MTD Report to Santa Barbara
On the Downtown-Waterfront Shuttle
April 1 - June 30, 2019 Quarterly Report

The City of Santa Barbara provides funding to the Santa Barbara Metropolitan Transit District (MTD) to assist in supporting MTD's Downtown-Waterfront Shuttle service. This report, prepared pursuant to Agreement No. 25,901, provides the City with data regarding this service.

DOWNTOWN-WATERFRONT SHUTTLE

The City provides a fare-buydown subsidy to MTD for the Downtown-Waterfront Shuttle for clean and quiet electric shuttle service to meet downtown Santa Barbara traffic-reduction and economic development goals. The Downtown service operates along State Street between Sola Street and Cabrillo Boulevard, and the Waterfront service operates along Cabrillo Boulevard between the harbor (West Beach) and the zoo (East Beach). The one-way fare is \$0.50, with a \$0.25 fare for seniors (62 and up), Medicare cardholders, and persons with disabilities. As of October 1st, 2018, MTD is offering a one-day pass for \$1, good for unlimited rides in any direction, in one calendar day on the Downtown and Waterfront Shuttles. Transfers between the State Street and Waterfront routes are free.

Beginning on June 10th, 2019, the Downtown Shuttle adjusted its route to serve the Funk Zone directly, adding a new stop at Yanonali and Anacapa Streets on the inbound trip. Additionally, Lines 31 and 32 were combined into one line, the new Line 34 (Waterfront Shuttle). This was done for streamlined reporting and for better utility for the riding public using the SBMTD BusTracker app. June 2019 is the only month where Lines 31 and 32 ran for part of the month (June 1-9) and Line 34 ran for the other part (June 10-30). To see total ridership for the month of June, observers should combine ridership on Lines 31, 32, and 34.

Table 1 presents the ridership of the Downtown-Waterfront Shuttle for the period from April through June 2019, corresponding to the fourth quarter of fiscal year (FY) 2019. (The MTD fiscal year runs from July 1 through June 30.) The table also presents ridership for the corresponding period of the previous fiscal year, as well as the percent change in ridership compared to the previous year. The fourth quarter of the current fiscal year had the same number of weekday and weekend service days as the fourth quarter of FY 2018.

Table 2 shows the number of revenue hours that MTD operated on the Downtown-Waterfront Shuttle in the fourth quarter of FY 2019, along with corresponding data from the previous fiscal year. The table also presents ridership per revenue hour for each route for the current quarter and the corresponding quarter of the previous fiscal year.

As shown in Table 1, total ridership on the Downtown-Waterfront Shuttle decreased slightly from 70,269 passengers in the fourth quarter of FY 2018 to

61,895 passengers in the same quarter of FY 2019. While ridership decreased on both State Street and the Waterfront, the Waterfront ridership declined by less than 1 percent from last year's fourth quarter numbers. Table 2 shows that fourth quarter revenue hours decreased slightly with 3,878 hours in FY 2019 over FY 2018's 3,893 hours.

Average riders per revenue hour decreased from 18.6 in FY 2018 to 15 in FY 2019. Quarterly estimated fare revenue decreased from \$21,221.25 in FY 2018 to \$16,729.75 in FY 2019. The percentage of passengers who paid the \$0.25 half-fare decreased from 24 percent in FY 2018 to 22.1 percent in FY 2019. The fourth quarter of FY 19 had the same amount of booster-supported cruise ships as in the same period in FY 18, but the ships in FY 19 had smaller passenger loads.

All of MTD's fourteen replacement battery-electric vehicles have arrived and are now in service. The new vehicles with modern battery technology are replacing 18-year-old shuttles. The new vehicles are longer than the current fleet while maintaining the narrower width of the current shuttles, and come equipped with MTD's real-time bus arrival technology and updated fareboxes.

Five-Year Trend

Tables 3A, 3B, and 3C present five-year Downtown-Waterfront Shuttle trends in ridership, revenue hours, and passengers per revenue hour, respectively. Figure 1 is a chart showing total passengers, total revenue hours, and average passengers per revenue hour for each month of the previous fiscal year and the current fiscal year to date.

The primary market for the Downtown-Waterfront Shuttle differs from that for a typical public transportation service. In general, the primary market for this shuttle service is tourists and local residents who are shopping, dining, sightseeing, or enjoying other recreational activities downtown and on the waterfront. Thus, shuttle ridership is heavily dependent on the convenience of the service and on the number of persons spending leisure time in these areas.

The changing state of retail in our Downtown area has had an impact on the activity on State Street. The new activity in the Funk Zone and the resurgence of activity in the area on lower State Street and the Waterfront in the past few years due to new hotel and restaurant offerings has also changed the focal point for visitors and residents.

Marketing & Public Information

- The new Downtown-Waterfront Shuttle Day Pass has been marketed extensively through outreach and partnerships with Visit Santa Barbara and Downtown Santa Barbara. Several locations around town are selling the passes.
- The Day Pass and Shuttle have been advertised on KTYD and in Voice Magazine, and passes were supplied to participants in the Architectours event downtown.
- Passenger information cards are distributed at many locations along the route, including lodging establishments and the Visitors' Center.
- The City Waterfront Department's "Illustrated Map of the Santa Barbara Waterfront" features the Downtown-Waterfront Shuttle.
- MTD maintains active social media accounts on Facebook, Instagram, and Twitter, often featuring the Downtown-Waterfront Shuttle and the locations it serves.
- Partnership website links are provided by Visit Santa Barbara, Santa Barbara Car Free, and Downtown Santa Barbara.
- The Downtown-Waterfront Shuttle route is featured on the back panel of the "Downtown Map & Guide" produced by Downtown Santa Barbara.
- MTD is an active member of Visit Santa Barbara, Downtown Santa Barbara, and the Santa Barbara Region Chamber of Commerce, and works with these organizations to publicize the shuttle.
