**III. DISCUSSION**

According to SBMC §27.40.100.A. and B, *Expiration and Extension of Lot line Adjustments*, the approval or conditional approval of a lot line adjustment (LLA) shall expire twenty-four (24) months from the date the map was approved or conditionally approved. The subdivider may request an extension of the LLA approval by written application to the Staff Hearing Officer filed with the Community Development Department before the expiration of the LLA. Time extensions of the LLA approval may not exceed in aggregate three (3) years beyond the expiration of the original twenty-four (24) month period.

Since the project was approved by the Staff Hearing Officer on February 20, 2013, the project’s initial expiration date was February 20, 2015. On March 18, 2015, the Staff Hearing Officer approved a one-year time extension, thereby extending the LLA approval until February 20, 2016.

An additional one-year extension is now being requested pursuant to SBMC §27.40.100.B. The applicant submitted the extension on February 11, 2016, thereby satisfying the City’s requirements that the request be filed before the approval has expired. If approved, the project’s new expiration date would be February 20, 2017.

Progress To-Date

The applicant has been pursuing the necessary approvals required for recordation of the LLA, and is actively working with the Public Works Department, Engineering Division, to finalize the LLA for recordation. Staff anticipates that the LLA will be ready for recordation within the next month or two. The project remains unchanged and continues to conform to the City’s Zoning and Building Ordinances and policies of the General Plan.

**IV. ENVIRONMENTAL REVIEW**

This project continues to be exempt from further environmental review pursuant to the California Environmental Quality Act Guidelines, Section 15305.

**V. RECOMMENDATION**

Staff recommends that the Staff Hearing Officer approve the one-year time extension to February 20, 2017 for the Lot Line Adjustment, subject to the original conditions of approval as outlined in Staff Hearing Officer Resolution No. 011-13, attached as Exhibit B.

FEBRUARY 20, 2013

**APPLICATION OF L&P CONSULTANTS FOR VISTA OCEANO LA MESA VENTURE LLC, 1702, 1706, 1708 LA VISTA DEL OCEANO DRIVE, SANTA BARBARA CA, APNs 035-480-061, -062, -063, E-1 ZONE, GENERAL PLAN DESIGNATION: LOW DENSITY RESIDENTIAL (MST2012-00435)**

WHEREAS, the Staff Hearing Officer has held the required public hearing on the above application, and the Applicant was present.

WHEREAS, no one appeared to speak either in favor or in opposition of the application thereto, and the following exhibits were presented for the record:

2. Site Plans

**NOW, THEREFORE BE IT RESOLVED** that the City Staff Hearing Officer:

- I. Approved the Lot Line Adjustment making the finding and determination that it is consistent with the General Plan and the Zoning Ordinance of the City of Santa Barbara. The proposed changes to the existing lots are consistent with the vision for the Alta Mesa Neighborhood of the General Plan, and the adjustments in the sizes of the three lots respect the requirements of the E-1 zone, particularly: they exceed the minimum lot size of 45,000 sf. and the buildings and structures remain outside of the interior setbacks for their respective lots. The adjustments in lot lines do not change the boundary established in the original subdivision approval between the development envelopes and the restricted area dedicated to the City as natural open space, and no infrastructure or utilities are affected by the lot line adjustment, as described in Section VI of the Staff Report.
