City standards, the following: asphalt concrete, crack seal to the centerline of the street along entire subject property frontage and a minimum of 20 feet beyond the limit of all trenching, underground service utilities, connection to City water and sewer mains, public drainage improvements with supporting drainage calculations and/or hydrology report for installation of (drainage pipe, curb drain outlets, slot/trench drain, drop inlet, detention, erosion protection (provide off-site storm water BMP plan), etc.), preserve and/or reset survey monuments and contractor stamps, and provide adequate positive drainage from site. Any work in the public right-of-way requires a Public Works Permit.
7. **Land Development Agreement.** The Owner shall submit an executed "Agreement for Land Development Improvements," prepared by the Engineering Division, an Engineer's Estimate, signed, and stamped by a registered civil engineer, and securities for construction of improvements prior to execution of the agreement.

8. **Removal or Relocation of Public Facilities.** Removal or relocation of any public utilities or structures must be performed by the Owner or by the person or persons having ownership or control thereof.
- H. Public Works Requirements Prior to Building Permit Issuance.** The Owner shall submit the following, or evidence of completion of the following to the Public Works Department for review and approval, prior to the issuance of a Building Permit for the project.
1. **Recordation of Final Map and Agreements.** After City Council approval, the Owner shall provide evidence of recordation to the Public Works Department.
  2. **Approved Public Improvement Plans and Concurrent Issuance of Public Works Permit.** Upon acceptance of the approved public improvement plans, a Public Works permit shall be issued concurrently with a Building permit.
- I. Prior to Certificate of Occupancy for the Conversion Permit.** Prior to issuance of the Certificate of Occupancy for the Conversion Permit, the Owner of the Real Property shall complete the following:
1. **Repair Damaged Public Improvements.** Repair any damaged public improvements (curbs, gutters, sidewalks, roadways, etc.) subject to the review and approval of the Public Works Department per SBMC §22.60.090. Where tree roots are the cause of the damage, the roots shall be pruned under the direction of a qualified arborist.
  2. **Complete Public Improvements.** Public improvements, as shown in the building plans, including utility service undergrounding and installation of street trees.
  3. **Manholes.** Raise all sewer and water manholes on easement to final finished grade.
  4. **Noise Measurements.** Submit a final report from a licensed acoustical engineer, verifying that interior and exterior living area noise levels are within acceptable levels as specified in the Noise Element. In the event the noise is not mitigated to acceptable levels, additional mitigation measures shall be recommended by the noise specialist and implemented subject to the review and approval of the Building and Safety Division and the Architectural Board of Review (ABR).
  5. **Recordation of Final Map and Agreements.** After City Council approval of the Map and Agreements, the Owner shall provide evidence of recordation to the Public Works Department.
- J. Litigation Indemnification Agreement.** In the event the Planning Commission approval of the Project is appealed to the City Council, Applicant/Owner hereby agrees to defend the City, its officers, employees, agents, consultants and independent contractors ("City's Agents") from any third party legal challenge to the City Council's denial of the appeal and approval of the Project, including, but not limited to, challenges filed pursuant to the California Environmental Quality Act (collectively "Claims"). Applicant/Owner further agrees to indemnify and hold harmless the City and the City's Agents from any award of attorney fees or court costs made in connection with any Claim.

Applicant/Owner shall execute a written agreement, in a form approved by the City Attorney, evidencing the foregoing commitments of defense and indemnification within thirty (30) days of the City Council denial of the appeal and approval of the Project. These commitments of defense and indemnification are material conditions of the approval of the Project. If Applicant/Owner fails to execute the required defense and indemnification agreement within the time allotted, the Project approval shall become null and void absent subsequent acceptance of the agreement by the City, which acceptance shall be within the City's sole and absolute discretion. Nothing contained in this condition shall prevent the City or the City's Agents from independently defending any Claim. If the City or the City's Agents decide to independently defend a Claim, the City and the City's Agents shall bear their own attorney fees, expenses, and costs of that independent defense.

**NOTICE OF TENTATIVE SUBDIVISION MAP (INCLUDING CONDOMINIUM CONVERSIONS) TIME LIMITS:**

The Planning Commission's action approving the Tentative Map shall expire two (2) years from the date of approval. The subdivider may request an extension of this time period in accordance with Santa Barbara Municipal Code §27.07.110.

