

**City of Santa Barbara**  
Public Works Department

**Memorandum**

**DATE:** June 8, 2017  
**TO:** Water Commissioners  
**FROM:** Joshua Haggmark, Water Resources Manager  
**SUBJECT:** Upcoming Meetings and Agenda Items

---

Given we are headed into the time for summer vacations, I wanted to review upcoming agenda items and meeting availability. Please plan to bring to the meeting your availability and a list of any agenda items you are hoping will be covered through the end of August 2017.

Since the Water Rate discussion got pushed back to June 15<sup>th</sup>, the Chair/Vice Chair asked that we reschedule the special work session to discuss improving Water Commission communication and engagement. Therefore, I'm also hoping we can determine a time that works for rescheduling this special work session.
