COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

COMMENT:

I'm supportive of the need for a new police building. I think distribution of the planner's powerpoint, showing the decision process to date would save time and help the discussion.

Note: Cottage Hospital rebuilt in pieces. Is this impractical?

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

COMMENT:

*I SUPPORT THE CONSTRUCTION OF A NEW POLICE STATION.
I STRONGLY SUPPORT THE PRESERVATION OF THE SATURDAY
SB FARMERS MARKET. THE SAT. FARMERS MARKET IS A
VITAL ELEMENT OF SANTA BARBARA, AND A VITAL SOURCE
OF HEALTHY FOOD FOR SB RESIDENTS.*

CITY OF SANTA BARBARA
Santa Barbara Police Station Project

Date: 11/3/18

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

COMMENT:

Both sites selected so far as potential locations for a police station take away immeasurable community benefits. Taking away a senior center, fair center and townhouse housing units to taking park land away of SB we are not getting any more parkland. So we can't take any away.

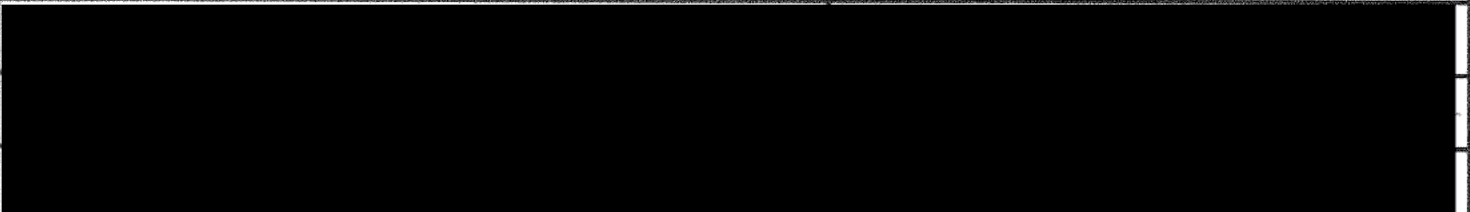

CITY OF SANTA BARBARA
Santa Barbara Police Station Project

Date: 11/3/18

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

COMMENT:

Please make sure we have a Saturday Farmers Market! its an important city social/business event!
Thank you.

CITY OF SANTA BARBARA
Santa Barbara Police Station Project

Date: 11/3/18

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

COMMENT:

Really stupid idea to replace this site for the farmers MARKET for a Police STATION.

CITY OF SANTA BARBARA
Santa Barbara Police Station Project

Date: 11/3/18

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

COMMENT:

For safety and access, the best option is the parking lot as long as another good place to relocate the market. As long as parking is thought out and remains free.

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

The Police Department would like to enhance community services at its new Police Station.

- 1.) Would you use a community meeting room if one is provided?
- 2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions? *NO*
- 3.) Are there any other activities you would like to see happen at the Police Station?

EDUCATION ON GUN SAFETY

- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

BE HONEST, TRANSPARENT, AND CLEAR.

ADDITIONAL COMMENTS:

This is a deeply saddening experience to feel that without community care in discussion, choices were made that will deeply influence the identity of the community, as well as people's jobs, families and the county's overall environment.

CITY OF SANTA BARBARA
Santa Barbara Police Station Project

- 3.) Are there any other activities you would like to see happen at the Police Station?
- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

ADDITIONAL COMMENTS:

I have more to say.

The farmers market location is not simply a place to go flowers. When the fries closed 101, some of the farmers took 8 hours to come all the way Saturday to ensure fresh organic food.

The lawn bowling club is a "special" interest the serves such a small part of our community. NOT COTA!

Project Manager: Brad Hess, (805) 564-5373

The Police Department would like to enhance community services at its new Police Station.

