STAFF HEARING OFFICER STAFF REPORT

REPORT DATE: March 31, 2010
AGENDA DATE: April 7, 2010
PROJECT ADDRESS: 515 E. Arrellaga Street (MST2005-00475)
TO: Staff Hearing Officer
FROM: Planning Division, (805) 564-5470
 Danny Kato, Senior Planner *DJK*
 Kelly Brodison, Assistant Planner *KAB*

I. PROJECT DESCRIPTION

The is a request for a three year extension of the expiration date of the Tentative Map and Condominium Conversion approved by the Planning Commission on May 17, 2007. The project approved by the Planning Commission consists of the conversion of 10 residential apartments to eight residential condominium units on a 14,355 square foot lot. Six of the units are two-bedroom and two units are three-bedroom units. The unit sizes range from 907 square feet to 1,814 square feet. The project would include 16 parking spaces and other related site improvements such as landscaping and building improvements

The discretionary applications approved for this project were:

1. A Modification to allow structural encroachments and alterations in the required front yard setback (SBMC §28.21.060 and §28.92.110);
2. A Modification to allow structural encroachments and alterations in the required interior yard setback (SBMC §28.21.060 and §28.92.110);
3. A Modification of the required rear yard setback to allow parking to encroach within the required rear yard setback (SBMC §28.21.060 and §28.92.110);
4. A Tentative Subdivision Map for a one-lot subdivision to create eight residential condominium units (SBMC 27.07 and 27.13); and
5. A Condominium Conversion Permit to convert ten existing residential units to eight condominium units (SBMC 28.88).

II. SITE INFORMATION

Applicant: Suzanne Elledge, SEPPS	Property Owner: Dr. Angelo Salvucci
Parcel Number: 027-132-013	Lot Area: 14,356 square feet (0.33 acres)
General Plan: Residential – 12 units per acre	Zoning: R-3
Existing Use: Multi-Family Residential	Topography: 12%
Adjacent Land Uses:	
North - Residential	East - Residential
South - Residential	West - Residential

III. DISCUSSION

According to SBMC §27.07.110.A, B and D, *Expiration and Extension of Tentative Maps*, the approval or conditional approval of a tentative map shall expire twenty-four (24) months from the date the map was approved or conditionally approved. The subdivider may request an extension of the tentative map approval or condition of approval by written application to the Staff Hearing Officer filed with the Community Development Department before the expiration of the tentative map. The Staff Hearing Officer may impose new conditions or revise existing conditions. An extension or extensions of tentative map approval or conditional approval shall not exceed in aggregate three (3) years beyond the expiration of the original twenty-four (24) month period.

On July 15, 2008, Governor Schwarzenegger signed SB 1185 into law, which extends approvals of Tentative Subdivision Maps by one year. This new law affected maps approved on or before July 15, 2008, by extending the initial approval period of two years by one year automatically, for a total of three years. Additionally, AB333 automatically extended the expiration dates for maps approved on or before July 15, 2009 for another two years. Therefore, the approval of this project would expire on May 17, 2012.

A three year extension is now being requested pursuant to SBMC 27.07.110.D. The applicant submitted the extension on February 22, 2010, thereby satisfying the City's requirements for an extension. The new expiration date will be May 17, 2015.

IV. RECOMMENDATIONS

Due to a variety of economic challenges the applicant is requesting to provide the maximum time allowable to finance and proceed with this project. The project continues to conform to the City's Zoning and Building Ordinances and policies of the General Plan. Therefore, Staff recommends that the Staff Hearing Officer approve the three-year time extension, to May 17, 2015, for the Tentative Map and Condominium Conversion Permit, subject to the original conditions of approval in Exhibit A.

