

Santa Barbara City Fire Department

Bulletin No. 17-30

Date: August 18, 2017

To: All Department Members

Subject: Exercising of Apparatus

This bulletin serves as a reminder to make sure that all apparatus get driven on a regular basis. All front line and reserve engines (Type 1, 3 and 6), and ladder trucks as well as Rescue 1, Squad 1, HM 1, SRU, Rescue 8, and the Patrols should be driven on the freeway at freeway speed for at least 15 miles, at least once per month on the service day for the apparatus.

Make sure the company officer confirms with the duty BC that coverage is adequate prior to the drive, and that Dispatch has been notified.

Patrick J. McElroy, Fire Chief

By

Lee Waldron, Operations Division Chief