- 1.) Would you use a community meeting room if one is provided? *yes*
- 2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions? *not sure*
- 3.) Are there any other activities you would like to see happen at the Police Station? *Bike school for kids to learn the rules of the road.*
- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

ADDITIONAL COMMENTS:

Relocation sites if the Farmers Market must be displaced you must ensure it will have access to a viable new location. The city should create a Farmers Market new location scoping process looking first at nearby sites such as Lot 10 Rooftop, Lot 11 surface lot, State st & side streets or the cultural district between Anapim & Sol. A new market concept as upper state where the street is wider, with both sides are usable & space is efficiently utilized. Get a subjective look at each sites pros & cons could be developed and presented to the SBCFMA & the community for consideration.

Project Manager: Brad Hess, (805) 564-5373

The Police Department would like to enhance community services at its new Police Station.

- 1.) Would you use a community meeting room if one is provided?

likely not, though the answer sways greatly depending on purpose & design & access.

- 2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions?

good idea / would consider

- 3.) Are there any other activities you would like to see happen at the Police Station?

Discussion and consideration of

• racial bias

• priorities/concerns from citizens

• homeless / "traveling" community

- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

a good possible use for community room?

→ I'd just really appreciate seeing police in more community events — to promote positive interaction & understanding

ADDITIONAL COMMENTS:

Thank you for including discussion with the community. I ~~think~~ do understand there are numerous considerations, though it seems such an important matter that the farmer's market remain, whether in a new space or not. The market is fundamental to our community in so many ways! ~~It~~ Produce and sustenance on its own cannot be understated as foundational to our lives and community. More than this, the farmer's market is also a rare place in SB where everything is vibrant & alive — the vegetables and goods, the people you invariably know & run in to, the music & stories — these things can never be underestimated. ~~The~~ The police department keeps ~~an~~ order; the farmer's market is so much of the reason we live. It is one of those rare gems in Santa Barbara, truly. Thank you for all your work & consideration.

The Police Department would like to enhance community services at its new Police Station.

- 1.) Would you use a community meeting room if one is provided? NO
- 2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions? NO
- 3.) Are there any other activities you would like to see happen at the Police Station? NO

- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

Not likely. People want to just go there, do what they need to do, + leave.

ADDITIONAL COMMENTS:

The farmers market site should not be considered a viable location. what we have going there cannot be duplicated anywhere else. Period!! It is safe, compact, accessible for pedestrians, cyclists, restaurants, parking, freeway access, some shade, historic presence, and gets more visits on Saturdays than the Mission. People have worked tirelessly for decades to create what we have going there, at that site, at Costa + Santa Barbara Sts. Please don't take us for granted. Farming is a multi billion \$\$ industry in California, and the state + county governments have also dedicated considerable resources to guarantee that farmers markets be a viable income source for direct marketing farmers. Displacing us from that

location would fully disrupt their mission + our lives + borders. Thank you for finding a different option.

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

COMMENT:

Thank you for creating opportunities for public comment. It would serve community members well to have access to the full analysis completed that led to elimination of some sites from consideration. This would include criteria that were the basis for decisions, and how each site performed on those criteria. I notice an absence of discussion of socio-economic impact of various site selection, and am concerned that some sites that were eliminated might be viable if a more comprehensive set of criteria were considered. Ideally, public comment would have been solicited when these criteria were being selected. I was also struck by the contrast between the police chief's focus on a community-centered philosophy and the glaring absence of community en-

- 4.) In what other ways could the new building better the relationship between the Police Department and community members?
Do not know right now.

ADDITIONAL COMMENTS:

I do understand the need for a larger facility to house all police related activities. I am very grateful for the services the police force has been giving to the community.

Only one request: ★ Help us find a new location for the Farmers Market if the Cota Street Site has been chosen.

★ We will do our homework and look for potential alternate site, as well.

Thank You!

COMMENT CARD:

Project Manager: Brad Hess. (805) 564-5373

The Police Department would like to enhance community services at its new Police Station.

