

ORDINANCE NO. 5791

AN ORDINANCE OF THE COUNCIL OF THE CITY OF SANTA BARBARA AMENDING SECTIONS 22.22.130, 22.68.080, 22.70.050, 22.70.070, 22.70.080, AND 22.70.095 OF THE SANTA BARBARA MUNICIPAL CODE RELATING TO SIGN REGULATIONS IN ORDER TO RE-ESTABLISH THE SIGN COMMITTEE TO FULL COMMITTEE STATUS

Section One. Sections 22.22.130 and 22.68.080 of Title 22 of the Santa Barbara Municipal Code are amended to read as follows:

22.22.130 El Pueblo Viejo Landmark District and Brinkerhoff Avenue Landmark District.

A. APPROVAL FOR CONSTRUCTION, DEMOLITION, MOVING OR EXTERIOR ALTERATION. No structure or real property in El Pueblo Viejo Landmark District or Brinkerhoff Avenue Landmark District shall be constructed, demolished, moved or altered on its exterior without the approval of the Commission or City Council upon appeal. Minor alterations specified in the Historic Landmarks Commission Rules and Procedures, adopted from time to time by resolution, may be allowed subject to the review of the Community Development Director or his/her representative.

B. PROCEDURE. Any application for an approval or permit to construct, demolish, move or alter the exterior of any structure or real property located within El Pueblo Viejo Landmark District or Brinkerhoff Avenue Landmark District, together with plans, elevations and site plans therefore, shall be referred to the Commission for review. A permit shall not be issued without the prior written approval of the Commission or City Council upon appeal. Any change of the exterior color or the outdoor lighting of any structure shall be referred to the Commission for review. If a building permit is not required, there shall not be any exterior alteration or change of exterior color unless there has been a final written approval of the Commission, where required, or the City Council upon appeal. The Commission or City Council on appeal shall not approve issuance of such permit unless the plans conform to the provisions of this Chapter. Any application shall be considered and either approved or disapproved by the Commission at its next regularly scheduled meeting for which an agenda has not been finalized after completion of any required environmental assessment, but may be continued to the next regular meeting. In the absence of timely oral or written objection by the applicant, the Commission may continue consideration of an application to subsequent meetings. In the event an applicant objects to continuance by the Commission and if the Commission takes no action on the application, then the application shall be deemed approved.

C. **SIGN PERMITS.** Signs which have been approved by the Sign Committee or the Commission or City Council upon appeal and for which a valid permit has been issued by the City shall not require a permit or approval under this section. Applications for permits for signs to be erected or altered within El Pueblo Viejo Landmark District and Brinkerhoff Avenue Landmark District shall be considered by the Commission only upon an appeal filed pursuant to Section 22.70.050.J.

D. **PLACEMENT, ALTERATION, OR REMOVAL OF NATURAL FEATURES (INCLUDING TREES) ON PRIVATE PROPERTY.** No natural feature affecting the exterior visual qualities of private property located in El Pueblo Viejo Landmark District or Brinkerhoff Avenue Landmark District (excluding trees listed in Section 15.24.020 of this Code, which are processed pursuant to Chapter 15.24) shall be placed, altered, or removed without the approval of the Commission or City Council upon appeal. Minor alterations specified in the Historic Landmarks Commission Rules and Procedures, adopted from time to time by resolution, may be allowed subject to the review of the Community Development Director or his or her representative.

22.68.080 Signs.

Application for sign permits shall be considered by the Architectural Board of Review only upon an appeal filed pursuant to Section 22.70.050.J of this Code.