Condominium Conversion  
Of an Existing Duplex  
427 APS  
Santa Barbara CA 93103  
APN. 031.391.010 Zone R-2

Dear Jaime Limone,

We are requesting a Condominium Conversion approval for an existing residential duplex. The structure was built in 1960 and has been extensively remodeled and upgraded in 2006 -2007. The upgrades have been numerous, to bring the building up to current living standards and fulfill the Building Code standards required by the Building Department.

The improvements include new dual glazed sliding doors and windows, new appliances, plumbing fixtures, electrical and lighting, along with new decks for required private outdoor living spaces. The parking requirements have been met, along with the separate laundry facilities and adequate storage for each unit. The trash and recycling enclosure also meets the requirements, along with landscaping that been upgraded and refined.

The project also has fulfilled the Dart requirements from the various agencies' requests, and ABR also responded favorably to our project.

The owner has created exceptional living units, with amenities and attention to detail that exceed the standard for construction and upgrades of condominium conversions. We believe that our project meets the City requirements for the Conversion and is a positive addition to the residential housing market.

Respectfully submitted,

*Lori A. Kari.*

**CONCEPT REVIEW - NEW ITEM: PUBLIC HEARING****5. 718 E MASON ST**

M-1 Zone

Assessor's Parcel Number: 017-121-005  
Application Number: MST2007-00056  
Owner: Avalos Dora Ontiveros  
Architect: Rex Ruskauff  
Owner: Jaime Melgoza

(Proposal to construct a new 2,414 square foot, two-story commercial building with office and warehouse space on a 5,016 square foot parcel. Five parking spaces would be provided in a parking lot at the rear.)

**(COMMENTS ONLY; PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT AND DEVELOPMENT PLAN APPROVAL FINDINGS.)**

(7:12)

Present: Rex Ruskauff, Architect.

Public comment opened at 7:29 p.m., and as no one wished to speak, public comment closed at 7:29 p.m.

Motion: Continued indefinitely to the Full Board with the following comments:

1. Study the front elevation in relation to the porch and the columns. One suggested solution might be to pull the columns forward, creating a larger opening between the wall and the column on east elevation.
2. Study the proximity of the two-story building, in its relationship to the neighboring connection to the neighboring two story building, the gutter and overhang detail at the northwest corner.
3. The Board does not support the minimal cantilevers.
4. The applicant is encouraged to solve the roofing connection between the warehouse section at the rear and the cantilevered section, as shown.
5. Provide a landscape plan, including the parkway.

Action: Sherry/Manson-Hing, 5/1/0. Blakeley opposed.

**CONCEPT REVIEW - NEW ITEM: PUBLIC HEARING****6. 427 ALAMEDA PADRE SERRA**

(Proposal to convert an existing 2,704 square foot two-story residential duplex into two condominiums. Parking is provided in two one-car garages and two uncovered spaces. Staff Hearing Officer approval of the condominium conversion is requested.)

**(COMMENTS ONLY; PROJECT REQUIRES ENVIRONMENTAL ASSESSMENT AND STAFF HEARING OFFICER APPROVAL OF A TENTATIVE SUBDIVISION MAP FOR CONDOMINIUMS.)**

(7:33)

Present: Lori Kari, Architect; Perry Perkins, Owner.

Public comment opened at 8:03 p.m., and as no one wished to speak, public comment closed at 8:03 p.m.

Motion: Continued indefinitely to the Staff Hearing Officer and back to the Full board with the following comments:

1. The Board appreciates the effort the applicant has made in upgrading the building, especially with regard to the new balcony details.
2. Study permeable paving or interlocking paving improvements to the driveways in lieu of asphalt. Study a surface treatment for the steps at grade at the two condominium entrances.
3. Indicate on the plans the proposed location of the trash enclosures for both units.
4. Provide streetscape photographs of the street entry off of Alameda Padre Serra; and the vehicle entry area. Provide photographs of the existing gate, handrails, and steps to the units, for use in review/advising on entries, site circulation and way finding.

Action: Sherry/Manson-Hing, 6/0/0.