- 1.) Would you use a community meeting room if one is provided?
- 2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions?
- 3.) Are there any other activities you would like to see happen at the Police Station?
- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

ADDITIONAL COMMENTS:

Present alternative sites for a
displaced Farmer's Market BEFORE
a decision is made - In that way
the public can properly weigh in
before the decision

COMMENT CARD:

Project Manager: Brad Hess. (805) 564-5373

COMMENT:

1. The proposed design is huge, thus requiring a large piece of land. Surely it could be smaller if a few components were housed/built elsewhere. Such an enormous building will overwhelm the sites proposed, especially Spencer-Adams Park.
2. The S.A. Park provides important services to many members of the community. It is a city-owned park and should not be closed. It will be very difficult to replace these amenities, in particular the lawn bowling.

3. Farmer's Market could more easily find a new venue, e.g. parking lot of Spenser-Adams, or Lot 11, or another parking lot, or even a section of State St. as on Tuesdays. It is easier to solve this problem than manage the loss of a park! And greens
4. Building the police station in or close to a residential area downtown will ruin the peace of those residents, i.e. in the vicinity of Spenser-Adams.
5. Note that McKenzie Bowls Club is not able to accommodate the inevitable overflow if downtown bowling closes.

I love the lip sync video on youtube!
- 4.) In what other ways could the new building better the relationship between the Police Department and community members?
sounds like it will be a much needed and major improvement for everyone

ADDITIONAL COMMENTS:

~~XXXXXXXXXXXX~~

This is an opportunity to benefit everyone. I am confident that we will work to make the SB Farmer's market thrive through a location transition (if voted on.)

Our ideal situation would be to stay at our current location at the Commuter Lot.

One idea for a location if we need to move is Chapala St. between Gutierrez St. and Cota or Ortega.

Looking forward to working with you.

~~XXXXXXXXXX~~

- 3.) Are there any other activities you would like to see happen at the Police Station?
- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

ADDITIONAL COMMENTS:

The land that the Louise Lowry Davis Center is on, and The SB Lawn Bowling Club is on was donated to the city for the stated purpose of Recreation, by a man who happened to be a lawn bowler himself. Many people use this park for assorted recreational purposes, not just lawn bowling. Seniors need the senior center, because Santa Barbara already has very few centers for activity for seniors, not to mention the lunches.

I don't see why the site of the old police station can't easily be turned into a parking lot + site for Farmers Market. Whereas if you take away a city park, donated expressly for recreation, you won't be able to replace it.

We have a fine police force, one of the best in the nation, admired and respected by our citizens, but our cherished institutions also deserve respect.

The Farmers' Market has become one of Santa Barbara's cherished Institutions,

It is not just a place to buy wholesome produce, it is a place of community, a place where friends and neighbors freely meet to express and enjoy the public spirit of Santa Barbara. The Farmers' Market has become our Village Square and it is ideally situated for that purpose. Taking away from the people this place of happy Saturday shopping and mingling would be an assault on our community. Let us find another location for our Police Station.

ADDITIONAL COMMENTS:

The Saturday Market is BEST where it is currently located generating tons of business downtown for the business's there. It keeps the public engaged in the local business's & restaurants & its easy access by foot, bike & car as well as electric public transportation. I find it difficult to believe that the public has no say in the location of the Police Dept - its our dollars funding its growth & we should come to a better consensus on where the Police Dept is located & where the community is located.

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

The Police Department would like to enhance community services at its new Police Station.

- 1.) Would you use a community meeting room if one is provided? *Maybe*
- 2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions? *No*
- 3.) Are there any other activities you would like to see happen at the Police Station?
- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

ADDITIONAL COMMENTS:

The Davis Center, Spencer Adams Park location is totally inappropriate for this building. It is incompatible with the neighborhood where many seniors live. Spencer Adams Park has a long history in S.B., as does the Santa Barbara Lawn Bowls Club that celebrated its 81st anniversary this year. The Davis Center itself is a historic building. Even if it is left in place, ~~the~~ ^{restroom} having the police station ~~there~~ will deter people from going there.

The Spencer Adams park is a small oasis for people to enjoy the grass, flowers, trees, fresh air and mountain views. Measure C, aside from building a new police station, is supposed to support our parks and programs for seniors.

Please- do not build the police station here.

It is much easier to move the farmers market than our activities.

