

Locals' Weekender Parking Permit Agreement

This agreement is between the City of Santa Barbara and the applicant only.

1. Permit holders must be residents of the county of Santa Barbara.
2. An individual may be issued only one permit at a time and may not apply for an additional permit until the expiration month of the current permit.
3. Permits are active for a period of six calendar months as determined at time of purchase. Refunds will not be issued for permits used for a period of time less than the full active period.
4. Parking permits are issued on a calendar month basis (i.e. 1st through 31st) and cannot be prorated.
5. Permits are valid starting the first day of the activation month and expire on the last day of the expiration month. Activation dates cannot be set to any date other than the first day of the month.
6. Permits are valid *only* Saturday, 12:00am through Sunday, 11:59pm and only during the six-month active period as designated at time of purchase.
7. Permits do not auto-renew upon expiration of the active period. A new permit application and proof of residence must be submitted to purchase a new permit.
8. Permits may not be paused for any period of time and the active period as determined at time of purchase may not be changed.
9. Permit holders are responsible for all parking fees accrued outside of designated permit hours or accrued before or after the permit activation dates.
10. All permit parkers must use their permit or license plate recognition (LPR) to gain entrance into the lots and to exit. Failure to comply with this procedure may result in additional parking fees or permit termination. If you know you do not have your parking permit, please contact the Parking Office in advance for exiting instructions.
11. Parking permits are NOT transferable. Permit may only be used by the person and the vehicle(s) listed on this application.
12. Your permit can be terminated, without refund, if you allow non-permit holders to use your permit or LPR registered license plate to gain access to the parking lot without paying hourly parking fees.
13. There will be a \$20.00 charge for replacement of lost or stolen permits, or for permits damaged beyond normal wear and tear. Please notify the Parking Office immediately if your permit has been lost or stolen.
14. Permit holders may not park in assigned or private parking spaces. PERMIT DOES NOT GUARANTEE A SPOT IF PARKING LOT IS FULL.
15. Please notify the Parking Office of any changes to your address, vehicle license(s), or phone number.
16. LPR is supplemental to your physical permit card. Please keep your permit card available for use as a backup in the event LPR does not read your plate to raise the entrance or exit gate.
17. Only a Permit Holder may use an LPR linked permit to access the parking lot. You must opt-out of LPR for vehicles used by multiple drivers.
18. A Permit Holder must notify the Parking Office within 5 business days if the holder will no longer be driving a vehicle authorized for LPR permit access.
19. A front license plate is required to use LPR. If your vehicle is not required to display a front plate (CVC § 5200), please opt-out of LPR.
