The 10,000 square-foot site is currently developed with a two-story duplex and a detached single car garage with a storage area beneath the garage. The discretionary application under the jurisdiction of the Staff Hearing Officer required for this project is:

1. Interior Setback Modification to allow the "as-built" construction of cantilevered deck and patio cover within the required 6-foot interior setback (SBMC §30.20.030.B and SBMC §30.250.030.B).

The discretionary application under the jurisdiction of the Architectural Board of Review required for this project is:

1. Minor Zoning Exception to allow the "as-built" door in the nonconforming storage room within 5'-0" of an interior property line adjacent to a residential zone (SBMC §30.165.040.2.a and SBMC §30.245.030).

The Environmental Analyst has determined that the project is exempt from further environmental review pursuant to the California Environmental Quality Act Guidelines Section 15301 (Existing Facilities) and 15305 (Minor Alterations in Land Use Limitations).
