

Santa Barbara City Fire Department - Standard Operating Procedures <b>Apparatus and Equipment Operations</b>	Code: <b>A-I-6</b>
<b>Apparatus and Equipment Committee</b>	
Chpt: IX Apparatus/Equipment Committee Revised: 10/1/14 Pages: 1	

## I. POLICY

- A. The Apparatus and Equipment Committee is comprised of one chief officer, and six additional members. These 7 shall fill the “voting seats” of the committee. All SBFD members are encouraged to participate and attend the meetings. The meetings will be held when necessary as determined by the voting committee members. Members will serve for an indefinite period of time. The intent is that members will serve for a long period of time with the focus of bringing consistency to the SBFD fleet and building out the current and future fleet.
- B. The duties of the committee are several folds.
  1. Specify new Type I and Type III engines using established SBFD engine spec guidelines.
  2. Establish SBFD engine spec guidelines for use by committee members ordering new engines.
  3. Establish standard equipment compliments and locations for engine companies.
  4. Mount equipment in established locations maintaining consistency throughout the fleet.
  5. Maintain a team of committee members who will serve for several years, and will work to build out existing and new apparatus with a standard compliment and standard equipment locations.