CITY OF SANTA BARBARA PLANNING COMMISSION

RESOLUTION NO. 021-07

515 E. ARRELLAGA STREET

FRONT YARD SETBACK MODIFICATION, INTERIOR YARD SETBACK MODIFICATION, REAR YARD
SETBACK MODIFICATION, CONDOMINIUM CONVERSION AND TENTATIVE SUBDIVISION MAP

MAY 17, 2007

APPLICATION OF SUSAN MCLAUGHLIN, AGENT FOR ANGELO SALVUCCI, 515
E. ARRELLAGA STREET, 027-132-013, R-3, MULTIPLE RESIDENTIAL UNIT
ZONE, GENERAL PLAN DESIGNATION: RESIDENTIAL, 12 UNITS PER ACRE
(MST2005-00475)

The proposed project involves the conversion of ten existing apartment units to eight residential condominiums. Six two-bedroom units and two three-bedroom units are proposed. Two parking spaces per condominium unit would be provided for a total of sixteen spaces. Ten parking spaces are provided at grade under the residential building and six uncovered parking spaces are provided at the rear of the property.

The discretionary applications required for this project are:

1. A Modification to allow structural encroachments and alterations in the required front yard setback (SBMC §28.21.060 and §28.92.110);
2. A Modification to allow structural encroachments and alterations in the required interior yard setback (SBMC §28.21.060 and §28.92.110);
3. A Modification to allow parking in the required rear yard setback (SBMC §28.21.060 and §28.92.110);
4. A Tentative Subdivision Map for a one-lot subdivision to create eight residential condominium units (SBMC 27.07 and 27.13); and
5. A Condominium Conversion Permit to convert ten existing residential units to eight condominium units (SBMC 28.88).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Guidelines Section 15301.

WHEREAS, the Planning Commission has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, one person appeared to speak in favor of the application, and no one appeared to speak in opposition thereto, and the following exhibits were presented for the record:

1. Staff Report with Attachments, May 10, 2007
2. Site Plans

EXHIBIT A

NOW, THEREFORE BE IT RESOLVED that the City Planning Commission:

I. Approved the subject application making the following findings and determinations:

A. **Front Yard Setback Modification**

The Planning Commission finds that the requested modification is consistent with the purposes and intent of the Zoning Ordinance and that it is necessary to secure an appropriate improvement on the lot. The modification allows for enhancements to the front façade, including the alteration of the solid deck railing and installation of French doors to Unit 1 and 2, the replacement of a window with French doors, and the addition of an address sign, roof overhang and decorative balcony to encroach into the required front yard setback. As requested by the ABR an entry trellis is also proposed in the front yard to better identify the entrance to the residential condominiums from the street. These architectural and structural enhancements to the front elevation will meet the physical requirements for condominium conversions. The ABR has reviewed these upgrades and found them to be appropriate and acceptable.

B. **Interior Yard Setback Modification**

The Planning Commission finds that the requested modification is consistent with the purposes and intent of the Zoning Ordinance and that it is necessary to secure an appropriate improvement on the lot. The modification allows for installation of French doors to a legal non-conforming structure and an entry trellis and address sign to encroach into the required interior yard setback. These architectural improvements will enhance the aesthetics of the project. The ABR has reviewed these upgrades and found it to be appropriate and acceptable.

C. **Parking in the Rear Yard Setback Modification**

The Planning Commission finds that the requested modification is consistent with the purposes and intent of the Zoning Ordinance and that it is necessary to secure an appropriate improvement on the lot. The modification allows two of the required parking spaces for the project to encroach into the rear yard setback. The encroachment can be supported because it allows all the required parking for the project to be located on-site. The parking layout configuration allows the provision of a turnaround area at the rear of the project site creating better vehicle maneuverability. It also permits the incorporation of additional landscaping thereby increasing the permeable surface of the lot.

D. **For the Condominium Conversion (SBMC §28.88.120)**

1. The project is consistent with the provisions of the Condominium Conversion Ordinance and the project will not be detrimental to the health, safety, and general welfare of the community. The overall design (including project amenities) and physical condition of the conversion will result in a project which is more aesthetically attractive, safe, and of quality construction.

2. The proposed conversion is legally nonconforming to the density requirement of the Land Use Element of the General Plan (Residential- 12 units/acre). The unit density of the project is 24.27 units/acre.
3. The proposed conversion will conform to the Santa Barbara Municipal Code in effect at the time the application was deemed complete, except as otherwise provided in the Condominium Conversion Ordinance.
4. The overall design (including project amenities) and physical condition of the conversion will result in a project, which is aesthetically attractive, safe, and of quality construction.
6. The applicant has not engaged in coercive retaliatory action regarding the tenants after the submittal of the first application for City review through the date of approval.

