The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15301 & 15305.

WHEREAS, the Staff Hearing Officer has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, no one people appeared to speak in favor or opposition of the application, and the following exhibits were presented for the record:

NOW, THEREFORE BE IT RESOLVED that the City Staff Hearing Officer:

Approved the project making the following findings and determinations:

- I. The Modification is consistent with the purposes and intent of the Zoning Ordinance and is necessary to secure an appropriate improvement on the lot. The proposed Modification will allow for the construction of a new, fire resistant enclosure of the water supply system in its previous location adjacent to water supply and generator controls.
- II. Said approval is subject to the condition that a landscape plan be prepared and approved by the Architectural Board of Review, to screen the accessory building from the public right-of-way.

This motion was passed and adopted on the 20th day of May, 2009 by the Staff Hearing Officer of the city of Santa Barbara.

I hereby certify that this Resolution correctly reflects the action taken by the city of Santa Barbara Staff Hearing Officer at its meeting of the above date.
