The 16,975 square foot project site is currently developed with a 3,965 square foot single family residence, detached 2 car garage, detached accessory building and a swimming pool. The proposed project involves alterations to the existing garage to match the architecture of the residence. The discretionary application required for this project is a Modification to permit alterations to the portion of the garage located within the ten-foot interior setback (SBMC §28.15.060).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15301 & 15305.

**WHEREAS**, the Staff Hearing Officer has held the required public hearing on the above application, and the Applicant was present.

**WHEREAS**, no one appeared to speak in favor or opposition of the application and the following exhibits were presented for the record:

1. Staff Report with Attachments, June 23, 2010.
2. Site Plans

**NOW, THEREFORE BE IT RESOLVED** that the City Staff Hearing Officer:

Approved the project making the following findings and determinations;

- I. The Modification is consistent with the purposes and intent of the Zoning Ordinance and is necessary to secure an appropriate improvement on the lot. The proposed alterations to the existing garage will allow an architectural improvement to a non-conforming structure without risk of impacts to the neighbors.
- II. Said approval is subject to the condition that the existing overheight hedge along the southeast property one be reduced in height to comply with Santa Barbara Municipal Code §28.87.170 to increase traffic and pedestrian visibility and safety.

This motion was passed and adopted on the 30th day of June, 2010 by the Staff Hearing Officer of the city of Santa Barbara.

I hereby certify that this Resolution correctly reflects the action taken by the city of Santa Barbara Staff Hearing Officer at its meeting of the above date.
