## **MTD Report to Santa Barbara On the Downtown-Waterfront Shuttle August 2012 Monthly Report**

The City of Santa Barbara provides funding to the Santa Barbara Metropolitan Transit District (MTD) to assist in supporting MTD's Downtown-Waterfront Shuttle service. This report, prepared pursuant to Agreement No. 24,179, provides the City with data regarding this service.

### **DOWNTOWN-WATERFRONT SHUTTLE**

The City provides a fare-buydown subsidy to MTD for the Downtown-Waterfront Shuttle for clean and quiet 22-ft. electric shuttle services to meet downtown Santa Barbara traffic-reduction goals. The Downtown service operates along State Street from Sola Street to Cabrillo Boulevard, and the Waterfront service operates along Cabrillo Boulevard from the harbor to the zoo. Effective July 1, 2012, the one-way fare increased from \$0.25 to \$0.50 (with a half-fare of \$0.25 for elderly persons and persons with disabilities). Transfers between the State Street and Waterfront services are free.

Table 1 presents the ridership of the Downtown-Waterfront Shuttle service for August 2012 and for fiscal year (FY) 2013 to date. (The MTD fiscal year runs from July 1 through June 30.) The table also presents ridership for the corresponding periods of the previous fiscal year, as well as the percent change in ridership over the previous year. August 2012 and August 2011 both had 23 weekday service days and 8 weekend service days.

Table 2 shows the number of revenue hours that MTD operated on the Downtown-Waterfront Shuttle in August 2012 and for fiscal year 2013 to date, along with corresponding data from the previous fiscal year for comparison. The table also presents ridership per revenue hour for each route for the current month and the corresponding month of the previous fiscal year.

As shown in Table 1, total ridership on the Downtown-Waterfront Shuttle decreased substantially, from 68,232 passengers in August 2011 to 55,143 in August 2012. Ridership decreased on both State Street and the Waterfront. The July 1 fare increase (discussed above) undoubtedly accounted for much of the decrease. Table 2 shows that revenue hours operated on the Downtown-Waterfront Shuttle also decreased, with 1,766 hours in August 2011 and 1,717 hours in August 2012. Average riders per hour decreased from 38.6 in August 2011 to 32.1 in August 2012. Due to the fare increase, fare revenue increased from \$14,999.75 in August 2011 to \$21,466.25 in August 2012.

### Ten-Year Trend

Tables 3A, 3B, and 3C present ten-year Downtown-Waterfront Shuttle trends in ridership, revenue hours, and passengers per revenue hour, respectively. The tables show that annual ridership during the period has varied from approximately 525,000 to 567,000 passengers. It is likely that ridership during the current year will continue to be lower than this trend, due to the fare increase.

The primary market for the Downtown-Waterfront Shuttle differs from that for a typical public transportation service. In general terms, the primary market for this shuttle service is tourists and local residents who are shopping, dining, sightseeing, or enjoying other recreational activities downtown and on the waterfront. Thus, shuttle ridership is heavily dependent on the convenience of the service and on the number of persons spending leisure time in these areas.

The time required to complete a trip on the Downtown-Waterfront Shuttle has increased over time as traffic congestion has worsened. A round trip on the State Street portion of the service (i.e., from the Dolphin Fountain to Sola Street and back to the Dolphin Fountain), for example, formerly required from 30 to 35 minutes, depending on the season and the time of day. Now, a round trip requires up to 45 minutes at peak times. Because MTD operates the same number of vehicles and approximately the same number of revenue hours annually, the number of trips provided during a typical day has decreased due to the increase in congestion and in the time required for each trip. Thus, over the

ten-year period, the travel time has increased and the frequency of service has decreased.