Section Two. Section 22.70.050 of Title 22 of the Santa Barbara Municipal Code is amended to read as follows:

22.70.050 Sign Permits.

A. **APPLICATION.** Any person desiring to construct, maintain or display a sign for which a permit is required shall submit an application to the Planning Division of the Community Development Department. The application shall be made upon forms provided by the Community Development Department and shall be accompanied by the following materials:

1. Two copies of a plan showing:
 - a. The position of each sign and its relation to adjacent buildings or structures.
 - b. The proposed design, size, colors, and location on the premises of each sign including the type and intensity of any proposed lighting.
2. A statement showing the sizes and dimensions of all signs existing on the premises at the time of making such application.
3. Such other information as the Director of the Community Development Department may require to show full compliance with this and all other ordinances of the City of Santa Barbara.
4. A written authorization to submit the sign permit application signed by the property owner or lessee.

B. FEES. The sign permit application shall be accompanied by the appropriate fee established by the City Council by resolution. If installation of a sign is commenced before an application for a permit is made or before the plans are approved by the Sign Committee, the applicant shall be charged an additional field inspection fee equal to the permit fee.

C. PROCESSING APPLICATIONS.

1. Community Development Department staff shall review the application and accept it as complete or reject it as incomplete within three (3) working days from the date of filing.

2. No sign permit application will be accepted if:

a. The applicant has installed a sign in violation of the provisions of this Chapter and, at the time of the submission of the application, each illegal sign has not been legalized, removed or included in the application; or

b. Any sign under the control of the applicant on the premises of the proposed sign was installed in violation of this Chapter and at the time of submission of the application, each illegal sign has not been legalized, removed or included in the application; or

c. The sign permit application is substantially the same as an application previously denied by staff or the Sign Committee or, on appeal, by the Historic Landmarks Commission, the Architectural Board of Review, or the City Council, unless:

(i) Twelve (12) months have elapsed from the date of the final decision on the application; or

(ii) New evidence or proof of changed conditions is furnished in the new application.

3. Assignment of Level of Review. Community Development Staff will review each sign permit application and assign each complete application to one of two review categories: Conforming Review or Full Committee Review. Sign permit applications will be assigned to Conforming Review based on the criteria found in Section 22.70.050.E. Sign permit applications that are not assigned to conforming review will be assigned to Full Committee Review including applications that involve multiple exception requests, a large number of signs, or a large volume of signage.

D. BUILDING AND ELECTRICAL PERMITS. After a sign has been approved by the Sign Committee, the applicant shall obtain all required building and electrical permits from the Building and Safety Division of the Community Development Department.

E. CONFORMING SIGN REVIEW.

1. Sign Conformance Determination. Applications which meet the following criteria shall be referred by Staff for Conforming Review:

a. Signs where the size, shape, color, placement, and any lighting of the sign are consistent with adopted guidelines;

b. Signs located within El Pueblo Viejo Landmark District that comply with the requirements of Section 22.70.040.B and would be compatible with the required architectural style described in Section 22.22.104;

c. Minor wording, name, color and/or face changes which do not affect the character or location of a sign;

d. Signs for a commercial or industrial complex where a previously approved

sign program is in effect and the proposed sign conforms to the program;

- e. Thirty (30) day extension of temporary signage;
- f. Conceptually approved signs, if all Committee conditions are met; and
- g. Awning signs.

2. **Conforming Review.** Conforming reviews are conducted by the Chair of the Sign Committee, the Vice-Chair of the Sign Committee, or a designated alternate. If the conforming reviewer cannot approve an application, the conforming reviewer shall refer the application to Full Committee Review.

F. FULL COMMITTEE REVIEW. Full Committee Review is conducted by a quorum of the Sign Committee. The Sign Committee shall take action to approve, conditionally approve or deny an application within twenty one (21) days from the date of acceptance thereof. If no action is taken by the Sign Committee within said period or within any extension approved by the applicant, the application shall be deemed approved as submitted, provided the proposed sign otherwise complies with the provisions of this Chapter. After initial review, the Committee may refer all or a portion of an application to Conforming Review, if the Committee deems it appropriate.

