4. Maintain accurate sales reporting by auditing 25% of percentage rent leases annually.		
Status:	Completed.	
Comments:	<p>Waterfront submitted 6/8 lease revenue examinations to Pyne, Waltrip, Decker & McCoy, LLP, Certified Public Accountants:</p> <p>8 audits were submitted in QTR2; 6 audits were completed; 2 pending.</p> <p>Note: Upholding 2013 Harbor Commission's approval to limit the number of audits to high-revenue earning leasees only; Staff reviewed and adjusted the number of audits from 30 to 24 to be completed within a four-year rotation. This is a cost-saving decision to start early and order only 8 audits for FY 2014 and 6 for FY 2015.</p> <p>As an example, the number of percentage rent lease tenants are being reduced as existing tenants are combining businesses under one lease, such as Old Wharf Trading Co./Topside, and Brophy Bros./On the Alley.</p>	Objective Achieved <input checked="" type="checkbox"/>

7. Tenant contacts regarding sustainability issues (Green Objective)	70	34	54	34	54	176 128

COMMENTS ON OTHER PERFORMANCE MEASURES:

7.The number of tenant contacts regarding sustainability issues has increased due to a very proactive approach by the City of Santa Barbara overall. This proactive approach has created more contacts to

make the tenants more aware of their situation and to take a proactive approach themselves, to adopt that mindset so integral to good business practices.

In addition, the Waterfront has been proactive with the current drought situation. Staff has contacted all our food service tenants about the ways to reduce water consumption and educating all tenants about the impacts of the drought and ways in which they can save water at work and at home.
