The project includes two attached carports for 13 spaces, and a 262 square foot trash enclosure. Parking on the site will be reconfigured with 117 total spaces with 39 of the spaces provided on an adjacent parcel to the west with an off-site parking agreement. The entire site will be made accessible with a new ramp at State Street, a pedestrian lift at the center of the site, and right-of-way improvements at Via Lucero. Pedestrian sidewalk improvements were required at Via Lucero resulting in the proposed building and private outdoor living space for two units being too close to the right-of-way.</p>