G. STANDARD OF REVIEW AND FINDINGS. Conforming Review and Full Committee Review are conducted using the review criteria provided in Section 22.70.050.H and making the findings required in Section 22.70.050.I.

H. SIGN REVIEW CRITERIA.

1. In reviewing a sign permit application, the Sign Committee or the conforming reviewer shall apply the following criteria as the basis for action:

- a. The sign shall be in proportion with and visually consistent with the architectural character of the building.
- b. The sign shall not constitute needless repetition, redundancy or proliferation of signing.
- c. The location of the proposed sign and the design of its visual elements (lettering, colors, decorative motif, spacing and proportion) shall result in a sign which is legible under normal viewing conditions existing at the sign's proposed location.
- d. The sign shall not obscure from view or unduly detract from existing signing.
- e. If the proposed sign will be adjacent to, in or near a residential area, it shall be harmonious and compatible with the residential character of the area.
- f. The size, shape, color and placement of the sign and any lighting shall be compatible to and harmonious with the building which it identifies and with the area in which it will be located.
- g. If the sign is to be located in El Pueblo Viejo Landmark District, the sign shall comply with the requirements of Section 22.70.040.E and shall be compatible with the required architectural style described in Section 22.22.104.

2. If a sign permit application satisfies the above criteria and complies with the other provisions of this Chapter, it shall be approved.

I. FINDINGS. If a sign permit application is denied, specific and detailed findings setting forth the reasons why the proposed sign violates the criteria set forth above or other provisions of this Chapter shall be prepared in writing and mailed to the applicant or his agent and sign contractor within seven (7) days.

J. APPEALS. The applicant or any interested person may appeal decisions concerning sign permit applications as follows:

1. Appeals to the Architectural Board of Review or the Historic Landmarks Commission. Any action of the Sign Committee or of the Division staff may be appealed by the applicant or any interested party to the Architectural Board of Review or, if the sign is in El Pueblo Viejo Landmark District or if the sign is proposed on a site that is a designated historic resource or potential historic resource, to the Historic Landmarks Commission. Said appeal shall be in writing, shall state reasons for the appeal and shall be filed with the staff of the Architectural Board of Review or the Historic Landmarks Commission within ten (10) days of the meeting at which the decision being appealed was rendered. A hearing shall be held by the Architectural Board of Review or the Historic Landmarks Commission, as appropriate, at the first available meeting of the Architectural Board of Review or the Historic Landmarks Commission following the filing of the appeal. Notice of the time and place of the hearing shall be sent to the applicant and appellant no later than five (5) days prior to said hearing. The Board or Commission may affirm, reverse or modify the decision of the Sign Committee or staff concerning the sign permit application. Said action shall take place within twenty-eight (28) days from the date of the filing of the appeal. Failure to act within said period will result in the sign permit application being deemed approved to the extent that it complies with the provisions of this Chapter. Upon such an automatic approval, the Building and Safety Division shall issue the permit. No member of the Board or Commission who is also a member of the Sign Committee and who participated in the decision of the Sign Committee shall act on the appeal.

2. Appeal to the City Council. An appeal to the City Council from the decision of the Architectural Board of Review or the Historic Landmarks Commission shall be made pursuant to the provisions of Section 1.30.050 of this Code.

K. EXPIRATION OF PENDING APPLICATION. Signs must be installed within six months of the date of approval or the approval is void, unless the applicant has requested and received an extension not exceeding six (6) months from the Community Development Director.

Section Three. Sections 22.70.070, 22.70.080, and 22.70.095 of Title 22 of the Santa Barbara Municipal Code are amended to read as follows:

22.70.070 Exceptions.

A. APPLICATION. When a person desires to erect a sign which does not comply with the provisions of this Chapter, he shall file an application for an exception. An application for an exception shall be filed with a sign permit application, shall be accompanied by a fee established by the City Council by resolution, shall state the specific section or sections of this Chapter which the applicant desires to have waived, and shall state the grounds for the exception.

