## STAFF HEARING OFFICER STAFF REPORT

**REPORT DATE:** April 23, 2008  
**AGENDA DATE:** May 7, 2008  
**PROJECT ADDRESS:** 1810 Las Canoas Road (MST2005-00806)

**TO:** Staff Hearing Officer  
**FROM:** Planning Division, (805) 564-5470  
 Danny Kato, Zoning & Enforcement Supervisor  
 Betsy Teeter, Planning Technician II

### I. PROJECT DESCRIPTION

The 6.5 acre project site is currently developed with a 1,775 square-foot single family residence, 500 square-foot accessory structure, a 1,195 square-foot barn, a 528 square-foot garage, and a 480 square-foot "as-built" accessory building. The proposed project involves legalization of the "as-built" structure. The discretionary application required for this project is a Modification to permit detached accessory floor area in excess of 500 square-feet (SBMC § 28.87.160). Failure to pull the necessary building permit within the two year time limit resulted in expiration of the approval. This is a request to reinstate that approval.

Date Application Accepted: March 18, Date Action Required: August 7, 2008

Accessory Space	2,175 sf	No Change

**III. LOT AREA COVERAGE**

Lot Coverage (Proposed):

Building:	4,478 s.f. (2%)
Paving/Driveway	3,200 s.f. (1%)
Landscaping	271,106 s.f. (97%)
Lot Area:	Approx. 6.5 acres

**IV. DISCUSSION**

On January 17, 2006, this project was reviewed by the Architectural Board of Review (ABR) and received positive comments. The Board's position was that this Modification was technical in nature and had no aesthetic impact to the neighborhood or the site (Exhibit C). On February 15, 2006, this project was approved by the Staff Hearing Officer subject to the Conditions of Approval set forth in Resolution No. 001-06. All Conditions have been complied with, including recordation of a Zoning Compliance Declaration. On July 31, 2006, this project received final ABR approval as submitted, with the finding that the Neighborhood Preservation Ordinance criteria had been met as stated in Subsection 22.68.060 of the City of Santa Barbara Municipal Code. On July 31, 2007, the applicant received a one year extension of the ABR approval. The Staff Hearing Officer approval expired on February 15, 2008 due to the failure of the applicant to secure the necessary building permit.

The purpose and intent of limiting accessory size is to prevent a proliferation of detached structures on single family lots. Regardless of the lot size, the 500 square foot maximum attempts to provide adequate detached structures for auxiliary uses on all single family residential zoned lots. Although the 500 square foot maximum makes sense for the smaller lot sizes, Staff routinely supports larger amounts of accessory space for greater lot areas. This lot, with over 6.5 acres, can easily accommodate more than the allowable without impacts to this property or to the neighborhood.

**V. RECOMMENDATION/FINDINGS**

Staff recommends that the Staff Hearing Officer approve the project by making the findings that the Modification is necessary to secure an appropriate improvement on site and meets the

purpose and intent of the ordinance by providing an amount of accessory space that is in proportion with the lot area.

                          APN 012-040-003  
                          A-1 Zone**

**EXISTING CONDITIONS, PROPOSED PROJECT**

Existing structures on this lot include the following:

- 1.)        1,775 (net) s.f. Single Family Residence, and
- 2.)        Detached Accessory Structures:
  - 2.1        500 (net) s.f. Artist Studio ("Bunk House")
  - 2.2        1,195 (net) s.f. Barn
  - 2.3        528 s.f. (net) Garage
  - 2.4        480 s.f. (net) Garden Storage Shed (Proposed as Built)

**SPECIFIC MODIFICATION REQUEST**

1.0        To reinstate Resolution 001-06, granted 2.15.2006, which permitted an As-Built 480 s.f. (net) Accessory Structure (Garden Storage Shed) and allowed detached accessory floor area in excess of 500 s.f. (SBMC 28.87.160). Building Permit 2006-01794 is ready to issue; it only requires reinstatement of Resolution 001-06.

**PROJECT BENEFITS**

- 1.)        The Accessory Structure serves as a storage and workshop area for the existing small house. It is a fireproof, sustainably built structure that compliments the rural nature of the surrounding structures. It is a honest, modest functional accessory structure of enormous sentimental value to the Owner, who built the structure with his deceased son.
- 2.)        The Accessory Structure is sited away from the other structures and the street. It complies with all required setback regulations and height regulations. It is built according to the High Fire requirements. It is not a habitable structure and does not add an additional living unit to the property. It has no impact on any surrounding structures on neighboring property.
- 3.)        On January 17, 2006 this as-built project was reviewed by the Architectural Board of Review and received positive comments. The Board's position was that this Modification was technical in nature, had no aesthetic impact to the neighborhood or site. One letter from a neighbor was received (Gwen Phillips) which stated that she "heartily approved" of the project.
- 4.)        This lot, with over 6.5 acres, can easily accommodate more that the allowable accessory structure area without impact to this property or to the neighborhood.
- 5.)        The project was previously granted the above referenced modification which was unintentionally allowed to lapse; this application requests it be reinstated.

Your consideration of these requests is greatly appreciated.

Sincerely,

  
Tom Jacobs, A.I.A.

RESOLUTION NO. 001-06

1810 LAS CANOAS ROAD

MODIFICATION

FEBRUARY 15, 2006

**APPLICATION OF TOM JACOBS, AGENT FOR PATRICK DAVIS, 1810 LAS CANOAS ROAD, 021-040-003, A-1 ONE-FAMILY RESIDENTIAL ZONE, GENERAL PLAN DESIGNATION: RESIDENTIAL 1 UNIT PER ACRE (MST2005-00806)**

The 6.5 acre project site is currently developed with a 1,775 square-foot single family residence, 500 square-foot accessory structure, 1,195 square-foot barn, 528 square-foot garage, and a 480 square-foot "as-built" accessory building. The proposed project involves legalization of the "as-built" structure.

The discretionary application required for this project is a Modification to permit detached accessory floor area in excess of 500 square-feet (SBMC § 28.87.160).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15303(ENV2005-00806).

**WHEREAS**, the Staff Hearing Officer has held the required public hearing on the above application, and the Applicant was present.

**WHEREAS**, no one appeared to speak in favor of the application or in opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, February 15, 2006.
2. Site Plans

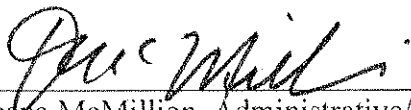

**NOW, THEREFORE BE IT RESOLVED** that the City Staff Hearing Officer:

- I. Approved the subject application to permit more than 500 square feet of accessory space is both appropriate to this property and consistent with the purpose and intent of the ordinance.
- II. Said approval is subject to the following conditions:
  1. Detached accessory space on site not exceeding 2,175
  2. A plumbing plan showing the existing interior and exterior sinks if they will be maintained.
  3. Removal of the boat, being stored within the required front yard setback.
  4. A note on all accessory buildings that they will "not be used for habitable space".
  5. All improvements as approved by the Architectural Board of Review (ABR)
  6. A Zoning Compliance Declaration shall be recorded against the property's title.