The owner has made a reasonable effort to assist those tenants wishing to purchase their units for purposes of minimizing the direct effect on the rental housing market created by relocating such tenants.

9. The requirements of Section 28.88.130 have been met because there are fewer than 50 units proposed for conversion this year.
10. The use of the site as condominium units will not be detrimental to the public peace, health, safety, comfort or general welfare, nor will it decrease property values in the neighborhood. Adequate consideration has been given to setbacks, visibility, amenities and parking such that there will be no impact on surrounding properties or the neighborhood in general.

E. **Tentative Map (SBMC §27.07.100)**

The Tentative Subdivision Map is consistent with the General Plan and the Zoning Ordinance of the City of Santa Barbara. The site is physically suitable for the proposed development, the project is consistent with the density provisions of the Municipal Code and the General Plan, and the proposed use is consistent with the vision for this neighborhood of the General Plan. The design of the project will not cause substantial environmental damage, and associated improvements will not cause serious public health problems.

II. Said approval is subject to the following conditions:

- A. **Recorded Agreement.** The following conditions shall be imposed on the use, possession and enjoyment of the Real Property and shall be memorialized in an "*Agreement Relating to Subdivision Map Conditions Imposed on Real Property*" reviewed and approved as to form and content by the City Attorney, Community Development Director and Public Works Director that shall be executed by the Owners concurrent with the Final Map, and recorded by the City prior to issuance of a Certificate of Occupancy for the condominium conversion permit. Said agreement(s) shall be recorded in the Office of the County Recorder:

1. **Uninterrupted Water Flow.** The Owner shall provide for the uninterrupted flow of water through the Real Property including, but not limited to, swales, natural watercourses, conduits and any access road, as appropriate. The Owner is responsible for the adequacy of any project related drainage facilities and for the continued maintenance thereof in a manner which will preclude any hazard of life, health or damage to the Real Property or any adjoining property.
2. **Recreational Vehicle Storage Prohibition.** No recreational vehicles, boats, or trailers shall be stored on the Real Property.
3. **Landscape Plan Compliance.** The Owner shall comply with the Landscape Plan approved by the Architectural Board of Review (ABR). Such plan shall not be modified unless prior written approval is obtained from the ABR. The landscaping on the Real Property shall be provided and maintained in accordance with said landscape plan. If said landscaping is removed for any reason without approval by the ABR, the owner is responsible for its immediate replacement.
4. **Storm Water Pollution Control and Drainage Systems Maintenance.** Owner shall maintain the drainage system and storm water pollution control devices intended to intercept siltation and other potential pollutants (including, but not limited to, hydrocarbons, fecal bacteria, herbicides, fertilizers, etc.) in a functioning state and in accordance with the Operations and Maintenance Procedure Plan approved by the Building Official. Should any of the project's surface or subsurface drainage structures or storm water pollution control methods fail to capture, infiltrate, and/or treat, or result in increased erosion, the Owner shall be responsible for any necessary repairs to the system and restoration of the eroded area. Should repairs or restoration become necessary, prior to the commencement of such repair or restoration work, the applicant shall submit a repair and restoration plan to the Community Development Director to determine if an amendment or a new Building Permit is required to authorize such work. The Owner is responsible for the adequacy of any project-related drainage facilities and for the continued maintenance thereof in a manner that will preclude any hazard to life, health, or damage to the Real Property or any adjoining property.
5. **Approved Development.** The development of the Real Property approved by the Planning Commission on May 17, 2007 is limited to the conversion of ten (10) apartment units to eight (8) condominium units on one lot, including improvements as shown on the Tentative Subdivision Map and architectural plans signed by the chairman of the Planning Commission on said date and on file at the City of Santa Barbara.
6. **Public Improvement Agreement.** "Agreement for Land Development Improvements", and associated Securities.