B. GROUNDS. Before an exception may be granted, the following shall be shown:

1. There are exceptional or extraordinary circumstances or conditions applicable to the property involved, or to the intended use of the property, that do not apply generally to other properties in the vicinity.

2. The granting of the exception will not be materially detrimental to the public

welfare or injurious to the properties or improvements in the vicinity.

3. The proposed sign is in conformance with the stated purpose and intent of the Sign Ordinance.

C. HEARING. A hearing on the exception application shall be held by the Sign Committee prior to considering the sign permit application. The time limits for the Sign Committee's action shall be the same as those set forth in Section 22.70.050.F of this Chapter.

D. APPEAL. The provisions for the appeal of the decision of the Sign Committee concerning an exception application shall be the same as those set forth in Section 22.70.050.J.

22.70.080 Nonconforming Signs.

A. DEFINITION. Every sign legally in existence on the effective date of (i) the ordinance adopting this Chapter, or (ii) any ordinance amending this Chapter, which violates or does not conform to the provisions of such ordinance or any such amendment, shall be a "nonconforming sign."

B. GENERAL PROVISIONS. A nonconforming sign may not be:

1. Changed to another nonconforming sign.
2. Structurally altered so as to extend its useful life.
3. Expanded.
4. Relocated.

C. REMOVAL.

1. A sign which does not conform to the provisions of this Chapter, but which legally existed and was maintained on January 1, 1976, and which did not conform to provisions of the Sign Ordinance in effect at that time shall be removed or made to conform within one-hundred eighty (180) days after written notice from the Community Development Department. Said one-hundred eighty (180) day period shall be extended in the following circumstances:

a. The owner of a nonconforming sign submits to the Community Development Department a declaration signed under penalty of perjury, on a form provided by the Community Development Department, stating that he intends to terminate the business identified by said sign within twelve (12) months of the date of the notice from the Community Development Department.

b. The owner agrees in writing, on a form provided by the Community Development Department, to voluntarily remove said sign upon the expiration of the twelve-month period described in Subsection C.1.a. above or the date he terminates his business, whichever occurs first, and further agrees as consideration for this further extension of time to remove said sign(s) to waive any and all rights he may have to challenge the validity of the provisions of this Section.

2. A sign which becomes nonconforming upon the effective date of (i) the ordinance by which this Chapter is adopted, or (ii) an ordinance amending this Chapter shall be removed or made to conform within sixty (60) days after written notice by the Community Development Department upon change of use of the premises.

3. Exceptions to the provisions of this Section shall be granted by the Sign Committee upon the application of any owner of an on-site sign who presents

substantial evidence showing the following:

a. There are exceptional circumstances applicable to the property on which the nonconforming sign is located, including size, shape, topography, location, or surroundings which make it practically impossible to effectively identify the property to the public if strict application of all the provisions of this Chapter is required; or

b. The original cost of the sign has not been fully amortized for tax purposes under Section 167 of the Internal Revenue Code by the sign's original owner. Such exception shall only be granted until completion of amortization pursuant to Section 167. Request for such extension shall be supported by legal documents, sworn statements, affidavits or other documents clearly establishing the need for additional time to amortize the original cost of the sign; or

c. The sign possesses unique features which make it a significant part of the historical heritage of the area in which it is located.

4. Denial of a request for an exception may be appealed pursuant to the provisions of Section 22.70.050.J.

22.70.095 Vending Machines Readily Visible From a Public Right-of-Way.

A. **VENDING MACHINES WITHIN THE PUBLIC RIGHTS-OF-WAY.** No owner of real property shall install, operate, or maintain a vending machine which is located on or encroaches within or over a City public right-of-way, such as a City street, sidewalk, paseo, or alleyway except for those machines which encroach in the public right-of-way on the date of the enactment of this amendment to Chapter 22.70, provided that the owner or operator of such an encroaching vending machine obtains a vending machine license agreement pursuant to the requirements of Santa Barbara Municipal Code Chapter 9.48 within one year of the adoption of this amendment and provided that such machine dispenses drinking water only.

