Pavement grind and overlay on Alamar Avenue between Foothill Road and Verde Vista Drive will begin on Monday, December 9 and will conclude on Wednesday, December 11. This three-day roadway work, which is part of a larger pavement maintenance project in progress throughout the City, will create a smooth, high-quality road surface.

To perform this work, there will be temporary road closure on Alamar Avenue between Foothill Road and Verde Vista Drive on Monday, December 9 through Wednesday, December 11 from 7:00 a.m. until 5:00 p.m. Detours in the surrounding areas will be in effect to minimize the construction duration and ensure the least disruption to normal traffic flow, though drivers should expect delays in the area. Access will be maintained for residents, although temporary disruptions should be anticipated, especially while paving is taking place. No parking signs will be posted at least 72 hours prior to construction.

The City has contracted with Granite Construction to perform the grind and overlay work, which is funded by Measure C. For more information about your local sales tax at work, visit www.SantaBarbaraCA.gov/MeasureC.

For more information about this project, contact Max Kashanian, Project Engineer, at (805) 564-5450. Para información en español, llame a Laura Yanez, (805) 897-2615.