7. **Required Private Covenants.** The Owners shall record in the official records of Santa Barbara County either private covenants, a reciprocal easement agreement, or a similar agreement which, among other things, shall provide for all of the following:
 - a. **Common Area Maintenance.** An express method for the appropriate and regular maintenance of the common areas, common access ways, common utilities and other similar shared or common facilities or improvements of the development, which methodology shall also provide for an appropriate cost-sharing of such regular maintenance among the various owners of the condominium units.
 - b. **Carports Available for Parking.** A covenant that includes a requirement that all carports be kept open and available for the parking of vehicles owned by the residents of the property in the manner for which the carports were designed and permitted.
 - c. **Landscape Maintenance.** A covenant that provides that the landscaping shown on the approved Landscaping Plan shall be maintained and preserved at all times in accordance with the Plan.
 - d. **Trash and Recycling.** Trash holding areas shall include recycling containers with at least equal capacity as the trash containers, and trash/recycling areas shall be easily accessed by the consumer and the trash hauler. Green waste shall either have containers adequate for the landscaping or be hauled off site by the landscaping maintenance company. If no green waste containers are provided for common interest developments, include an item in the CC&Rs stating that the green waste will be hauled off site.
 - e. **Covenant Enforcement.** A covenant that permits each owner to contractually enforce the terms of the private covenants, reciprocal easement agreement, or similar agreement required by this condition.
- B. **Design Review.** The following items are subject to the review and approval of the Architectural Board of Review (ABR). ABR shall not grant preliminary approval of the project until the following conditions have been satisfied.
 1. **Second Floor Decks.** The second floor decks shall not encroach into the required interior yard setback.
 2. **Pedestrian Pathway.** A pedestrian pathway shall be provided to the units at the rear of the property from the sidewalk using a different paving material or design.
 3. **Screened Check Valve/Backflow.** The check valve or anti-backflow devices for fire sprinkler and/or irrigation systems shall be provided in a location screened from public view or included in the exterior wall of the building.

- C. **Building Permit Plan Requirements.** The following requirements/notes shall be incorporated into the construction plans submitted to the Building and Safety Division for Building permits.
1. **Design Review Requirements.** Plans shall show all design and landscape elements, as approved by the Architectural Board of Review, outlined in Section B above.
 2. **Off-Site Public Street Improvement Plans.** The Owner shall submit building plans for construction of improvements along the property frontage on East Arrellaga Street. As determined by the Public Works Department, the improvements shall include new and/or remove and replace to City standards, the following: sidewalk, driveway apron modified to meet Title 24 requirements, curbs, gutters, asphalt concrete, crack seal to the centerline of the street along entire subject property frontage, underground service utilities, connection to City/private water and sewer mains, public drainage improvements with supporting drainage calculations and/or hydrology report for installation of (drainage pipe, curb drain outlets, slot/trench drain, drop inlet, detention, erosion protection (provide off-site storm water BMP plan), etc.), preserve and/or reset survey monuments and contractor stamps, supply and install directional/regulatory traffic control signs, pollution prevention interceptor device, new street trees and tree grates per approval of the City Arborist and provide adequate positive drainage from site. Existing private sewer lateral(s) serving the property shall be repaired before new dwelling(s) is occupied. Any existing sewer lateral(s) identified to be abandoned, shall be disconnected at the sewer mainline connection. A licensed plumber shall verify if the property requires a backwater valve. If existing lateral already has a backwater valve, then it shall be inspected. The building plans, drainage calculations and hydrology report shall be prepared by a registered civil engineer or licensed architect. Any work in the public right of way requires a public works permit.
 3. **Hydrology Calculations.** All drainage conveyance systems shall be designed to convey the 25-year storm event. If additional drainage conveyance structures are needed based on the review of the results of the hydrology calculations, the improvements shall be constructed prior to Certificate of Occupancy, prior to obtaining the Condo Conversion Permit from Building and Safety, and prior to recordation of the Final Map, at the sole expense of the Owner.
 4. **Storm Water Quality Control.** The Owner shall apply storm water quality control guidelines to the project per the Public Works Department Construction Project Best Management Practices.
 5. **Utilities.** Provide individual water, electricity, and gas meters, and sewer lateral for each residential unit. Service lines for each unit shall be separate until a point five feet (5') outside the building.

6. **Conditions on Plans/Signatures.** The final Planning Commission Resolution shall be provided on a full size drawing sheet as part of the drawing sets. Each condition shall have a sheet and/or note reference to verify condition compliance. If the condition relates to a document submittal, indicate the status of the submittal (e.g., Final Map submitted to Public Works Department for review). A statement shall also be placed on the above sheet as follows: The undersigned have read and understand the above conditions, and agree to abide by any and all conditions which is their usual and customary responsibility to perform, and which are within their authority to perform.