B. **VENDING MACHINES IN A CITY LANDMARK DISTRICT.** No owner of real property located within a City Landmark District (as such districts are designated by Santa Barbara Municipal Code Chapter 22.22) shall install, operate, or maintain a vending machine upon such real property under circumstances where the vending machine is readily visible from an area accessible to public.

C. **VENDING MACHINES – NONRESIDENTIAL USES.**

1. Generally. No owner of real property located outside of a City Landmark District shall install, operate, or maintain a vending machine on such real property under circumstances where the machine is readily visible from an area accessible to the public unless and until the property owner or vending machine operator (or an authorized agent thereof) has obtained the permits required by this Section and has completed the design review and approval required by this Section, where applicable. No business shall be allowed or permitted to have more than four (4) vending machines at each business location.

2. Residential Properties. No owner of real property used exclusively for residential purposes shall install, operate, or maintain a vending machine upon such property.

D. REVIEW AND ISSUANCE OF VENDING MACHINE PERMITS.

1. Machine Locations with Not More Than Two (2) Vending Machines. A vending machine which is visible from an area readily accessible to the public may be installed, operated, and maintained on real property zoned or being used for nonresidential purposes and located outside of a City Landmark District only under the following circumstances:

a. No More Than Two (2) Machines. The real property upon which the machine will be located will have no more than two (2) vending machines installed or operated upon the same location at any one time; and

b. Necessary Permits. The owner or operator of the vending machine has obtained a building permit from the City Building and Safety Division and a vending machine sign permit from the City Sign Committee in accordance with the procedures established for sign permits set forth herein; and

c. Size and Machine Panel Design. The size, design, and the use of illumination for the vending machine is installed in full compliance with the City's Outdoor Vending Machine Design Guideline requirements for unscreened vending machines.

d. Signage Illumination. A vending machine may not have signage which is internally illuminated.

2. Machine Locations with More Than Two (2) Vending Machines. A vending machine which is readily visible from an area accessible to the public may be installed, operated, and maintained on nonresidential real property located outside of a City Landmark District where the real property will have more than two vending machines but less than five (5) machines only under the following circumstances:

a. ABR Design Review. The owner or operator of the vending machine has obtained design and screening review and approval from the City Architectural Board of Review and the machine is installed in full compliance with the City's Outdoor Vending Machine Design Guidelines; and

b. Required Permits. The owner or operator of the vending machine has obtained both a building permit from the City Division of Building and Safety and a sign permit in accordance with the procedures established for sign permits set forth herein from the City Sign Committee for the machine; and

c. Compliance with Conditions of Approval. The vending machine is installed and maintained in accordance with any conditions of approval issued by either the Sign Committee or the ABR in connection with the approved permits or design review.

d. Automobile Service Station Locations. The real property is not being used as a gasoline service or automobile service station.

3. Vending Machines in a Shopping, Office, or Industrial Center. Vending machines located on real property being used as a Commercial, Office, or Industrial Complex [as defined in Section 22.70.020(I)] may be permitted only pursuant to a Complex Vending Machine Program approved by the Sign Committee in a manner similar to the Sign Committee's review and approval of Complex Sign Programs pursuant to Subsection (A)(3)(b) of Section 22.70.040 hereof and where such machines are designed and located in accordance with the City's Outdoor Vending Machine Design Guidelines.

E. OUTDOOR VENDING MACHINE DESIGN GUIDELINES.

1. Adoption of Machine Design and Locational Guidelines. Within thirty (30) days of the adoption of the ordinance enacting this Section, the City Council shall approve Outdoor Vending Machine Design Guidelines which shall be approved pursuant to a resolution of the City Council.

