

ORDINANCE NO. 5801

AN ORDINANCE OF THE COUNCIL OF THE CITY OF
SANTA BARBARA AMENDING CHAPTER 9.20 OF THE
SANTA BARBARA MUNICIPAL CODE IN ITS ENTIRETY
PROHIBITING SMOKING IN PUBLIC PLACES

THE CITY COUNCIL OF THE CITY OF SANTA BARBARA DOES ORDAIN AS
FOLLOWS:

SECTION 1. Findings and Intent.

A. The City Council finds that:

1. Numerous studies have found that tobacco smoke is a major contributor to indoor air pollution and that breathing secondhand smoke is a cause of disease in nonsmokers; and

2. The U.S. Environmental Protection Agency has classified secondhand smoke as a carcinogen for which there is no safe level of exposure. At special risk are children, elderly people, individuals with cardiovascular disease, and individuals with impaired respiratory function, including asthmatics and those with obstructive airway disease; and

3. Health hazards induced by breathing secondhand smoke include lung cancer, heart disease, respiratory infection, decreased respiratory function, bronchoconstriction, and bronchospasm; and

4. Cigarette butts are a pervasive form of litter in the City of Santa Barbara, on its streets and in its parks, beaches, and waterways, and hence constitute a public nuisance. Cigarette butts contain carcinogenic bits of non-biodegradable cellulose acetate which are toxic to wildlife and pose a risk to human health.

5. Carelessly discarded cigarettes are a major cause of fire and pose a significant threat to public safety and the community.
