

PROJECT TITLE: **Lower Milpas Pedestrian Improvement Project**

PROJECT OVERVIEW: The Project includes the installation of sidewalk along the east side of Milpas Street, beginning at Cabrillo Boulevard and continuing to the US Highway 101 on/off ramps located just north of the Union Pacific Railroad. Additional sidewalk infill is needed on Calle Puerto Vallarta connecting Milpas Street to Dwight Murphy Park and the Santa Barbara Zoo. In addition, the Project includes pedestrian lighting along both street corridors.

PROJECT BENEFITS: The Project will create a safe, predictable path for residents to and from the beachfront, Santa Barbara Zoo, Dwight Murphy Park, and Eastside schools. Currently, residents must walk around vehicles and into the street when traversing this section of Milpas Street and Calle Puerto Vallarta.

Lower Milpas at Calle Puerto Vallarta