ADDITIONAL COMMENTS: AS Vice-Chair for over 5 years of South Lake Tahoe's Community Plan Team, I am acutely aware of the sensitivities of a community that relies on its Government to make sound decisions based on their - the citizens - interests and needs.

With so many vacant properties including the Armory(?) property at Los Positos and State. The 2 choices presented appear to be poor choices. Lacking community involvement in the process to this point.

Yet, if I had to choose, the Lowry Davis Center is the poorer of the two choices.

- It is in a residential neighborhood.
- Lacks easy access to freeway
- I locked in between two one way streets.
- Is a Hub for Seniors and at risk youth
- It has historical significance
- It will be much harder to find a place that will accommodate all the displaced programs, that is Central and has MTP access

COMENTARIOS: The Cota site has only one group that will be displaced other than the farmers Market; the Ride Share lot.

- Farmers Market:
 - These can be relocated to State Street or the Promenade at the beach - The city is already considering State St permanent closure to Auto Traffic.
- Only two (I believe) coffee shops benefit only one day from Farmers Mkt.
- There is none - to very little demolition to consider
- It is close proximity to ^{lower} State St. as well as the Freeway and other main Arteries of town.
- The farmers mkt has outgrown this location and ~~causes~~ Causes traffic congestion and unsafe jay walking and attract users from "Needle Park"
- Close ~~prox~~ proximity to "Needle Park" is another good reason for a strong Police presence ~~in that~~ in that area

Please remember Who Voted and will pay for this project.
The local Citizens - not the Farmers

Santa Barbara Police Station Project

Date: 13 Nov 2018

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

The Police Department would like to enhance community services at its new Police Station.

- 1.) Would you use a community meeting room if one is provided? *yes*
- 2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions?
- 3.) Are there any other activities you would like to see happen at the Police Station? *yes*

move music videos!

- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

Our police Department Rocks!

ADDITIONAL COMMENTS:

On behalf of our 137 farmer members and 3000-5000 customers that visit Saturday farmer's market, we would like to encourage ~~the City Council~~ to consider the Louise Lowry ~~Police Station~~ *the City Council* DAVIS Center for the police station.

A move for the farmer's market could be devastating for the Farmers market association, which runs 6 farmers markets per week. Can the Lawn bowling be recreated in the same block?

Santa Barbara Police Station Project

Date: 11/13

COMMENT CARD:

Project Manager: Brad Hess, (805) 564-5373

The Police Department would like to enhance community services at its new Police Station.

1.) Would you use a community meeting room if one is provided?

Potentially; unsure if having the room in the station truly fosters community

2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions?

No

3.) Are there any other activities you would like to see happen at the Police Station?

Transparent explanation regarding policing directives and initiatives and impact on the public

4.) In what other ways could the new building better the relationship between the Police Department and community members?

Describe benefits for the public rather than framing needs that public must accommodate.

ADDITIONAL COMMENTS:

As an individual who has lived on the block as the proposed Cota station and currently works in viewing distance of the commuter lot, I am concerned about the impact the station will have on the area as well as the lack of support to uphold the needs of the Santa Barbara Farmer's Market. Please work to find a solution which enables the continued existence of our community farmers' market while addressing the growing needs of law enforcement.

The Police Department would like to enhance community services at its new Police Station.

- 1.) Would you use a community meeting room if one is provided? *maybe*
- 2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions? *maybe*
- 3.) Are there any other activities you would like to see happen at the Police Station?
- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

ADDITIONAL COMMENTS:

Replacing a senior Center, a teen center & a recreational community lawn bowling green is a terrible idea! The historic Louise Lowry Davis Center is a community meeting center, & should be allowed to remain. The Cota st. option is also bad, but at least it is a parking lot with a Mobil farmers market for 5 hours a week, which can easily be re-located, as any parking lot can be used.

ADDITIONAL COMMENTS: The "Cota" farmers market is an essential part of the SB community. To move it would have a significant impact on surrounding businesses in addition to the market itself. After fires/mudslides, the impact on all business here were compromised to the point that fractured our "infrastructure" of commerce. PLEASE DO NOT move the market. The French Press, C'est Cheese & many other businesses, including my own, depend on Saturdays for survival. Thank you.

- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

It would harm the relationship w/ Police + community to take away our Farmer Market Location.

ADDITIONAL COMMENTS:

The ^{saturday} Santa Barbara Farmers Market is the highlight of much of the community's week. This is a space where we gather and meet. Not only is this space important to our citizens, it is a huge draw for tourists. I work at the FM and can attest to this. We are known for this! It is even on TripAdvisor. To take this meeting space away from the community and future tourists is really wrong. This is the ideal location for the market and I urge you to find any other location for your new building. I do not want a meeting space at the Police Department. Not all feel safe meeting at the Police Dept.

ADDITIONAL COMMENTS:

THE SATURDAY FARMERS MARKET IS ONE OF THE BEST THINGS ABOUT SANTA BARBARA. IT IS FULL OF FRIENDS, COMMUNITY, FARMERS AND BEAUTIFUL LOCAL PRODUCE BETTER THAN YOU CAN BUY ANYWHERE ELSE IN TOWN. IT IS A TREASURE THAT HAS BEEN SUFFERING FROM THE DROUGHT, THE FIRES AND THE FLOOD. THERE NEVER USED TO BE EMPTY SPACES, BUT THESE DAYS THERE ARE LOTS OF EMPTY SPACES. WHEN FARMERS STOP COMING, PEOPLE STOP COMING AND WHEN PEOPLE STOP COMING MORE FARMERS STOP COMING AND THE MARKET GOES AT LIFE SUPPORT.

I'M NOT SURE THE FARMERS MARKET CAN SURVIVE/THRIVE & MOVE. PEOPLE DROP OFF WHEN LOCATIONS CHANGE. AND THEN THERE ARE THE BUSINESSES NEARBY. CREST CHEESE DEPENDS ON THE SATURDAY AFTER FARMERS MARKET BUSINESS TO SURVIVE.

PLEASE RECONSIDER USING THE LOT COMMUTER LOT.

THANK YOU

- 3.) Are there any other activities you would like to see happen at the Police Station?
- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

ADDITIONAL COMMENTS:

Thank you for your organization in explaining the choices and process for the new Police Dept. (Station). We are greatly concerned about locating the new station in the largely residential area of the Louise Lowry site. It seems that many, or at least several, viable alternatives exist for the Saturday Farmers' Market, so we support the choice to use the Cota site. In addition, the Farmers' Market management should keep at the opportunity to be involved in a build out of utility and storage facilities at a new site. There are products & services that could be added to the market only after additional utilities and features unique to their needs are installed at a new site.

- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

ADDITIONAL COMMENTS:

I am opposed to the new police station at the SB F MKT location. It is a historic and vital location for the local shoppers to buy their produce. Our customers are peaceful and health oriented which is an ideal complement to supplement our police department. I propose keeping the old police station for downtown crime and build the new one in a big unused site where all the literature can be stored.

ADDITIONAL COMMENTS:

The Cota site is marginal in size. The FEMA flood zone is known to be approximate. Being a block away may not be enough - particularly after several decades of sea level rise. The ground water levels are also a concern.

The Louise Lowrey center is a larger site, farther from flood areas and ground water is lower too. There would be open space around the building.

- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

ADDITIONAL COMMENTS:

I want to preface this by saying that our #1 priority should be public safety. The police dept. should be wherever it can endure the longest & serve us the best.

The Coto site has ground water at 12-13ft. It also is one block from the FEMA flood zone. Without a crystal ball, I would not rely on the FEMA map to assure another 50-100 yrs of safe use at that site. The Louise Lowry center is satisfactory from the perspective of ground water & flooding. Even better is the NE corner of Alameda Park at Isla & Garden. There are 3 blocks of park there & that corner is rarely used. A vote of the people will be positive & polling & educating on the value of public safety.

