STATION WHITE PHONE

When in quarters, the White Phone should be used for communications directly with the Combined Communications Center. The direct ring-down line between each Fire Station and the Comm Center should be used solely for the purpose of reporting or receiving emergency information.

Station 1

9-1-1 FIRE STATION PHONE

In front of each Fire Station is a mounted weatherproof cabinet holding a 9-1-1 telephone that rings directly into the Combined Communications Center. Each cabinet is marked “9-1-1” and has operating instructions in both English and Spanish.