Signed:

Property Owner		Date
Contractor	Date	License No.
Architect	Date	License No.
Engineer	Date	License No.

- D. **Community Development Requirements Prior to Building or Public Works Permit Application/Issuance.** The following shall be finalized prior to, and/or submitted with, the application for any Building or Public Works permit:

1. **Contractor and Subcontractor Notification.** The Owner shall notify in writing all contractors and subcontractors of the site rules, restrictions, and Conditions of Approval. Submit a copy of the notice to the Planning Division.
2. **Green Building Techniques Required.** Owner shall design the project to meet Santa Barbara Built Green Three-Star Standards.
3. **Photo-voltaics Required.** Owner shall design the project to include highly efficient, aesthetically well-integrated photo-voltaics, consistent with the City Solar Design Guidelines as feasible with roof space, to meet at least 50 percent of the project's power needs. The Community Development Director shall determine if the photo-voltaics are sufficient to meet the performance standard and may reduce the requirement if it is determined to be infeasible.

- E. **Condominium Conversion Ordinance Compliance.** Owner shall comply with the tenant protection provisions of the Condominium Conversion Ordinance (SBMC Chapter 28.88) (including adjustments to the tenant assistance specified in Subsection 28.88.100.G as specified below):

1. **Notice of Approval of Conversion.** Owner shall deliver written notice to each tenant household within 15 days of the approval of the conversion. The content

of such notice shall include an explanation of any conditions of approval that affect the tenants.

2. **Notice of Final Map.** Owner shall deliver written notice to each tenant household of the approval of the final map within 10 days of such approval.
3. **Notice of Department of Real Estate Report.** Owner shall deliver written notice to each tenant household that an application for a public report has been submitted with the California Department of Real Estate within 10 days of the submission of such application.
4. **Exclusive Right to Purchase (Right of First Refusal).** Prior to issuance of a Certificate of Occupancy on the Conversion Permit, Owner shall provide evidence of the extension of an exclusive right to purchase in accordance with the provisions of Section 66427.1(d) of the Government Code.
5. **Notice of Vacation of Unit.** Each non-purchasing tenant household that is not in default shall have not less than 180 days from the date of approval of the conversion in which to find substitute housing and to relocate. This 180-day period may be extended in special cases, as specified in Subsection 28.88.100.E of the Municipal Code.
6. **Tenant Displacement Assistance.** In the place of the moving expenses specified in Subsection 28.88.100.G of the Santa Barbara Municipal Code, Owner shall provide each tenant household with displacement assistance in accordance with the provisions of Chapter 28.89. Evidence of compliance with this condition shall be submitted prior to the issuance of a Certificate of Compliance for the conversion permit.

F. **Construction Implementation Requirements.** All of these construction requirements shall be carried out in the field by the Owner and/or Contractor for the duration of the project construction.

1. **Construction-Related Truck Trips.** Construction-related truck trips shall not be scheduled during peak hours (7:00 a.m. to 9:00 a.m. and 4:00 p.m. to 6:00 p.m.). The purpose of this condition is to help reduce truck traffic on adjacent streets and roadways.
2. **Construction Hours.** Construction (including preparation for construction work) is prohibited Monday through Saturday before 7:00 a.m. and after 5:00 p.m., and all day on Sundays and holidays observed by the City of Santa Barbara, as shown below:

New Year's Day	January 1st*
Martin Luther King's Birthday	3rd Monday in January
Presidents' Day	3rd Monday in February
Memorial Day	Last Monday in May
Independence Day	July 4th*
Labor Day	1st Monday in September

Thanksgiving Day	4th Thursday in November
Following Thanksgiving Day	Friday following Thanksgiving Day
Christmas Day	December 25th*

*When a holiday falls on a Saturday or Sunday, the preceding Friday or following Monday, respectively, shall be observed as a legal holiday.

