

Santa Barbara City Fire Department

Bulletin No. 17-12

Date: March 30, 2017

To: All Department Members

Subject: Critical Injury and/or
Death Form

In the interest that all Fire Department personnel have their families taken care of, and their wishes met in their unlikely critical injury or death, staff and union personnel have developed a policy and CID form for members. We would like all personnel to read the SOP, and fill out the CID form which will be assigned on Target Solutions on April 1. We will then be able to use the form to fulfill your wishes should something happen to you. When you have completed it, please print it, sign and date it, put it in the pre-addressed envelope at your station, and send it to Carol Lupo for confidential inclusion in your department personnel file. If you are not interested in sharing this type of information, please fill out your name and state that you do not want to fill out the form, print it, sign and date it, and send it to Carol.

Patrick J. McElroy, Fire Chief
