CITY OF SANTA BARBARA STAFF HEARING OFFICER

RESOLUTION NO. 041-10 903 W. MISSION DRIVE MODIFICATIONS JULY 28, 2010

APPLICATION OF AB DESIGN STUDIO, ARCHITECT FOR HEIDI FERGUSON, 903 W. MISSION STREET, 043-113-009, R-2 ZONE, GENERAL PLAN DESIGNATION: RESIDENTIAL - 12 UNITS PER ACRE (MST2009-00388)

The 5,000 square foot lot is currently developed with an 844 square foot single family residence and a 317 square foot detached garage. The proposed project involves the construction of 525 square foot second story accessory dwelling unit above a new 623 square foot three-car garage. The proposal includes the demolition of the existing 317 square foot non-conforming garage, and a 25 square foot covered porch to the existing main residence, and a 32 square foot addition to the main residence. The project will result in an 876 square foot main residence, a 525 square foot new accessory dwelling unit and a new 623 square foot three-car garage. The discretionary applications required for this project are Modifications to permit construction of the garage within the required 20 foot front setback (SBMC § 28.18.060.A), and to provide less than the required Common Open Yard area of 600 square feet (SBMC 28.18.060.C.3).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15303 and 15305.

WHEREAS, the Staff Hearing Officer has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, two people appeared to speak in opposition of the application, and no people appeared to speak in favor thereto, and the following exhibits were presented for the record:

NOW, THEREFORE BE IT RESOLVED that the City Staff Hearing Officer:

I. Approved the subject application making the following findings and determinations:

The front setback Modification is consistent with the purposes and intent of the Zoning Ordinance and is necessary to secure appropriate improvement on the lot. By allowing the proposed three-car garage to encroach 18" into the front setback, the project meets current Municipal Code requirements by providing three parking spaces on site, while still providing a useable space at the rear of the lot.

The Modification of the open yard for the front unit to be less than the required 300 square feet is consistent with the purposes and intent of the Zoning Ordinance and is necessary to secure an appropriate improvement on the lot. Although one area does not meet the minimum dimension of least 300 square feet, the project provides enough area by providing three separate open yard areas totaling more than the required total of 600 square feet.

- II. Said approval is subject to the following conditions: 1) All construction within the City right of way, including new driveway, curb, gutter, sidewalk, relocation of street sweeping sign etc. will require a permit from the Public Works Department; 2) The Architectural Board of Review shall review the proposed window location on the second-story building with respect to providing maximum privacy for the neighbor.

This motion was passed and adopted on the 28th day of July, 2010 by the Staff Hearing Officer of the city of Santa Barbara.

I hereby certify that this Resolution correctly reflects the action taken by the city of Santa Barbara Staff Hearing Officer at its meeting of the above date.
