

WHAT-TO-FLUSH

City of Santa Barbara WHAT-TO-FLUSH Program

Every day thousands of wet wipes, sanitary products, and other unsuitable items are flushed down toilets instead of being put in the trash. This causes costly blockages in our homes, businesses, and wastewater systems, ultimately leading to sewer overflows in our community and pollution in creeks, on beaches and in the ocean.

THINK BEFORE YOU FLUSH!

Remember that your toilet is an “only-human-waste-and-toilet-paper-zone.” Help us keep wastewater treatment costs down, keep our sewer lines clear, and protect the environment by only flushing the three Ps.

Please support our efforts & help to protect the Pacific Ocean.

ONLY FLUSH THE 3 PS