### Marketing & Public Information

- Passenger information cards with detachable perforated pocket-sized schedules are distributed at 36 locations along the route, including lodging establishments and the Visitors' Center.
- The shuttle route is featured in all "Santa Barbara Car Free" collateral. Flyers are available on all Amtrak Surfliner trains.
- The "Santa Barbara Car Free" brochure for the MTD's Line 22 service to "Santa Barbara's Highlights" features the Downtown-Waterfront Shuttle as a connection from the beach to Line 22.
- The Downtown-Waterfront Shuttle route is featured on the map in the explore section of Santa Barbara Seasons magazine.
- Partnership website links are provided by "Santa Barbara Car Free," the Santa Barbara Conference & Visitors Bureau and Film Commission, and the Downtown Organization.
- The Downtown-Waterfront Shuttle route is featured in the "Downtown Map & Guide" produced by the Downtown Organization.
- MTD is an active member of the Santa Barbara Conference & Visitors Bureau and Film Commission, the Santa Barbara Downtown Organization, and the Santa Barbara Region Chamber of Commerce, and works with these organizations to publicize the shuttle.
- All Downtown-Waterfront Shuttle vehicles display City of Santa Barbara seals.
- The Santa Barbara Region Chamber of Commerce Visitors' Center sells the MTD day pass.
- Amtrak passengers can request two free MTD transfers from the conductor. Caltrans pays MTD for the transfers after they are used.

### **Carrillo Commuter Lot Shuttle**

*Due to the dissolution of California Redevelopment Agencies, and the subsequent loss of funding, the Carrillo Commuter Lot Shuttle was discontinued as of July 1, 2012.*

### **Crosstown Shuttle**

*Due to the dissolution of California Redevelopment Agencies, and the subsequent loss of funding, the City fare-buydown subsidy for the Crosstown Shuttle was eliminated as of July 1, 2012. The Crosstown Shuttle continues to operate, with reduced midday service.*

## **MTD Report to Santa Barbara On the Downtown-Waterfront Shuttle September 2012 Monthly Report**

The City of Santa Barbara provides funding to the Santa Barbara Metropolitan Transit District (MTD) to assist in supporting MTD's Downtown-Waterfront Shuttle service. This report, prepared pursuant to Agreement No. 24,179, provides the City with data regarding this service.

### **DOWNTOWN-WATERFRONT SHUTTLE**

The City provides a fare-buydown subsidy to MTD for the Downtown-Waterfront Shuttle for clean and quiet 22-ft. electric shuttle services to meet downtown Santa Barbara traffic-reduction goals. The Downtown service operates along State Street from Sola Street to Cabrillo Boulevard, and the Waterfront service operates along Cabrillo Boulevard from the harbor to the zoo. Effective July 1, 2012, the one-way fare increased from \$0.25 to \$0.50 (with a half-fare of \$0.25 for elderly persons and persons with disabilities). Transfers between the State Street and Waterfront services are free.

Table 1 presents the ridership of the Downtown-Waterfront Shuttle service for September 2012 and for fiscal year (FY) 2013 to date. (The MTD fiscal year runs from July 1 through June 30.) The table also presents ridership for the corresponding periods of the previous fiscal year, as well as the percent change in ridership over the previous year. September 2012 had 19 weekday service days and 11 weekend service days, while September 2011 had 21 weekday service days and 9 weekend service days.

Table 2 shows the number of revenue hours that MTD operated on the Downtown-Waterfront Shuttle in September 2012 and for fiscal year 2013 to date, along with corresponding data from the previous fiscal year for comparison. The table also presents ridership per revenue hour for each route for the current month and the corresponding month of the previous fiscal year.

As shown in Table 1, total ridership on the Downtown-Waterfront Shuttle decreased substantially, from 45,034 passengers in September 2011 to 39,882 in September 2012. Ridership decreased on both State Street and the Waterfront. The July 1 fare increase (discussed above) undoubtedly accounted for much of the decrease. Table 2 shows that revenue hours operated on the Downtown-Waterfront Shuttle also decreased, with 1,182 hours in September 2011 and 1,149 hours in September 2012. Average riders per hour decreased from 38.1 in September 2011 to 34.7 in September 2012. Due to the fare increase, estimated fare revenue increased from \$10,005.75 in September 2011 to \$15,650.50 in September 2012.

### Ten-Year Trend

Tables 3A, 3B, and 3C present ten-year Downtown-Waterfront Shuttle trends in ridership, revenue hours, and passengers per revenue hour, respectively. The tables show that annual ridership during the period has varied from approximately 525,000 to 567,000 passengers. It is likely that ridership during the current year will continue to be lower than this trend, due to the fare increase.

The primary market for the Downtown-Waterfront Shuttle differs from that for a typical public transportation service. In general terms, the primary market for this shuttle service is tourists and local residents who are shopping, dining, sightseeing, or enjoying other recreational activities downtown and on the waterfront. Thus, shuttle ridership is heavily dependent on the convenience of the service and on the number of persons spending leisure time in these areas.