CIUDAD DE SANTA BÁRBARA

Proyecto de la Nueva Estación de Policía

NOMBRE:		ORGANIZACIÓN/ AFILIACIÓN:
DIRECCIÓN:		CORREO ELECTRÓNICO:
CIUDAD:	ESTADO:	CÓDIGO POSTAL:

El Departamento de Policía quiere mejorar los servicios comunitarios en la nueva estación de policía.

- 1.) ¿Utilizaría una sala comunitaria si se propociana?
- 2.) ¿Utilizaría un espacio seguro designado para realizar transacciones de comercio electrónico? (Craigslist)
- 3.) ¿Hay alguna otra actividad que te gustaría ver en la estación de policía?
- 4.) ¿En que otras maneras podria el nuevo edificio de policía mejorar la relación entre el Departamento de Policía y los miembros de la comunidad?

COMENTARIOS:

P.S. I've been told that the basement is an important area of the police station. It is used for as the location for the shooting range and for holding cells. We don't want to rely on a ~~building~~ ^{site} that has potential for ground water problems as does the Cota site.

November 7, 2018

Dear Reader and Designers:

In the past I have been involved participating in design development and problem solving in many projects but nothing like this.

I find myself at a disadvantage, the reason why you had time (years) and able to sit down with design development and systematic drawings, consultants, professionals and municipality members. We were asked and had maybe two hours to come up with an idea, scheme or perhaps a plan to help resolve the police station issues. I don't agree with your scheme of things or asking the communities input without proper time and preparation. Never the less these are my recommendations and please don't cut short of the ideas, like you said, to the community we would like your input regards to the police station with open mind perspectives.

1) I feel the flood zone in the armory area can and should be revisited and explore the idea. If not building a structure there, someone is going to build there? Possible berms, water control gates, raise the elevation but still have easy and walk in traffic. They build in Holland, New Orleans under conditions like this.

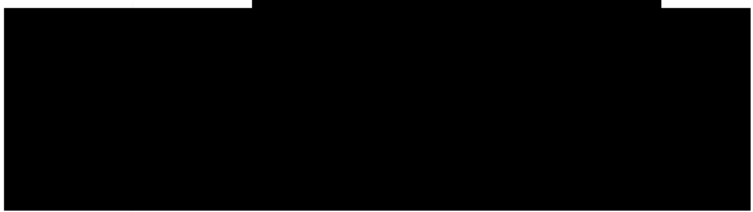

2) Mackenzie Park or this park area, (include the armory adjacent) to build with easy access to freeway local neighborhoods but not close to court buildings and downtown areas. But still a quality and excellent area.

3) I feel strong and confident even under clearing the land—ideal location is the site where the courthouse is being relocated. Close to courthouse, down town, and again easy access to freeway. Now you ask, where is the courthouse going to be located. Yes, even with update seismic design and redesign the office space in the old police station it's possible to use the existing building as the new courthouse. (the old I-Magnum building on State street is now the bankruptcy court building). I have done a cost analysis and find this is a cost effective and maintaining both in the same area.

When you say the county or school district now owns this parcel, that's when you put to work your city and county acquisition departments and negotiate to make it happen. Don't say it can't be done anything is possible if there is a will a strong intention for the future.

I close by saying, most of the people say yes we need a new police station but lets be fair and objective and explore the possibilities in a understanding mode. Thanking all your staff members for their co-operation and support in these ideas and thoughts.

Fond regards,

Project Manager: Brad Hess, (805) 564-5373

The Police Department would like to enhance community services at its new Police Station.

- 1.) Would you use a community meeting room if one is provided? Not at this time
- 2.) Would you use a designated safe space to conduct E-Commerce (Craigslist) transactions? yes
- 3.) Are there any other activities you would like to see happen at the Police Station?

Public Shooting Range.

- 4.) In what other ways could the new building better the relationship between the Police Department and community members?

Make it pretty from the street view. Pretty works in Santa Barbara.

ADDITIONAL COMMENTS:

This open floor concept with work spaces / presentations was very informative. At the entrance Airlind gave me a great introduction & Brad filled in the details. Everyone was very knowledgeable. I leave with a satisfaction that this

process is extremely well thought through and not a red-tape hole to throw away info. Thank you