When, based on required construction type or other appropriate reasons, it is necessary to do work outside the allowed construction hours, contractor shall contact the Chief of Building and Safety to request a waiver from the above construction hours, using the procedure outlined in Santa Barbara Municipal Code §9.16.015 Construction Work at Night. Contractor shall notify all residents within 300 feet of the parcel of intent to carry out night construction a minimum of 48 hours prior to said construction. Said notification shall include what the work includes, the reason for the work, the duration of the proposed work and a contact number.

3. **Tree Protection.** All trees not indicated for removal on the site plan shall be preserved, protected, and maintained, in accordance with any related Conditions of Approval.
4. **Graffiti Abatement Required.** Owner and Contractor shall be responsible for removal of all graffiti as quickly as possible. Graffiti not removed within 24 hours of notice by the Building and Safety Division may result in a Stop Work order being issued, or may be removed by the City, at the Owner's expense, as provided in SBMC Chapter 9.66.
5. **Unanticipated Archaeological Resources Contractor Notification.** Prior to the start of any vegetation or paving removal, demolition, trenching or grading, contractors and construction personnel shall be alerted to the possibility of uncovering unanticipated subsurface archaeological features or artifacts associated with past human occupation of the parcel. If such archaeological resources are encountered or suspected, work shall be halted immediately, the City Environmental Analyst shall be notified and the applicant shall retain an archaeologist from the most current City Qualified Archaeologists List. The latter shall be employed to assess the nature, extent and significance of any discoveries and to develop appropriate management recommendations for archaeological resource treatment, which may include, but are not limited to, redirection of grading and/or excavation activities, consultation and/or monitoring with a Barbareño Chumash representative from the most current City qualified Barbareño Chumash Site Monitors List, etc.

If the discovery consists of possible human remains, the Santa Barbara County Coroner shall be contacted immediately. If the Coroner determines that the remains are Native American, the Coroner shall contact the California Native American Heritage Commission. A Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be

retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

If the discovery consists of possible prehistoric or Native American artifacts or materials, a Barbareño Chumash representative from the most current City Qualified Barbareño Chumash Site Monitors List shall be retained to monitor all further subsurface disturbance in the area of the find. Work in the area may only proceed after the Environmental Analyst grants authorization.

- G. **Public Works Submittal Prior to Final Map Recordation.** The Owner shall submit the following, or evidence of completion of the following, to the Public Works Department for review and approval, prior to recordation of the Final Map:
1. **Building Permit Required for Conversion.** Provide evidence that a conversion permit has been issued and all work completed for the conversion of the eight units to condominiums.
 2. **Water Rights Assignment Agreement.** The Owner shall assign to the City of Santa Barbara the exclusive right to extract ground water from under the Real Property in an "Agreement Assigning Water Extraction Rights." Engineering Division Staff will prepare said agreement for the Owner's signature.
 3. **Final Map Preparation.** Owners shall submit a Final Map to the Public Works Department acceptable for recordation. The Final Map shall be prepared by a licensed land surveyor or registered civil engineer in conformance with current Subdivision Map Act and in conformance with the requirements of the City Survey Control Ordinance.
 4. **Final Required Private Covenants.** The Owner shall submit a copy of the recorded private covenants, reciprocal easement agreement, or similar private agreements required for the project. If the private covenants required pursuant to Section A.7 above have not yet been approved by the Department of Real Estate, a draft of such covenants shall be submitted.
 5. **Drainage and Water Quality.** Project drainage shall be designed, installed, and maintained such that stormwater runoff from the first inch of rain from any storm event shall be retained and treated onsite in accordance with the City's NPDES Storm Water Management Permit. Runoff should be directed into a passive water treatment method such as a bioswale, landscape feature (planter beds and/or lawns), infiltration trench, etc. Project plans for grading, drainage, stormwater treatment methods, and project development, shall be subject to review and approval by City Building Division and Public Works Department. Sufficient engineered design and adequate measures shall be employed to ensure that no significant construction-related or long-term effects from increased runoff, erosion and sedimentation, urban water pollutants or groundwater pollutants would result from the project. The Owner shall maintain the drainage system and storm water pollution control methods in a functioning state.