The time required to complete a trip on the Downtown-Waterfront Shuttle has increased over time as traffic congestion has worsened. A round trip on the State Street portion of the service (i.e., from the Dolphin Fountain to Sola Street and back to the Dolphin Fountain), for example, formerly required from 30 to 35 minutes, depending on the season and the time of day. Now, a round trip requires up to 45 minutes at peak times. Because MTD operates the same number of vehicles and approximately the same number of revenue hours

annually, the number of trips provided during a typical day has decreased due to the increase in congestion and in the time required for each trip. Thus, over the ten-year period, the travel time has increased and the frequency of service has decreased.

### Marketing & Public Information

- Passenger information cards are distributed at many locations along the route, including lodging establishments and the Visitors' Center.
- The shuttle route is featured in all "Santa Barbara Car Free" collateral. Flyers are available on all Amtrak Surfliner trains.
- The "Santa Barbara Car Free" brochure for the MTD's Line 22 service to "Santa Barbara's Highlights" features the Downtown-Waterfront Shuttle as a connection from the beach to Line 22.
- The Downtown-Waterfront Shuttle route is featured on the map in the explore section of Santa Barbara Seasons magazine.
- Partnership website links are provided by "Santa Barbara Car Free," the Santa Barbara Conference & Visitors Bureau and Film Commission, and the Downtown Organization.
- The Downtown-Waterfront Shuttle route is featured in the "Downtown Map & Guide" produced by the Downtown Organization.
- MTD is an active member of the Santa Barbara Conference & Visitors Bureau and Film Commission, the Santa Barbara Downtown Organization, and the Santa Barbara Region Chamber of Commerce, and works with these organizations to publicize the shuttle.
- All Downtown-Waterfront Shuttle vehicles display City of Santa Barbara seals.
- The Santa Barbara Region Chamber of Commerce Visitors' Center sells the MTD day pass.
- Amtrak passengers can request two free MTD transfers from the conductor. Caltrans pays MTD for the transfers after they are used.

## Traffic Mitigation Quarter Ending September 30, 2012

The Santa Barbara Metropolitan Transit District (MTD), in partnership with the City of Santa Barbara, has implemented several service enhancements in recent years. These enhancements include two new routes, the Crosstown Shuttle and Line 4 - Mesa/SBCC, and enhanced peak-period service on Line 1 - Westside and Line 2 - Eastside.

The City is relying on these MTD service enhancements to provide the traffic mitigation required of the City by the Addendum to the Final Mitigated Negative Declaration for the Granada Garage Project (i.e., 985 average daily trips and 229 peak hour trips). The table below presents the ridership of each of these services during each month of the first quarter of fiscal year (FY) 2013.

For the enhanced service on Lines 1 & 2, the ridership in the table represents the change from the corresponding month of the year prior to implementation of the enhanced service, to the current month. For Line 4 and the Crosstown Shuttle, the ridership represents the entire ridership of the new routes.

### Fiscal Year 2013 MTD Enhanced Transit Ridership<sup>1</sup>

Period	Change in Total Weekday Average Daily Ridership				Change in P.M. Peak Hour Average Daily Ridership <sup>2</sup>			
	Line 1 & 2	Mesa/SBCC	Crosstown	Total	Line 1 & 2	Mesa/SBCC	Crosstown	Total
<b>1st Quarter</b>								
Jul 2012	(334)	570	374	<b>610</b>	(21)	112	82	<b>173</b>
Aug 2012	(173)	504	390	<b>721</b>	(29)	100	84	<b>155</b>
Sep 2012	(13)	712	453	<b>1,152</b>	11	160	83	<b>254</b>

Note 1: Line 1 & 2 ridership is the change from the corresponding month prior to implementation of the enhanced service.

Mesa/SBCC and Crosstown Shuttle ridership is the entire ridership of the new routes.

Note 2: The City of Santa Barbara P.M. Peak Hour is 4:00 - 6:00 P.M.

Source: Santa Barbara Metropolitan Transit District.

It is important to note that the negative results on Lines 1 & 2 in July and August show only that fewer persons rode Lines 1 & 2 on a typical weekday in a given month in FY 2011 than in the corresponding month prior to implementation of the enhanced transit. These data do not suggest that the decrease in ridership resulted in additional traffic.