2. Exceptions to Guideline Requirements. Upon the written request of an applicant for an outdoor vending machine permit, the Sign Committee, or, where applicable, the City's Architectural Board of Review may grant appropriate exceptions to the Outdoor Vending Machine Design Guidelines provided that all of the following grounds for the exception are determined to be applicable:

a. There are exceptional or extraordinary circumstances or conditions applicable to the real property involved which do not apply generally to other real properties in the vicinity.

b. The granting of the exception will not be materially detrimental to the public welfare or injurious to the properties or improvements in the vicinity.

c. The proposed vending machine installation is in conformance with the stated purpose and general intent of the Outdoor Vending Machine Design Guidelines and this Chapter.

d. A public benefit will be derived from the proposed outdoor vending machine location and a hardship otherwise exists due to the physical constraints of the site which make the strict application of City vending machine requirements impractical or not readily feasible.

F. COMPLIANCE ESTABLISHED BY VENDING MACHINE PERMIT STICKER. Compliance with the requirements of this Section shall be conclusively established by the City's issuance of an appropriate permit sticker which shall be posted or affixed to and maintained on the permitted vending machine by the operator thereof and which shall serve as conclusive proof of compliance with the requirements of this Section.

G. VENDING MACHINES INSTALLED PRIOR TO ADOPTION. Except with respect to the prohibition on internally illuminated signage contained in subparagraph (D)(1)(d) hereof, the requirements of this Section (including the Outdoor Vending Machine Design Guidelines) shall be applicable to any vending machines installed prior to the adoption of the ordinance enacting this Section upon the expiration of one year after the effective date of the Ordinance. Permit applicants may be granted additional time for compliance with the requirements of this Chapter (not to exceed one year) by the Community Development Director upon a showing by the applicant of due diligence in seeking to obtain the permits and design review required by this Chapter.

H. APPEALS. A decision of the Sign Committee or a decision of the Architectural Board of Review made pursuant to this Section may be appealed in accordance with the applicable appeal procedures of subsection (J) of Section 22.70.050.

I. DEFINITION OF "READILY VISIBLE TO THE PUBLIC." For the purposes of this Section, the phrase "readily visible to the public" shall mean that a majority of the face panel of a vending machine can typically, reasonably, and usually be observed by an average person standing or traveling upon a City public right-of-way or visible from a parking or other area generally open for public use, including those vending machines which are located indoors but visible and less than four (4) feet from a window. Where

necessary whether a machine is "readily visible to the public" may be determined by the Community Development Director.

ORDINANCE NO. 5791

STATE OF CALIFORNIA)
)
COUNTY OF SANTA BARBARA) ss.
)
CITY OF SANTA BARBARA)

I HEREBY CERTIFY that the foregoing ordinance was introduced on May 23, 2017, and was adopted by the Council of the City of Santa Barbara at a meeting held on June 13, 2017, by the following roll call vote:

- AYES: Councilmembers Jason Dominguez, Gregg Hart, Frank Hotchkiss, Cathy Murillo, Randy Rowse, Bendy White, Mayor Helene Schneider
- NOES: None
- ABSENT: None
- ABSTENTIONS: None

IN WITNESS WHEREOF, I have hereto set my hand and affixed the official seal of the City of Santa Barbara on June 14, 2017.

(Seal)

Sarah P. Gorman

Sarah P. Gorman
City Clerk Services Manager

I HEREBY APPROVE the foregoing ordinance on June 14, 2017.

PHYSICS DEPARTMENT

PHYSICS 439

LECTURE 1

The first part of the course will be devoted to a review of the basic concepts of quantum mechanics. We will start with the wave function and the Schrödinger equation, and then move on to the Heisenberg uncertainty principle and the commutation relations between position and momentum.

In the second part of the course, we will study the harmonic oscillator and the hydrogen atom.

The third part of the course will be devoted to the study of scattering theory and the partial wave expansion. We will also discuss the Dirac equation and the Dirac sea.
