

DESIGN PROJECT SITE UPDATE

Last Updated: March 26, 2015

Project Name: HSIP Traffic Signal Improvements Project

Contact Information:

City Project Engineer: **Laura Yanez**
Phone: **(805)897-2615**
E-mail: **LYanez@santabarbaraCA.gov**

Project Description:

Provide pedestrian countdown indications at locations that currently have no pedestrian indications, and improve visibility of vehicular indications by increasing head size from 8" to 12", and at some locations, improve the mounting locations at 40 intersections throughout the City.

Project Progress:

90% Design Complete, Environmental approval granted, beginning ROW Phase.

Current Schedule:

Construction Summer 2015
