

## West Beach Pedestrian Improvements

### 2003A Bond Fund

#### Project Description

This project improves the pedestrian linkage between the West Beach Neighborhood and the Harbor area. Work includes replacing the sidewalk along West Cabrillo Boulevard between Stearns Wharf and Castillo Street. Enhanced brick crosswalks with pedestrian amenities, such as bulbouts and a pedestrian-activated signal at Ambassador Park, will improve the safety and overall appearance of West Cabrillo Boulevard. New plazas at Chapala Street, Ambassador Park, Bath Street, and Los Baños Pool will create areas of interest, as well as ADA access to the beach path for bicyclists and pedestrians. New landscaping and public art at these plazas will further enhance the pedestrian experience. A signage program will highlight areas of interest along the Waterfront and provide information about the public art.

#### Funding

Original RDA Funding	\$2,000,000
<u>Additional RDA Funding</u>	<u>1,500,000</u>
Total RDA Funding	\$3,500,000