6. **Removal or Relocation of Public Facilities.** Removal or relocation of any public utilities or structures must be performed by the Owner or by the person or persons having ownership or control thereof.
- H. **Prior to Certificate of Occupancy for the Conversion Permit.** Prior to issuance of the Certificate of Occupancy for the Conversion Permit, the Owner of the Real Property shall complete the following:
1. Recordation of Final Map.
 2. Recordation of the Agreement Relating to Subdivision Map Conditions Imposed on Real Property.
 3. **Repair Damaged Public Improvements.** Repair any damaged public improvements (curbs, gutters, sidewalks, roadways, etc.) subject to the review and approval of the Public Works Department per SBMC §22.60.090. Where tree roots are the cause of the damage, the roots shall be pruned under the direction of a qualified arborist.
 4. **Complete Public Improvements.** Public improvements, as shown in the building plans, including utility service undergrounding and installation of street trees.
 5. **Recordation of Final Map and Agreements.** After City Council approval of the Map and Agreements, the Owner shall provide evidence of recordation to the Public Works Department.
- I. **Litigation Indemnification Agreement.** In the event the Planning Commission approval of the Project is appealed to the City Council, Applicant/Owner hereby agrees to defend the City, its officers, employees, agents, consultants and independent contractors ("City's Agents") from any third party legal challenge to the City Council's denial of the appeal and approval of the Project, including, but not limited to, challenges filed pursuant to the California Environmental Quality Act (collectively "Claims"). Applicant/Owner further agrees to indemnify and hold harmless the City and the City's Agents from any award of attorney fees or court costs made in connection with any Claim.
- Applicant/Owner shall execute a written agreement, in a form approved by the City Attorney, evidencing the foregoing commitments of defense and indemnification within thirty (30) days of the City Council denial of the appeal and approval of the Project. These commitments of defense and indemnification are material conditions of the approval of the Project. If Applicant/Owner fails to execute the required defense and indemnification agreement within the time allotted, the Project approval shall become null and void absent subsequent acceptance of the agreement by the City, which acceptance shall be within the City's sole and absolute discretion. Nothing contained in this condition shall prevent the City or the City's Agents from independently defending any Claim. If the City or the City's Agents decide to independently defend a Claim, the

City and the City's Agents shall bear their own attorney fees, expenses, and costs of that independent defense.

NOTICE OF TENTATIVE SUBDIVISION MAP (INCLUDING CONDOMINIUM CONVERSIONS) TIME LIMITS:

The Planning Commission's action approving the Tentative Map shall expire two (2) years from the date of approval. The subdivider may request an extension of this time period in accordance with Santa Barbara Municipal Code §27.07.110.

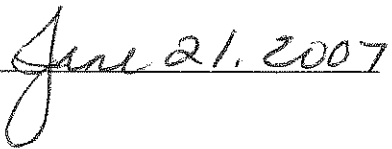

This motion was passed and adopted on the 17th day of May, 2007 by the Planning Commission of the City of Santa Barbara, by the following vote:

AYES: 4 NOES: 2 (Jacobs, Bartlett) ABSTAIN: 0 ABSENT: 1 (White)

I hereby certify that this Resolution correctly reflects the action taken by the City of Santa Barbara Planning Commission at its meeting of the above date.

Julie Rodriguez, Planning Commission Secretary

City of Santa Barbara Planning Division
Staff Hearing Officer
Attn: Danny Kato
630 Garden Street
Santa Barbara CA 93102

RE: Condominium Development- 515 E. Arrellaga Street, MST#2005-00475

Dear Staff Hearing Officer:

On behalf of Mr. Angelo Salvucci, we request a time extension of the Tentative Subdivision Map (TSM) approval granted by the Planning Commission on May 17, 2007 (MST#2006-00271). The approved project converts ten existing apartment units to eight residential condominiums.

The applicants' goal is to reserve the TSM approval until such time as they can raise sufficient capital to process and record the Final map. Since the approval in 2007, a variety of economic challenges have prevented the applicants from being able to pursue Final Map recordation. The project scope will not be altered as a result of the time extension and the project conditions would continue to apply.

We respectfully request that the project be granted a three-year time extension to allow the maximum time to finance the map recordation requirements as allowed by the provisions contained in SBMC §27.07.110.D and per §66463.5 of the Subdivision Map Act.

Sincerely,
SUZANNE ELLEDGE
