The 7,480 square foot parcel is currently developed with a 1,858 square foot non-residential building with a ten-space parking lot to the rear of the building. The discretionary land use application required for this project is a Modification to allow the “as-built” awnings to encroach into the required ten-foot front setback (SBMC §28.45.008 and 28.92.110).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Act Guidelines Sections 15301 (Existing Facilities) and 15305 (Minor Alterations in Land Use Limitations).
